Modern Romance - Aziz Ansari 2015-06-16

The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

Living A Wonderful Life - Dr. Dawn Buckmire 2022-11-03

Living a wonderful life was written after observing my two teenage sons struggle as they journey towards adulthood. It was concerning that my children did not have the tools to deal with peer pressure or to manage problems in their lives effectively. Thankfully, after praying earnestly and seeking God's guidance I was inspired to share some words of wisdom that helped my children and others to live a wonderful and fulfilling life. The goal for writing and sharing this book is to provide spiritual guidance and inspiration based on the needs of the reader. This book has

been shared with families who were experiencing struggles raising their teenagers with positive outcomes. In addition, my children both reported that they were better equipped to deal with problems that occurred in their lives after reading this book. Hopefully, the words written in this book will impact the lives of the readers positively by helping them to live a wonderful life.

Beauty and Body Dysmorphic Disorder - Neelam A. Vashi 2015-09-03
Over the decades, research has demonstrated that in categories of life deemed to be important, beautiful people achieve more desirable outcomes, are judged more favorably, and receive preferential treatment. An understanding of the historical aspects, science, and implications of what the human mind finds aesthetically pleasing is quintessential for dermatologists, plastic surgeons, and others who practice aesthetic medicine as the importance of beauty in today's society is what brings patients into clinics. While an element of dissatisfaction with one's appearance is commonplace, clinicians should remain vigilant for individuals who seek cosmetic procedures to quell excessive body image concerns that are out of proportion to objective physical findings. Body dysmorphic disorder (BDD) is a disorder of self-perception; it is the impairing preoccupation with a nonexistent or minimal flaw in appearance. According to recent statistics, BDD occurs in 0.7-2.4% of the general population; however, multiple studies have suggested an incidence of 6-16% in patients seeking aesthetic medical treatments. Moreover, a vast majority will at some point seek dermatologic treatment and cosmetic surgery. Such patients are unlikely to be satisfied with corrective procedures, and only 15% of dermatologists surveyed thought that they could successfully treat BDD. Therefore, *Beauty and Body Dysmorphic Disorder* aims to assist dermatologists, plastic surgeons, and other aesthetic providers in recognizing key characteristics as well as providing treatment strategies to help in caring for those with BDD.
