Cognitive Foundations of Calculated Speech - Robert E. Sanders
 1987-01-01

In Cognitive Foundations of Calculated Speech, Robert E. Sanders shows that whether one communicates to get a response or to make one, the cognitive problem is the same--to calculate whether intended speech and behavior will have a desirable effect on the progress of the unfolding discourse or dialogue. The book details the knowledge base and principles for making such calculations.

Mavis - Kris Safarova 2020-10-22

In Mavis's dystopian world, starvation, sacrifice and poverty haunt a country trying to recover from The Great Patriotic War. Protected by a peacekeeping force, the nation struggles to coax profits out of a sprawling industrial complex to pay wartime reparations. In this world, the future of every citizen is decided on their sixteenth birthday during a single exam, The Selection. They either join Defense, Productivity or Leadership. Mavis is assigned to a chemical plant to solve a productivity paradox and struggles with her colleagues as they race to meet the reparations deadline. Thrown into her new role, with little support, Mavis assembles a team and tries to understand why productivity is dropping.

Mavis must figure out who her friends are, and how does Truman, a soldier who seems interested in her, fit into her life. Yet Mavis is burdened by having to leave her ill little sister behind. As Mavis investigates the problem, she discovers a conspiracy that threatens the nation just as unexplained sightings spike in the surrounding forest. This young adult (YA) dystopian novel combines the teaching of science, critical thinking and problem-solving skills with wrenching decisions, betrayal, heartbreak, love and the bond between two sisters that will change the future of mankind. Q&A with Author Kris Safarova Q: Why did you write this book? Safarova: I write what I know and what I wish people had written for me when I was starting out in life. The way strategy consultants solve problems is very different. Yet, this skill is not widely taught. Imagine if we taught these skills to everyone and at an earlier age? I know more people will find these topics interesting and learn these skills if I could find a way to weave them into an engaging story. Q: What do you hope the books achieve? Safarova: I want to get more people interested in business and teach them to solve problems in a better way. Readers who don't have an interest in critical thinking, problem solving, and business may realize they learned a lot, and also enjoyed the journey. And readers who are intentionally building these skills will find this series helped them become better at solving problems. Q: What inspired the story? Safarova: I lived in the former USSR and I adapted events from my own life. When I was 3 my parents were evicted on a less than 12 hours notice, in the middle of Russian winter. I remember lifting my legs high enough to make each step because the snow was so deep that night, as we tried to find a place to stay. That is the first memory I have of physically suffering. Mavis's cappuccino scene

is based on my own experience. I was 21 when I first tasted cappuccino and I was blown away by how tasty it was. At the time I barely had money to pay rent, so I was skipping lunch and dinner on most days. Leaving my 12-year old sister in Russia was one of the hardest things I ever had to do. Yet, it was the right thing because I am now fortunately able to help my family. My little sister and I now work together and I could not be prouder of her. The bond between Mavis and Corolla is autobiographical. Q: Was the strong female characters and themes of class segregation and climate change intentional? Safarova: I wrote what I knew, and it was easier to channel my emotions and ideas through the eyes of a sixteen-year-old girl because I had been one. Strip away the dystopian elements and everything in the story is happening today. Q: What's next for Mavis? Safarova: The story of Mavis and her sister, Corolla, will continue. I am working on a prequel to explain the events that led to The Great Patriotic War. Societies change slowly and we reach a tipping point. I want to explore that while retaining the books' focus on teaching critical thinking and problem-solving skills in an entertaining way.

It Takes a Matriarch - Stephen W. Reiss 2009-04-16

It Takes A Matriarch is the second of four books about the extended Reiss and Basler families who settled on a small farm in St. Clair County, Illinois in 1834 and 1839, respectively. It includes 780 letters saved by first generation Margaret Basler Reiss Ebert from 1852 to 1888. Some letters were phonetic English but most had to be translated from old German. Authors were Margarets siblings, their spouses, her children, their spouses, her grandchildren, and two friends. They mention serving in the Civil War, personal challenges, life in St. Louis and Sacramento and Davenport, and the lost family fortune. One author was friends with John Wilkes Booth who shot President Lincoln. Quilter, Granger, Grandma, Matriarch was the first of these four books. It is the daily diary of third generation Katie Reiss covering 1949 through 1953. It was published first to give the reader a feel for life on the Reiss Family Farm in the German heritage of southern Illinois. Katie and husband George Reiss doubled the original Reiss/Basler farm to its current 360 acres. Relatives gather for a reunion in June 2009 to celebrate 175 years of the ongoing existence of the Reiss Family Farm. The Reiss Dairy will be the third book. It is a history of the Reiss Dairy in Sikeston, Missouri which was founded in 1935 by third generation John Reiss. It is famous for milk bottles featuring poems created by Sikeston citizens to promote Reiss Dairy products. The best of these bottles sell on eBay for over \$200. Family, Farming, and Freedom will be the fourth book. It is 55 years of professional and personal writings by fourth generation Irv Reiss from 1949 to 2004. His favorite subjects were family fun and travel, restoring strip mined coal lands to productive farming, and promoting individual freedoms and responsibilities. He was my dad.

Khul-Khaal - Nayra Atiya 1982-08-01

"Our people prefer boys, because a girl's life is difficult. It's difficult in every sore of family and among all nationalities. A girl's life is not like a man's life. She has no assurance of being happy in her marriage. And her main purpose in life is to marry and to have children. A girl's and a woman's lives are a trial whatever happens. I don't know why."—Om Gad Their stories are fresh and vivid, recording the various roles of being co-wife in a polygamous marriage, the complications of divorce, the rituals of female circumcision and marriage, the loss of children, life-long hate and its source, the position of witchcraft and superstition in their daily lives, primitive health practices, and managing a family's meager resources, including the gold or silver khul-khaal anklets worn by married women. These self-portraits are fascinating reading and a mine of information for anyone interested in understanding contemporary Egyptian life. A foreword by anthropologist Andrea Rugh and photographs by Asma el-Bakry are included.

How to Ruin Your Sister's Life - Mary McHugh 2009-01-01

Sisters love each other, hate each other, torment each other-and still manage to stick up for each other. Author Mary McHugh explores the unique relationship sisters share and provides plenty of ways to drive a beloved sister mad in *How to Ruin Your Sister's Life*. Sisters have made tormenting each other a virtual art form, despite their familial love. Their emotional and mental tricks can make the physical torture brothers inflict on one another seem like child's play. Finally girls and women have somewhere to turn when they run out of ideas for making their sisters miserable: *How to Ruin Your Sister's Life*. Author Mary McHugh's hilarious, sometimes outrageous suggestions provide all the guidance these girls need, whether they're 16 or 60. A few examples: * Marry her boyfriend. * Throw away the heads of all her Barbie dolls. * Sob loudly throughout her wedding. * Tell your 13-year-old sister's boyfriend that she still sucks her thumb. * Cut up her Christmas stocking and flush it down the toilet. * Take a picture of your 55-year-old sister nude, brushing her teeth. Of course, the best defense is to buy this book before your sister does!
