#### **Find Your Perfect Partner** - Wayne C. Allen 2012-12-01

You've likely realized that the screwy relationships you have been in were the direct result of you not thinking about how to create an excellent one. Pretending the important, life-altering decision to relate is "a matter of the heart" is not only stupid, it doesn't work! Many moons ago, psychotherapist Wayne C. Allen made a clear decision about his "next" relationship. He decided that his brain (not just his heart) needed to be in charge of the process. He came up with a strategy for finding the person he wanted -- He called it...The List of 50. His strategy worked. He met his perfect partner (in 2017, they've been together 34 years!) Wayne began sharing the process with his clients -- soon, they demanded a book... and Find Your Perfect Partner is the result. Written by a therapist with over 30 years of experience, this book gives you the tools you need to actually think through what kind of person you want to be with. His clients have tested this process for the last 30 years, and now it's available to you! Here's a quote from a client: "When I showed my List of 50 to one friend he said, "Do you have a short list that us mere mortals could aspire to?" My answer was, "I had a short list and it got me my ex-husband. I'm being more particular now." Find Your Perfect Partner is a guide to figuring out the whole attraction / dating / relationship thing. You'll discover: ~reasons for failed relationships and the high divorce rate ~how hormones get in the way ~how past relationships are great guides to getting the next one right ~why you need to think about what works in your successful friendships ~which traits must be a match between you and your perfect partner This book examines what doesn't work, then helps you to map out what's been missing from your past relationships. It gives you an easy to follow strategy for re-setting your mental filters, so that the next person you meet is a much better fit. You'll have a better sense of why compatibility is so important, and have a time tested method for both opening your eyes to new possibilities, and for finding your perfect partner. Follow along with the text, work through the exercises, and put the book's insights into practice. You'll be amazed with the results. One more quote! "My list has been an active part of my relationship building since I drafted it. I

have modified the list several times, based on how relationships worked out. It was also interesting to note, how few elements of my list my ex-wife matched, similar to what you said about your first marriage. I feel that using the process you recommend does improve the quality of the choices you make. Of course, building the other relating skills will complement this as well."

With exercises, practical tools, and inspiring stories, Deeper Dating will guide you on a journey to find the love—and personal fulfillment—you long for. Lose weight. Be confident. Keep your partner guessing. At the end of the day, this soulless approach to dating doesn't lead to love but to insecurity and desperation. In Deeper Dating, Ken Page presents a new path to love. Out of his decades of work as a psychotherapist and his own personal struggle to find love, Page teaches that the greatest magnet for real love lies in our "Core Gifts"—the places of our deepest sensitivity, longing, and passion. Deeper Dating guides us to discover our own Core Gifts and empowers us to express them with courage, generosity, and discrimination in our dating life. When we do this, something miraculous happens: we begin to attract people who love us for who we are, we become more self-assured and emotionally available, and we lose our taste for relationships that chip away at our self-esteem. Without losing a pound, changing our hairstyle, or buying a single new accessory, we find healthy love moving closer . . . Deeper Dating integrates the best of human intimacy theory with timeless spiritual truths and translates them into a practical, step-by-step process.

Have you ever wondered what on earth women want? After all, they seem to go out of their way to avoid the nice, decent guys like the plague and then fall head over heels for the predictable shtick of the bad boys every time. All the time complaining that they get treated badly and end up with a no good cheat of a man. Doesn't make a whole heap of sense, does it? Well, not if you are thinking like a man, that's for sure. To get women, you have to understand how they feel, what they find attractive and what they really desire in a man. This is the book all decent guys have been waiting for. It is the blueprint for the female mind. This book will teach you how to be the man that women are lusting after. More importantly, it will highlight all the things you are currently doing that are just flat out unattractive to women. When it comes to attraction, men are a switch, but women are a dial. Their state of desire is fluid, and if you know how, you can easily attract women who you previously would have considered 'out of your league'. This is not a pick-up guide; it's a comprehensive personal development program to show you how to love the man you are and to project that confidence outward. Anything else is just window dressing and women of value can smell a guy who is faking it a mile off. If you are serious about getting the woman of your dreams or learning how to attract women wherever you go, this is the book may be the most important discovery of your life. You are about to discover: The psychology of attraction. How the female mind works and what they find attractive. Loving the man you are and living with confidence. [Win Your Partner Back After a Break Up?](#) - Louisa Jackson 2020-04-05

If you're going through the agony of a break up and you long, desperately, to reunite with your partner - this book is for you. Perhaps you're still with your partner but they're losing interest or pulling away - this book is also for you. Not all relationships can be saved. However, given the right inner conditions, some relationships can - and do - heal. Here you will learn precisely how to cultivate those conditions. Author, Louisa Jackson, describes how her life spiralled downwards after the break-up of a relationship. This triggered a long and intense period of study. Immersed in quantum physics, spirituality and Law of Attraction principles, she started to experiment with these concepts in her day-to-day life. Slowly, her intense suffering transformed into deep peace and happiness. A completely new way of living emerged and miraculous changes to all areas of her life then followed. Her long-term battle with depression, social anxiety, and bulimia came to an end. Financial and family difficulties also resolved. So, too, did the cycle of toxic and dysfunctional relationships that she kept repeating over and over. Louisa now enjoys a happy, long-term, relationship - one which was successfully rekindled after applying the techniques and principles outlined in this book. The focus here is what's going on inside you, rather than on the outer circumstances of your life. For when you transform your inner world, you'll find that your outer world transforms in equal measure - sometimes in miraculous ways. As you'll see, this isn't merely a spiritual concept but is backed up by quantum physics principles. This book gets right to the heart of your beliefs about love, happiness and the fundamental nature of reality. It's faulty beliefs in these areas which are so often at the root of dysfunctional relationships. You'll learn what real happiness is, and how to cultivate it. You'll also discover techniques for sustaining the honeymoon period and how to prevent a repeating pattern of heartbreak. With practice, you'll stop needing love and instead start to radiate love. When this happens, you cannot help but attract love, whether that's from your existing partner or a new one. This is a new way of 'being' which will radiate out into all areas of your life. Whether you want to save a long-term marriage or a short-term romance, the same formula applies. You may even find after reading this book that you no longer want, or need, your partner to return. Previously published under the title: "Rekindling Love After A Breakup: A Spiritual and Quantum Physics Approach to Winning Your Partner Back (Or Finding A New One)" 1st Edition Amazon Five Star Review:  Excellent Read Loved this book. It's helped me gain so much perspective on what I'm going through. It's a difficult concept but Louisa makes it easy to understand. I would recommend this book if you're going through a difficult time in your relationship.

#### **How to Attract Women** - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes to teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book

Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities

women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information.
