EMPATH AND PSYCHIC ABILITIES Whitemonk Chakra
2023-07-03 Where does psychic power originate from? What are the various kinds of psychic abilities? What exactly does it mean to be empathic? Most individuals have no clue how to distinguish between various psychic abilities because of the swirl of myths, misunderstandings, and general uncertainty surrounding psychic activity and parapsychology. Hang on a minute, you say, I had no idea there were so many distinct kinds! You're in the same boat as the vast majority of people who have a rudimentary grasp of psychic activity and reading. The average population is unaware that it is not all psychic phone readings and tarot cards; there are clear differences between everything from the apparent (telepathy and tarot reading) to the unexpected (clairsentience, clairvoyance, and clairaudience). Extrasensory perception, foresight, and a "sixth sense" may all be lumped together under the umbrella phrase "psychic aptitude." However, where does psychic power originate? No one, not even psychic readers, knows for sure. Ones who proclaim to have psychic abilities express a feeling of "having it" without knowing how it came to be. Most people claim it's just part of their normal awareness and that they "know" or "feel" things before, while, or after they happen, while not describing how. Even though parapsychology has been extensively questioned, examined, and stigmatized, the reality is that there is just as much evidence for it as against it. Empathy is a sentiment, or a state of being that enables one individual to connect with another individual emotionally and intellectually. It refers to the ability to "place oneself in another's shoes" to better This may aid in developing personal and

professional connections alike. Someone who empathizes more than an ordinary person is known as an empath. When gazing at another individual's face, these individuals are generally more accurate in detecting emotions. They are also much more prone than other individuals to identify emotions sooner and evaluate them as more powerful. Individuals who score high on the interpersonal reactivity index's perspective-taking and empathetic concern scale are more likely to be empathic. Several indicators indicate that someone might be an empath, and scientists have discovered some biological reasons for these characteristics. This guide will discuss the following: · Psychic Abilities And Their Types · Intuition And The Clair Senses · Dream Interpretations And What Is Causing Your Dreams to Be So Vivid? · Mystical Powers And Obstacles To Your Intuitions · What Are Auras And What Should You Consider While Reading An Aura? · Spirit Guides, Types, And How To Connect With Them · Meditation And Tips To Boost Your Intuition · Empaths And Empathic Traits · Spiritual Direction For The Highly Sensitive Person · Energy Clearing: Know What Matters · Strategies To Open Your Third Eye And Obstacles To Self-Mastery And much more! Seven Planes of Existence Vianna Stibal 2016-01-26 First developed twenty years ago by Vianna Stibal, ThetaHealing is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is - the energy in everything - to witness healings of the physical body, and to identify and change limiting beliefs. This book is for those who have already started to experience the magic of this energy healing modality, and wish to

deepen their understanding of the Seven Planes of Existence – the philosophy behind the creation of ThetaHealing. Vianna presents exciting new information to help you take your skill with this work to the next level, and brings the reader into dimensions that she believes to be the beginnings of life itself, on a journey that leads outward, past the universe, to transform beliefs, showing that with a theta state of mind it is possible to connect to a Divine Energy before it becomes anything in this universe.

The Meaning of Mary Magdalene Cynthia Bourgeault
2010-09-14 Mary Magdalene is one of the most influential symbols in the history of Christianity—yet, if you look in the Bible, you’ll find only a handful of verses that speak of her. How did she become such a compelling saint in the face of such paltry evidence? In her effort to answer that question, Cynthia Bourgeault examines the Bible, church tradition, art, legend, and newly discovered texts to see what’s there. She then applies her own reasoning and intuition, informed by the wisdom of the ages-old Christian contemplative tradition. What emerges is a radical view of Mary Magdalene as Jesus’s most important disciple, the one he considered to understand his teaching best. That teaching was characterized by a nondualistic approach to the world and by a deep understanding of the value of the feminine. Cynthia shows how an understanding of Mary Magdalene can revitalize contemporary Christianity, how Christians and others can, through her, find their way to Jesus’s original teachings and apply them to their modern lives.

Once you understand the value of your soul-life agreement, you can find peace and determination strong enough to go beyond human limitations and conditions to heal some of life's most difficult challenges and to help others as they trudge the road on their destined path.

Cosmic Conundrum: Who Am I? Zendor Melchizedek 2011-02-05 Who are you? Really... Who are you? This workbook is an expository guide to facilitate multidimensional awareness. Are you a spiritual being having a human experience? Would you like to wake up the human to the spiritual experience? A point of perspective (introspection/perception) dances in the balance of the seer's vision. Have you suffered from the limited experiences and thinking of others? Points of view differ regarding our origins and the development of human beings through their 'dominion' on earth. What if there was more to the story that we haven't even explored yet because we've been too terrestrially focused in our 'outer' living environment? What is your natural state of being? Is there more? Would you like to find out? Clearing the cobwebs out of the soular mind begins with questioning the very foundation of one's belief system. It doesn't hurt at all and it does lead to deeper understanding. This path is not for the timid, but your courage will definitely be rewarded. [The Story of Life](#) Christopher McKeon 2022-08-01 "Creator, do you have a family?" said my youngest. And he answered! Thus began our healing through awareness with Mina (how we address the human person—God—who built our universe), the archangels, and many others in spirit world. Our explosive conversation over the next 18 hours revealed God, angels, humanity, why we are as we are, and our universe as never before imagined. Spirit mediums Christopher McKeon and his daughters Ayako and El shatter the paradigms and magical thinking handed down to us through history by religion, philosophy, mysticism, and science. Experience, as we did, healing of your trauma, pain, and suffering through gaining awareness of your true reality. Included are ten historical spirit persons who give short testimonies of their experiences to help explain certain aspects of our—your—life reality. Seven Steps into Angel Light Chrissie Astell 2017-09-21 Angels have appeared in almost every culture, faith and religion since the dawn of mankind. In this rapidly changing world of uncertainty, one thing is for sure: a universal source of guidance and love is something that we could all benefit from. After explaining the many ways in which angel energy can be experienced and the immense value in becoming more attuned to their "light", Chrissie takes readers through the positive qualities related to each of the seven Archangels: creating new beginnings (Gabriel); finding inspiration (Jophiel); grounding and protecting yourself (Michael); healing yourself (Raphael); learning to love yourself (Chamuel); embracing joy and transformation (Zadkiel); and feeling more at peace with yourself and the world (Uriel). Each of the chapters offers not only fascinating insight into the Archangel in hand - including key associations such as chakras and crystals - but also practical guidance on how to connect with its life-enhancing energy, whether through reflective questions, inspiring prayers and affirmations, or evocative visualizations and meditations (also available as downloads). This uplifting, experience-driven book guides readers in a grounded way throughout their journey, leaving them with a deeper sense of understanding, meaning, spirituality and purpose in their lives.
