

Why God Is A Woman

When God Was a Black Woman Joseph Gibson, Jr. 2019-10-07 A few years ago I read a book by Merlin Stone called *When God Was a Woman*, in which she wrote that "in the beginning, people prayed to the Creatress of Life, the Mistress of Heaven. At the very dawn of religion, God was a woman...the female deity in the Near and Middle East was revered as Goddess-much as people today think of God...the original status of the Goddess was as supreme deity...the Great Goddess was regarded as immortal, changeless, omnipotent; and the concept of fatherhood had not yet been introduced into religious thought." As a critical thinker, I know that sometimes a lie is told when the truth is declared halfway or haphazardly. Stone, who happens to be a White female artist and college professor, never mentioned the racial make-up of the female divinities of the world's earliest civilizations she wrote about. I don't know understand how Stone could write a book about *When God Was a Woman* and then later write a book on *Three Thousand Years of Racism*, which focuses on uncovering evidence of racism imposed by Indo-Europeans after they conquered most of the same regions discussed in *When God Was a Woman*, and fail to connect the probability that the Goddesses she first wrote about were originally depicted as Black women. How can she admit that "historical, mythological and archaeological evidence suggests that it was these northern people who brought with them the concepts of light as good and dark as evil (very possibly the symbolism of their racial attitudes toward the darker people of the southern areas) and of a supreme male deity;" but not admit that the Goddess of these Black people was also Black before they and She were conquered by White people (i.e., Indo-Europeans). Whether this failing was accidental or intentional is irrelevant, yet one could assume that the Goddesses would originally resemble the people who worship them. According to Albert Churchward, "the earliest members of the human race appeared in the interior of the African continent about two million years ago, then from the region of the Great Lakes they spread over the entire continent. Groups of these early men wandered down the Nile Valley, settled in Egypt, and then later dispersed themselves to all parts of the world...As these early Africans wandered over the world, they differentiated into the various human subspecies that now inhabit our planet. The men who remained in the tropical and equatorial regions retained their dark complexions, whereas those that settled in the temperate zones lost a portion of their dusky pigmentation and developed a fairer skin." Provided that the original racial profile of the Nile, Indus, and Tigris-Euphrates River Valley as well as the Aegean civilizations has been clandestinely confirmed as Black/African, then the female divinities worshipped in these civilizations should also logically be Black/African. Accordingly, in the beginning, to revise Stone, God was a Black woman.

Sex, Time, and Power Leonard Shlain 2004-08-03 As in the bestselling *The Alphabet Versus the Goddess*, Leonard Shlain's provocative new book promises to change the way readers view themselves and where they came from. *Sex, Time, and Power* offers a tantalizing answer to an age-old question: Why did big-brained *Homo sapiens* suddenly emerge some 150,000 years ago? The key, according to Shlain, is female sexuality. Drawing on an awesome breadth of research, he shows how, long ago, the narrowness of the newly bipedal human female's pelvis and the increasing size of infants' heads precipitated a crisis for the species. Natural selection allowed for the adaptation of the human female to this environmental stress by reconfiguring her hormonal cycles, entraining them with the periodicity of the moon. The results, however, did much more than ensure our existence; they imbued women with the concept of time, and gave them control over sex—a power that males sought to reclaim. And the possibility of achieving immortality through heirs drove men to construct patriarchal cultures that went on to dominate so much of human history. From the nature of courtship to the evolution of language, Shlain's brilliant and wide-ranging exploration stimulates new thinking about very old matters.

Why God Is a Woman Nin Andrews 2015-05-18 *Why God Is a Woman* is a collection of poems written about a magical island where women rule and men are the second sex. It is also the story of a boy who, exiled from the island because he could not abide by its sexist laws, looks back with both nostalgia and bitterness and wonders: Why does God have to be a woman? Celebrated prose poet Nin Andrews creates a world both fantastic and familiar where all the myths, logic, and institutions support the dominance of women. Nin Andrews's books include *The Book of Orgasms* and *Sleeping with Houdini*.

Those interested in careful discussion rather than caustic debate will discover that God's design is not confining or discriminatory but beautiful, wise, liberating, and good.

Becoming a Woman Who Listens to God Sharon Jaynes 2012-02-01 Women are busy. Whether their energy is expended at home or at the office, women find themselves overwhelmed with the to-do lists in their life, and they long for time away from it all so they can really hear God's still small voice. "But when I pored over the pages of Scripture," says author Sharon Jaynes, "I discovered that some of God's most memorable messages were not delivered while men and women were away on a spiritual retreat, but right in the middle of everyday life. He spoke to Gideon while he was threshing wheat and to shepherds while they were watching their flocks by night." Using biblical wisdom and practical insights from her own life, Sharon invites readers to explore answers to the heart cry, "How can I hear the voice of God?" Includes helpful study guide.

A Woman Called God Peter Wilkes 2014-05-20 In spite of its appearance, this is not a children's book. Proceeds from the sale of *A Woman Called God* will go to the Breast Cancer Research Foundation in New York. So, why couldn't God be a woman? Really, why not? In this adorably playful, yet poignant and timely book, *A Woman Called God* asks all of us - women and men alike - to consider how the world would and could look if our universal perception of The Creator were not male but female: a mother-figure of unconditional love. The result of a seventy-year personal journey by the author, and inspired initially by his mother and first wife, *A Woman Called God* revolutionizes the traditional thinking of organized religion and makes possible a new and inviting path for every woman and man on the planet. In its short 545 words you may discover a new way of thinking. In its simple 27 hand-drawn stick-figures you could find a new dialogue. And in its compact 45 pages you might even uncover answers that will take you in a new and welcome direction... both for yourself and the world.

Armed with her forthrighteousness and sheer belief in her 'power' of being a woman, Safia walks on, championing the cause of women empowerment. But does she manage to bring about that much-awaited change or falls a victim to the repressive dogmas of the society? Can she help the Muslim women to step forward, wrench their tightly closed fingers open and set out to build a world to suit their destiny? Can women become the God that they were always meant to be? God is a Woman Rafael E. López Corvo 1997 Masculinity becomes exalted and femininity devalued, and women become progressively masculinized. In his bold analysis, Lopez-Corvo suggests that the answer is not to give up the struggle, but to stop the fight. Women should search inside, within the mystery of their own femininity, for their own identity, and find the place where God could be a woman.

A Woman God Can Use Frieda C. White 2017-07-18 God doesn't love men more than women. Why then have women been excluded from church leadership for so long? History is replete from biblical days through the centuries with godly women who impacted society. The cameos of these women had godly character traits that set them apart. In 1978, author Frieda C. White published *A Woman Called to Preach*, which has seen great success in the years since. Now, she has transformed her opus into *A Woman God Can Use*, a detailed exploration of the relationship between women and God. Here are just a few of the questions explored in this expanded and updated book: Are women held in higher esteem in the Old Testament than in the New Testament? Does the Bible teach that women are a necessary and valuable part of the ministry? Is the whole body of Christ (both male and female) needed for the saints to be perfected and edified? In addition to asking tough questions about the role of women in theology and the church, White discusses women who have been anointed by God throughout the ages—women like Joan of Arc, Harriet Tubman, and Mother Teresa. The historical and biblical evidence is clear: God wants women to provide guidance at the same level as men.

This book breathes fresh air into our womanhood, reminding us what life in Christ—as a woman—looks like. Revelations of Divine Love Julian of Norwich 2014-03-11 *The Revelations of Divine Love* (which also bears the title *A Revelation of Love* — in Sixteen Shewings above the first chapter) is a book of Christian mystical devotions written by Julian of Norwich. It is believed to be the first published book in the English language to be written by a woman. At the age of thirty, May 13, 1373, Julian was struck with a serious illness. As she prayed and prepared for death, she received a series of sixteen visions on the Passion of Christ and the Virgin Mary. Saved from the brink of death, Julian of Norwich dedicated her life to solitary prayer and the contemplation of the visions she had received. She wrote a short account of her visions probably soon after the event. About twenty or thirty years after her illness, near the end of the fourteenth century, she wrote down her visions and her understanding of them. Whereas Latin was the language of religion in her day, Julian of Norwich wrote in a straightforward Middle English, perhaps because she had no other medium in which to express herself (she describes herself as a simple creature unlettered, Rev. chap. 2).

God Is a Black Woman Christena Cleveland 2022-02-08 In this timely, much-needed book, theologian, social psychologist, and activist Christena Cleveland recounts her personal journey to dismantle the cultural "whitemalegod" and uncover the Sacred Black Feminine, introducing a Black Female God who imbues us with hope, healing, and liberating presence. For years, Christena Cleveland spoke about racial reconciliation to congregations, justice organizations, and colleges. But she increasingly felt she could no longer trust in the God she'd been implicitly taught to worship—a white male God who preferentially empowered white men despite his claim to love all people. A God who clearly did not relate to, advocate for, or affirm a Black woman like Christena. Her crisis of faith sent her on an intellectual and spiritual journey through history and across France, on a 400-mile walking pilgrimage to the ancient shrines of Black Madonnas to find healing in the Sacred Black Feminine. *God Is a Black Woman* is the chronicle of her liberating transformation and a critique of a society shaped by white patriarchal Christianity and culture. Christena reveals how America's collective idea of God as a white man has perpetuated hurt, hopelessness, and racial and gender oppression. Integrating her powerful personal story, womanist ideology, as well as theological, historical, and social science research, she invites us to take seriously the truth that God is not white nor male and gives us a new and hopeful path for connecting with the divine and honoring the sacredness of all Black people.

Mother God Sylvia Browne 2009-11 Sylvia Browne, in her own inimitable style, again defies convention in this uniquely informative compilation of diligently researched facts and personal accounts about the premise of a female divinity - namely, the Mother God (also known as the feminine principle). Spanning time, from the earliest beginnings of humankind when "Goddess worship" was at its peak, to the current era with its myriad beliefs and religions, Sylvia takes us on a journey of discovery, where she discusses the suppression of the "Mother Goddess" by the male-dominated politics of modern-day religious dogma. Using a combination of historical data and poignant and heartwarming stories that reveal the power and miracles attributed to the Mother God, Sylvia leads us from the question of "Does She exist?" to the logical, fact-based conclusion that She does ... and then shows us how to call on Her to help us in our everyday lives.

God is Looking for A Woman Betty Spells 2014-01-08 This book was written to remind some and to make others aware that we belong to God, and it is God's right to orchestrate our lives. Men and women were created by God. Since God is the creator, He is the only one that knows what He created us to do and to be. Man should not dictate over others by telling them what they should do; unless, their words are coming directly from God. No one should allow man to manipulate them into following wrong teachings and doings. That is what the serpent did to Adam and Eve. All of God's creation is important to Him, and all was created with a specific purpose designed by God. Although, this book focuses on women, it is written to everyone. The goal of this book is to help everyone see that God has something for them to do, and chances are they will not be fulfilled or happy until they are doing what God created them to do. Women especially are being pushed back, criticized,

ignored, silenced, and abused in today's churches. The majority of Christian women are being emotionally abused by their husbands over church people and church matters. Christian women and their children are suffering due to man's ignorance. This book is written to encourage women that they are somebody; that they matter to God; and that they have callings given to them directly from God. This book's goal is to show women that just by being a woman there are certain things that only they can do and certain ministries that only they can fulfill. The ministry of motherhood is exclusive to a woman. Not only is motherhood exclusive, but what God tells a woman to do specifically is exclusive to her also. No one else should do what God created a particular person to do. The impact is not the same.
