

Encyclopedia Of Prostitution And Sex Work 2 Volumes Set

Prostitution and Sex Work - Melissa Hope Ditmore 2010-12-16

A fascinating overview of prostitution and sex work in the United States, from the Colonial era to today, examines the issue as it affects men, women, and transgender individuals of all races and classes. *Prostitution and Sex Work* is the first book since 1921 to offer a historic overview of this controversial topic—and what our views on it say about American society. Exploring key people, places, and events, the guide includes descriptions of the myriad variations of the sale of sex and of the venues where prostitution occurs, as well as recurring themes such as panics about sexually transmitted diseases and the ever-present issue of violence in the sex trade. After reviewing the history of prostitution and sex work over the past 400 years, the book offers detailed information about the legal context of prostitution in America during the last century. It focuses particularly on the period since prostitution was criminalized during a panic over "white slavery" in the early 20th century, drawing parallels with current "sex trafficking" topics. An appendix of materials produced by sex workers is especially informative for those wishing to truly understand both sides of the issue.

Encyclopedia of Sex and Sexuality [2 volumes] - Heather L. Armstrong 2021-03-01

Providing a comprehensive framework for the broad subject of human sexuality, this two-volume set offers a context of historical development, scientific discovery, and sociopolitical and sociocultural movements. The broad topic of sex—encompassing subjects as varied as sexuality, sexual and gender identity, abortion, and such crimes as sexual assault—is one of the most controversial in American society today. This two-volume encyclopedic set provides readers with more than 450 entries on the subject, offering a comprehensive overview of major sexuality issues in American and global culture. Themes that run throughout the volumes include sexual health and reproduction, sexual identity and orientation, sexual behaviors and expression, the history of sex and sexology, and sex and society. Entries cover a breadth of subjects, such as the major contributors to the field of sexology; the biological, psychological, and cultural dimensions of sex and sexuality; and how the modern-day political climate and the government play a major role in determining attitudes and beliefs about sex. Written in clear, jargon-free language, this set is ideal for students as well as general readers.

The Encyclopedia of Research Methods in Criminology and Criminal Justice, 2 Volume Set - J. C. Barnes 2021-09-08

The Encyclopedia of RESEARCH METHODS IN CRIMINOLOGY & CRIMINAL JUSTICE The most comprehensive reference work on research designs and methods in criminology and criminal justice This Encyclopedia of Research Methods in Criminology and Criminal Justice offers a comprehensive survey of research methodologies and statistical techniques that are popular in criminology and criminal justice systems across the globe. With contributions from leading scholars and practitioners in the field, it offers a clear insight into the techniques that are currently in use to answer the pressing questions in criminology and criminal justice. The Encyclopedia contains essential information from a diverse pool of authors about research designs grounded in both qualitative and quantitative approaches. It includes information on popular datasets and leading resources of government statistics. In addition, the contributors cover a wide range of topics such as: the most current research on the link between guns and crime, rational choice theory, and the use of technology like geospatial mapping as a crime reduction tool. This invaluable reference work: Offers a comprehensive survey of international research designs, methods, and statistical techniques Includes contributions from leading figures in the field Contains data on criminology and criminal justice from Cambridge to Chicago Presents information on capital punishment, domestic violence, crime science, and much more Helps us to better understand, explain, and prevent crime Written for undergraduate students, graduate students, and researchers, The Encyclopedia of Research Methods in Criminology and Criminal Justice is the first reference work of its kind to offer a comprehensive review of this important topic.

Encyclopedia of Police Science - Jack Raymond Greene 2006-10-23

In 1996, Garland published the second edition of the *Encyclopedia of Police Science*, edited by the late William G. Bailey. The work covered all the major sectors of policing in the US. Since then much research has

been done on policing issues, and there have been significant changes in techniques and in the American police system. Technological advances have refined and generated methods of investigation. Political events, such as the terrorist attacks of September 11, 2001 in the United States, have created new policing needs while affecting public opinion about law enforcement. These developments appear in the third, expanded edition of the *Encyclopedia of Police Science*. 380 entries examine the theoretical and practical aspects of law enforcement, discussing past and present practices. The added coverage makes the *Encyclopedia* more comprehensive with a greater focus on today's policing issues. Also added are themes such as accountability, the culture of police, and the legal framework that affects police decision. New topics discuss recent issues, such as Internet and crime, international terrorism, airport safety, or racial profiling. Entries are contributed by scholars as well as experts working in police departments, crime labs, and various fields of policing.

The Oxford Encyclopedia of Women in World History: 4 Volume Set - Bonnie G. Smith 2008-01-23

The *Encyclopedia of Women in World History* captures the experiences of women throughout world history in a comprehensive, 4-volume work. Although there has been extensive research on women in history by region, no text or reference work has comprehensively covered the role women have played throughout world history. The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe. Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region. They have found and demonstrated that there is virtually no historical, social, or demographic change in which women have not been involved and by which their lives have not been affected. The *Oxford Encyclopedia of Women in World History* benefits greatly from these efforts and experiences, and illuminates how women worldwide have influenced and been influenced by these historical, social, and demographic changes. The *Encyclopedia* contains over 1,250 signed articles arranged in an A-Z format for ease of use. The entries cover six main areas: biographies; geography and history; comparative culture and society, including adoption, abortion, performing arts; organizations and movements, such as the Egyptian Uprising, and the Paris Commune; women's and gender studies; and topics in world history that include slave trade, globalization, and disease. With its rich and insightful entries by leading scholars and experts, this reference work is sure to be a valued, go-to resource for scholars, college and high school students, and general readers alike.

Dictionary of Artists' Models - Jill Berk Jiminez 2013-10-15

First Published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

Encyclopedia of Microbiology, Four-Volume Set - Martin Alexander 2000-02-10

The First Edition of the *Encyclopedia of Microbiology* was hailed by leading scientists and researchers around the world as "excellent," "outstanding," and "impressive." This Second Edition will serve as an up-to-date version of this reference which has been useful to academic, industrial, and personal libraries for years. The *Encyclopedia of Microbiology, Second Edition* both challenges and stimulates the reader, and illustrates the importance of microbiology, a field that cannot be over emphasized in this booming biotechnology age. Key Features * Completely redesigned and revised approach with 65% new material * Contains approximately 300 articles, 1000 illustrations, and 400 tables * New design includes thematic table of contents, combined glossary of terms, and appendix * Provides color plate sections in each volume * 17 subject areas, including exciting coverage of microbes in extreme environments and microbes in emerging infections

The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945, Volume IV - Geoffrey P. Megargee 2022-04-26

The United States Holocaust Memorial Museum *Encyclopedia of Camps and Ghettos, 1933-1945, Volume IV* aims to provide as much basic information as possible about individual camps and other detention facilities. Why were they established? Who ran them? What kinds of prisoners did they hold? What kinds of work did the prisoners do, and for

whom? What were the conditions like? The entries detail the sources from which the authors drew their material, so future scholars can expand upon the work. Finally, and perhaps most important, this is a work of memorialization: it preserves the histories of places where people suffered and died. Volume IV examines an under-researched segment of the larger Nazi incarceration system: camps and other detention facilities under the direct control of the German military, the Wehrmacht. These include prisoner of war (POW) camps (including camps for enlisted men, camps for officers, camps for naval personnel and airmen, and transit camps), civilian internment and labor camps, work camps for Tunisian Jews, brothels in which women were forced to have sex with soldiers, and prisons and penal camps for Wehrmacht personnel. Most of these sites have not been described in detail in the existing historical literature, and a substantial number of them have never been documented at all. The volume also includes an introduction to the German prisoner of war camp system and its evolution, introductions to each of the various types of camps operated by the Wehrmacht, and entries devoted to each individual camp, representing the most comprehensive documentation to date of the Wehrmacht camp system. Within the entries, the volume draws upon German military documents, eyewitness and survivor testimony, and postwar investigations to describe the experiences of prisoners of war and civilian prisoners held captive by the Wehrmacht. Of particular note is the detailed documentation of the Wehrmacht's crimes against Soviet prisoners of war, which have largely been neglected in the English-language literature up to this point, despite the fact that more than three million Soviet prisoners died in German captivity. The volume also provides substantial coverage of the diverse range of conditions encountered by other Allied prisoners of war, illustrating both the substantial privations faced by all prisoners of war and the stark contrast between the Germans' treatment of Soviet prisoners and those of other nationalities. The volume also details the significant involvement of the Wehrmacht in crimes against the civilian populations of occupied Europe and North Africa. As a result, this volume not only brings to light many detention sites whose existence has been little known, but also advances the decades-old process of dismantling the myth of the "clean Wehrmacht," according to which the German military had nothing to do with the Holocaust and the Nazi regime's other crimes.

[Encyclopedia of Prostitution and Sex Work\(1 Volumes Set\) by Melissa Hope Ditmore \(August 30, 2006\)](#) - Melissa' Hope Ditmo're 2021-04-28

The cliché is that prostitution is the oldest profession. Isn't it time that the subject received a full reference treatment? This major 2-volume set is the first to treat in an inclusive reference what is usually considered a societal failing and the underside of sexuality and economic survival. The A-to-Z encyclopedia offers wide-ranging entries related to prostitution and the sex industry, past and present, both worldwide (mostly in West) and in the United States. The topic of prostitution has high-interest appeal across disciplines, and the narrative entries illuminate literature, art, law, medicine, economics, politics, women's studies, religion, sociology, sexuality, film, popular culture, public health, nonfiction, American and world history, business, gender, media, education, crime, race, technology, performing arts, family, social work, social mores, pornography, the military, tourism, child labor, and more. It is targeted to the general reader, who will gain useful insight into the human race through time via its sex industry and prostitution.

Feminist Collections - 2013

The Encyclopedia of War, 5 Volume Set - Gordon Martel 2012-01-17

This ground-breaking 5-volume reference is a comprehensive print and electronic resource covering the history of warfare from ancient times to the present day, across the entire globe. Arranged in A-Z format, the Encyclopedia provides an overview of the most important events, people, and terms associated with warfare - from the Punic Wars to the Mongol conquest of China, and the War on Terror; from the Ottoman Sultan, Suleiman 'the Magnificent', to the Soviet Military Commander, Georgi Konstantinovich Zhukov; and from the crossbow to chemical warfare. Individual entries range from 1,000 to 6,000 words with the longer, essay-style contributions giving a detailed analysis of key developments and ideas. Drawing on an experienced and internationally diverse editorial board, the Encyclopedia is the first to offer readers at all levels an extensive reference work based on the best and most recent scholarly research. The online platform further provides interactive cross-referencing links and powerful searching and browsing capabilities within the work and across Wiley-Blackwell's comprehensive online reference collection. Learn more at www.encyclopediaofwar.com.

Selected by Choice as a 2013 Outstanding Academic Title Recipient of a 2012 PROSE Award honorable mention

[Encyclopedia of Sex and Sexuality \[2 volumes\]](#) - Heather L. Armstrong 2021-03-01

Providing a comprehensive framework for the broad subject of human sexuality, this two-volume set offers a context of historical development, scientific discovery, and sociopolitical and sociocultural movements. The broad topic of sex—encompassing subjects as varied as sexuality, sexual and gender identity, abortion, and such crimes as sexual assault—is one of the most controversial in American society today. This two-volume encyclopedic set provides readers with more than 450 entries on the subject, offering a comprehensive overview of major sexuality issues in American and global culture. Themes that run throughout the volumes include sexual health and reproduction, sexual identity and orientation, sexual behaviors and expression, the history of sex and sexology, and sex and society. Sex Work Matters - Melissa Hope Ditmore 2013-04-04

Sex Work Matters brings together sex workers, scholars and activists to present pioneering essays on the economics and sociology of sex work. From insights by sex workers on how they handle money, intimate relationships and daily harassment by the police, to the experience of male and transgender sex work, this fascinating and original book offers new theoretical frameworks for understanding the sex industry. The result is a vital new contribution to sex-worker rights that explores the topic in new ways, especially its cultural, economic and political dimensions. Readers weary of the sensational and often salacious treatment of the sex industry in the media and literature will find Sex Work Matters refreshing.

Encyclopedia of Public Administration and Public Policy - 5

Volume Set - Domonic A. Bearfield 2020-08-14

Now in its third edition, Encyclopedia of Public Administration and Public Policy remains the definitive source for article-length presentations spanning the fields of public administration and public policy. It includes entries for: Budgeting Bureaucracy Conflict resolution Countries and regions Court administration Gender issues Health care Human resource management Law Local government Methods Organization Performance Policy areas Policy-making process Procurement State government Theories This revamped five-volume edition is a reconceptualization of the first edition by Jack Rabin. It incorporates over 225 new entries and over 100 revisions, including a range of contributions and updates from the renowned academic and practitioner leaders of today as well as the next generation of top scholars. The entries address topics in clear and coherent language and include references to additional sources for further study.

Crime and Punishment in America [2 volumes] - Laura L. Finley 2016-12-05

Covering some of the most hotly contested topics in crime and criminal justice, including proposed sentencing and prison reforms, controversial developments like Stand Your Ground laws, and Supreme Court decisions, this work supplies essential background, current data, and a range of viewpoints on these important issues. Should people be able to use lethal force before retreating? What are the arguments for and against executing mentally ill inmates? Should police always need warrants to search individuals or their property? How can we best hold accountable white collar offenders? Why do men perpetrate crime at higher rates than women? This two-volume set grapples with the answers to these complex questions and many more, enabling readers to better understand current crime/punishment issues within the context of America's ever-evolving culture, economy, and politics. This multidisciplinary reference work offers a current and thorough compilation of the most important and hotly contested topics related to crime and criminal justice. Organized alphabetically, each entry presents scholarly research and authoritative sources to inform readers about the subject.

Encyclopedia of Prostitution and Sex Work - Melissa Hope Ditmore 2006-08-30

The A-to-Z encyclopedia offers entries related to prostitution and the sex industry, past and present, worldwide (mostly in the West) and in the United States. An introduction overviews the scope of prostitution from the earliest historical records, including the Bible.

Encyclopedia of Women and Gender, Two-Volume Set - Judith
Worell 2001-10-16

The study of gender differences began in earnest in the 1970s and has since increased dramatically to infiltrate virtually all fields of study in the social and behavioral sciences. Along the way, it was discovered that while women very often think and behave differently than do men, industrialized societies cater to masculine perspectives. The "Psychology of Women" emerged as a field of study focusing on just those areas in which women most often butted against assumed roles. And similarly, in the 1990s, the "Psychology of Men" emerged to focus on the same issues for men. The Encyclopedia of Gender covers all three areas under one cover, discussing psychological differences in personality, cognition, and behavior, as well as biologically based differences and how those differences impact behavior. Coverage includes studies of these differences in applied settings such as education, business, the home, in politics, sports competition, etc. Key Features * Over 100 In-depth chapters by leading scholars in the psychology of women and gender * Addresses critical questions of similarities and differences in gendering across diverse groups, challenging myths about gender polarization and

the "Venus/Mars" distinction * Broad coverage of topics from theory and method to development, personality, violence, sexuality, close relationships, work, health, and social policy * Sensitive attention to multicultural and cross-cultural research * Clearly written, readable, comprehensive, with helpful guides (outline, glossary, reference list) * Raises difficult questions related to power, inequality, ethics, and social justice * Challenges the reader to revise established "truths" and to seek further information * Maintains a feminist and woman-centered focus
Encyclopedia of Prostitution and Sex Work [2 volumes] - Melissa Hope Ditmore 2006-08-30

The cliché is that prostitution is the oldest profession. Isn't it time that the subject received a full reference treatment? This major 2-volume set is the first to treat in an inclusive reference what is usually considered a societal failing and the underside of sexuality and economic survival. The A-to-Z encyclopedia offers wide-ranging entries related to prostitution and the sex industry, past and present, both worldwide (mostly in the West) and in the United States.
