

Book Of Gomorrah An Eleventh Century Treatise Against Clerical Homosexual Practices

Saint Peter Damian, "Gomorrah", and Today's Moral Crisis - Catholic World Report
Corrupt Homosexual Mafia - Church Militant

Anti-Semitism - F. Schweitzer 2005-11-03

In this provocative book, Marvin Perry and Frederick M. Schweitzer analyze the lies, misperceptions, and myths about Jews and Judaism that anti-semites have propagated throughout the centuries. Beginning with antiquity, and continuing into the present day, the authors explore the irrational fabrications that have led to numerous acts of violence and hatred against Jews. The book examines ancient and medieval myths central to the history of anti-semitism: Jews as 'Christ-killers', instruments of Satan, and ritual murderers of Christian children. It also explores the scapegoating of Jews in the modern world as conspirators bent on world domination; extortionists who manufactured the Holocaust as a hoax designed to gain reparation payments from Germany; and the leaders of the slave trade that put Africa in chains. No other book has focused its attention exclusively on a thematic discussion of historic and contemporary anti-semitic myths, covering such an expansive scope of time, and allowing for such a painstaking level of exemplification. Anti-semitism is an essential book that will serve as a corrective to bigotry, stereotype, and historical distortion.

Homosexuality in Art - James Smalls 2015-09-15

This book is not a panegyric of homosexuality. It is a scientific study led by Professor James Smalls who teaches art history in the prestigious University of Maryland, Baltimore. Abandoning all classical clichés and sociological approaches, the author highlights the sensibility particular to homosexuals. This book examines the process of creation and allows one to comprehend the contribution of homosexuality to the evolution of

emotional perception. In a time when all barriers have been overcome, this analysis offers a new understanding of our civilisation's masterpieces.

Fads and Fallacies in the Name of Science - Martin Gardner
2012-05-04

Fair, witty appraisal of cranks, quacks, and quackeries of science and pseudoscience: hollow earth, Velikovsky, orgone energy, Dianetics, flying saucers, Bridey Murphy, food and medical fads, and much more.

Sexuality in Medieval Europe - Ruth Mazo Karras 2012-03-12

'The best short introduction to medieval sexuality that I have read: a remarkable book.' - Vern Bullough, Reviews in History 'Undergraduate and graduate students will find in Karras' book an extremely helpful guide to what can be a confusing and perplexing body of scholarship. Even established scholars are likely to find it enlightening as well as enjoyable.' - James Brundage, Journal of Ecclesiastical History 'An impressively synthetic and highly readable survey of current scholarship on medieval sexuality that will be of considerable use in undergraduate and postgraduate teaching.' - Emma Campbell, Signs Sexuality in medieval Europe has become a vital scholarly field that is now recognized as central to the study of the Middle Ages. Using a wide collection of evidence from the late Antique period up until the fifteenth century, this new edition of the standard overview on the topic demonstrates that medieval culture developed sexual identities that were quite different from the identities we think of today, yet that were still in some ways ancestral to our own. Challenging the way the Middle Ages

have been treated in general histories of sexuality, Ruth Mazo Karras shows how views at the time were conflicted and complicated; there was no single medieval attitude towards sexuality any more than there is one modern attitude. The well-known lusty priest and the 'repressed' penitent have their roles to play, but set here in a wider context these figures take on fascinating new dimensions. Focusing on acceptable marital sexual activity as well as what was seen as transgressive, the chapters cover such topics as chastity, the role of the church, and non-reproductive activity. Combining an overview of research on the topic with original interpretations, now updated with the latest scholarship and additional material from medieval Christian Europe, Jewish medieval culture and the Islamic world, *Sexuality in Medieval Europe* is essential reading for all those who study medieval history and culture, or who have an interest in the way sexuality and sexual identity have been viewed in the past.

Cartographies of Desire - Gregory M. Pflugfelder 2007-03-19

"A remarkable and sorely needed synthesis of the best of traditional historiographical documentation and critically astute analysis and contextualization. *Cartographies* complements and, frankly, exceeds any of the English language monographs on similar topics that precede it, and it represents significant contributions to several fields outside of East Asian history, including literature, gender studies, lesbian and gay studies, and cultural studies."—Earl Jackson Jr., author of *Strategies of Deviance: Studies in Gay male Representation and Fantastic Living: The Speculative Autobiographies of Samuel R. Delany*

St. Peter Damian - Owen J. Blum 2012-11-30

The reprint you hold is, to our knowledge, one of only two book-length studies in the English language on St. Peter Damian. The other is *The Theology of Peter Damian*, by Prof. Emer. Patricia Ranft (Catholic University of America Press, 2012). Rev. Owen J. Blum, O.F.M. (1912-1998), a native of Indianapolis, Indiana, was orphaned at age 7 by an influenza epidemic. Under the sponsorship of a Franciscan priest, he completed seminary studies, was ordained, and then joined the Quincy, Illinois Franciscans. Father Blum's career as a historical scholar began at

C.U.A. in 1941. It was thanks to Father Aloysius Ziegler that he became interested in St. Peter Damian and published the present work, his doctoral dissertation, in 1947. Apart from several years as a coeditor of the *New Catholic Encyclopedia*, Father Blum kept St. Peter Damian the object of his endeavors. He collaborated with Prof. Kurt Reindel on the latter's German critical edition of *Damian's Letters*. His own English edition of the *Letters*, published volume by volume by the C.U.A. Press and completed after his death, stands as a monument to his scholarship. *Book of Gomorrah* - Peter Damian 1982-10-22

Forbidden Friendships - Michael Rocke 1998-03-05

"This is a superb work of scholarship, impossible to overpraise.... It marks a milestone in the 20-year rise of gay and lesbian studies."--Martin Duberman, *The Advocate* The men of Renaissance Florence were so renowned for sodomy that "Florenzer" in German meant "sodomite." In the late fifteenth century, as many as one in two Florentine men had come to the attention of the authorities for sodomy by the time they were thirty. In 1432 The Office of the Night was created specifically to police sodomy in Florence. Indeed, nearly all Florentine males probably had some kind of same-sex experience as a part of their "normal" sexual life. Seventy years of denunciations, interrogations, and sentencings left an extraordinarily detailed record, which author Michael Rocke has used in his vivid depiction of this vibrant sexual culture in a world where these same-sex acts were not the deviant transgressions of a small minority, but an integral part of a normal masculine identity. Rocke roots this sexual activity in the broader context of Renaissance Florence, with its social networks of families, juvenile gangs, neighbors, patronage, workshops, and confraternities, and its busy political life from the early years of the Republic through the period of Lorenzo de' Medici, Savonarola, and the beginning of Medici princely rule. His richly detailed book paints a fascinating picture of Renaissance Florence and calls into question our modern conceptions of gender and sexual identity.

The Rite of Sodomy - Randy Engel 2011

Seeing Sodomy in the Middle Ages - Robert Mills 2015-02-27

Challenging the view that ideas about sexual and gender dissidence were too confused to congeal into a coherent form in the Middle Ages, the author demonstrates that sodomy had a rich, multimedia presence in the period - and that a flexible approach to questions of terminology sheds new light on the many forms this presence took.

Letter to a Suffering Church - Robert Barron 2019-05-31

The Book of Gomorrah and St. Peter Damian's Struggle Against Ecclesiastical Corruption - Saint Peter Damian 2015

The most accurate and faithful English translation ever produced of St. Peter Damian's Book of Gomorrah, an impassioned denunciation of the vice of sodomy among clerics. The work carries a foreword by Cardinal Juan Sandoval Iñiguez, endorsements by eminent scholars, and an account of Damian's struggle against corruption in the Catholic Church. It also includes a preface addressing and resolving certain historical controversies about the text.

The Construction of Homosexuality - David F. Greenberg 2008-10-29
"At various times, homosexuality has been considered the noblest of loves, a horrible sin, a psychological condition or grounds for torture and execution. David F. Greenberg's careful, encyclopedic and important new book argues that homosexuality is only deviant because society has constructed, or defined, it as deviant. The book takes us over vast terrains of example and detail in the history of homosexuality."—Nicholas B. Dirks, New York Times Book Review

Gender and Sexuality in the Middle Ages - Martha A. Brozyna 2005-03-21
Perceptions about gender and sexuality have shaped the lives of men and women in every known culture and in every period of history. To study these perceptions one must delve into the underlying religious, social, philosophical and scientific influences. Understanding gender and sexuality during the Middle Ages requires an examination of the ideas, laws and institutions of the time—for example, the regulations of the Christian church, the anatomical studies of the medieval medical community, the chronicles of the time and the social criticism found in

medieval literature. This reader brings such documents from throughout the medieval world into one collection. Representing a diverse range of ethnic, geographic and religious backgrounds, documents of the late Roman, Germanic, Anglo-Norman, Mediterranean, Byzantine, Slavic, Jewish and Islamic identities are all included. The book's chapters are organized according to nine areas--the Bible; Christian thought; chronicles; law; biology, medicine and science; literature; witchcraft and heresy; Judaism; and Islam--allowing for comparative examination of different societies and periods of the Middle Ages.

Boys at Sea - B. Burg 2007-07-12

Boys at Sea is a study of homoerotic life in the Royal Navy during the age of sail. The book traces every feature of sexual life at sea, including seduction, rape, prostitution, courts martial, and the punishments meted out to those convicted of violating the stern moral code set down in the Articles of War .

Child Sexual Abuse and the Catholic Church - Marie Keenan 2013-07-18

A meticulously researched inside look at child sexual abuse by clergy, this exhaustive, hard-hitting analysis weaves together interviews with abusive priests and church historical and administrative details to propose a new way of thinking about clerical sexual offenders. Linking the personal and the institutional, researcher and therapist Marie Keenan locates the problem of child sexual abuse not exclusively in individual pathology, but also within larger systemic factors, such as the very institution of priesthood itself, the Catholic take on sexuality, clerical culture, power relations, governance structures of the Catholic Church, the process of formation for priesthood and religious life, and the complex manner in which these factors coalesce to create serious institutional risks for boundary violations, including child sexual abuse. Keenan draws on the priests' own words not to excuse their horrific crimes, but to offer the first in-depth account of a tragic, multi-faceted phenomenon. What emerges is a troubling portrait of a Church in crisis and a series of recommendations that call for nothing less than a new ecclesiology and a new, more critical theology. Only through radical

institutional reform, Keenan argues, can a more representative and accountable Church emerge. Child Sexual Abuse and the Catholic Church is a unique reference for scholars of the Church and therapists who work with both victims and offenders, as well as a forward-thinking blueprint for reform.

Empire of Magic - Geraldine Heng 2003

Drawing upon feminist and gender theory, as well as cultural analyses of race, class and colonialism, this book revises our understanding of the literary genre of medieval romance. It argues that the romance genre arose in the 12th century as a cultural response to the trauma of war.

Combatting Homophobia - Michael Groneberg 2011

Discrimination based on sexual orientation and gender identity concerns everybody, but it is foremost lesbian and gay persons who have to deal with it, especially when confronting the discovery of their homosexuality as a child or adolescent. In this book, education practitioners working with youth and researchers - from social, political, and educational sciences, as well as theology and philosophy - raise awareness of the wide spectrum of homophobia and offer solutions to the suffering it engenders in youths. The book will be helpful for parents, teachers, and others who are responsible for youth and education. It reviews concrete knowledge, combines it with scientific approaches, and identifies the need for further research. (Series: Gender-Diskussion - Vol. 13)

Book of Gomorrah - Peter Damian 2010-10-30

Some of the roots of the characteristic negative attitude to homosexuality can be found in Peter Damian's appeal to Pope Leo IX. Though written 900 years ago by an Italian monk in a remote corner of Italy, The Book of Gomorrah is relevant to contemporary discussion of homosexuality. The Book of Gomorrah asks the Pope to take steps to halt the spread of homosexual practices among the clergy. The first part outlines the various forms of homosexual practice, the specific abuses, and the inadequacy of traditional penitential penances, and demands that

offenders be removed from their ecclesiastical positions. The second part is an impassioned plea to the offenders to repent of their ways, accept due penance, and cease from homosexual activity. Payer's is the first translation of the full tract into any language from the original Latin. In his introduction to the tract Payer places The Book of Gomorrah in its context as the first major systematic treatise in the medieval West against various homosexual acts, provides a critique of Peter Damian's arguments, and outlines his life. The annotated translation is followed by a translation of the letter of Pope Leo IX in reply to Damian's Treatise, an extensive bibliography, and indexes. The book will be of interest to students of medieval history and religion, to ethicists and students of social mores, and to persons generally concerned with the historical roots of present-day attitudes to homosexuality.

Medieval Sexuality - April Harper 2010-04-26

Medieval Sexuality: A Casebook is a fascinating collection featuring both new and established experts in the field. The volume includes 11 original essays by Ross Balzaretti, Philip Crispin, Dominic Janes, Hugh Kennedy, A. Lynn Martin, Kim M. Phillips, Samantha J. E. Riches, Joyce E. Salisbury, David Santiuste, and the volume editors, April Harper and Caroline Proctor. The authors explore a variety of sources, contributing work on a diverse range of topics including: sources for sexuality in Late Lombard Italy; the problematic reception of early medieval penitentials by modern readers; sexuality as experienced by the desert fathers and mothers; connections between saints, monsters, and sexuality in medieval art and hagiography; the relationship between food, seduction, and adultery in the fabliaux; sex, alcohol, and the late medieval stereotype of the unruly woman; sex as a medical and moral concern in medieval regimens of health; ideas of sexuality in political discourse; sex and scandal in festive drama; debates on sexual orientation in Arabic court literature; and pre-colonial descriptions of sexuality in the Far East. The volume concludes with a useful selection of further reading.
