Price of a Kiss - Linda Kage

I don't care what my cousin says; I am not the queen of impossible relationships. I mean, just because my last boyfriend tried to kill me and left a bit of a scar on my neck, then forced me to move across the country and legally change my name to Reese Randall to escape him, does not mean- Oh, who am I kidding? For a freshman in college, I have to have the worst dating track record ever. It's no wonder love is the last thing on my mind when Mason Lowe enters my life. But the chemistry between us is like bam! Our connection defies logic. And he's just so freaking hot. Being around him makes me feel more alive than I've ever felt before. I even like bickering with him. He could be my soul mate...except for one teeny tiny glitch. He's a gigolo. Boy, do I know how to pick them.

How to Text a Girl - Kent Lamarc 2017-06-07

This book is based on the research analysis of a real online conversation between two persons that barely knew each other, and that started banging one another after a one night stand. One is a guy that bangs multiple girls at the same time, and the other is our girl, Daisy. Daisy gave away their conversation for the purpose of this book upon realizing that she was being cheated by a guy having sex with multiple women and not just her. Along these chapters, you will have a chance to see how a real Player manipulates a woman into having sex with her multiple times, and which strategies he uses, even when she doesn't like him and doesn't want sex with him. Along the conversations between these two, you will have a clear psychological analysis of the process occurring in each other's mind to finally understand how to text any woman properly.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I -

Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Fools - Kol 2012-11-15

All anyone wants is to be read like a page-turner opened, flipped through, enjoyed. People want to be connected with, used, loved, if only privately by an exclusive person or set of people. We want to be read like books because we write ourselves like books; narratives of character, theme, plot. And we read ourselves, too, what we've written in our minds. Its scary, says Ana; her brow coldly sweats. Imagine its a dreamscape, I say, squinching. The trees are sleepwalkers. They sway and breathe. Their canopies are the umbragical skulls of scatterbrained giants. from Fools *How to Kiss a Girl for the First Time* - Jessica James 2016-08-05

The Art of Kissing has been written and talked about for years. A kiss is not just a kiss; it may even be a relationship breaker. There are studies that show a woman is more likely to remember the details of her first kiss than her first sexual experience and that puts an awful lot of pressure on a guy to perform well. There's a lot of advice about kissing out there but most of it assumes you've already made it past the first kiss, and a lot of the advice is completely wrong - Grab a tit and hold your breath - will only get you a slap in the face or even a knee in the groin. Let's face it, going for that first kiss can be an ordeal. But fear no more! In 'How To Kiss A Girl For The First Time,' Jessica James gives you tips about kissing to keep you relaxed and confident while your lady will be left breathless. From pucker preparation to timing and 'teasing' to the kiss itself, Jessica will guide you to pleasurable success.

[Dating Tips from a Woman's Point of View](#) - Elizabeth Meadows 2014-09-24

If you are looking for how to get laid on the first date, that's easy, take her to a bar, get her drinking, but not to the point of throwing up. After she's pretty intoxicated, giggling at everything you say, try a few advances, touching her arm, or shoulder, and see if she responds. Dance with her, and do a little grinding, and see if she grinds back. If the answers to these are yes, then offer her, since she can't drive, to come back to your place. Once she's at your place, continue with just a little more alcohol for the nerves. Don't mix alcohol. If she was doing shots at the bar, don't give her beer or wine coolers at your place, or she'll be spending the night with your toilet, not you. Give her just a few more shots, and then do the final move with a kiss. The kiss will tell it all. If she pushes you away, and doesn't take your advances, don't get discouraged, you still have a chance. Offer her to put a movie on, get a pillow and a blanket, if you have a pull out couch, great, or one big enough for you two to snuggle on. If not, let her lay back to watch the movie. Let her put her feet on your lap. I don't know many woman who would turn down a foot massage. Massaging is a great way to lead to sex.

After both feet, work your way up to her calves. Hint: use lotion. It makes her feel more like it's a massage, not you just trying to grope her up. If when you get to her calves, and she's still allowing you to massage, continue on, and then get the thighs. I'm pretty sure you know where to go from there.

How to Meet & Date a Woman - Edward Hayes 2020-05-30

How to date If you're in love with someone, the next logical step is to find out if they feel the same about you. Often you can guess if someone's interested. If you're not sure, be brave! guess if someone's interested. If you're not sure, be brave! Try to get into a situation where you've got a chance to talk to the person. If you have mutual friends, let them introduce you. You could also send them a text message or try to make contact on chat - but if they don't answer, don't pester them. If you notice they're not really responding or they're even trying to avoid you, there's a good chance they don't return your feelings. Bear in mind, however, that there's an extra tricky puzzle in the love game: some people can be standoffish even if they're really attracted to you, because they don't know how to cope with their feelings! Or maybe they feel they shouldn't be responding to your advances even if they'd like to. So don't immediately assume someone isn't interested in you because they don't respond straight away. Some guys have the idea - often picked up from movies - that if you keep hassling a woman long enough she will give in to you. People might tell you that if a girl says no or even gets upset or angry, you should ignore it and not give up. Asking someone out If the person you're interested in responds positively to your cues, you might want to ask them out on a date. You don't have to be a man to ask someone out - women can do it too, so don't be shy! Before planning a date, find out what they like doing - maybe watching movies or sports games, going to museums, walking, or dancing. It's a good idea to meet in a quiet place near where you live, somewhere you can relax and talk easily. Remember, dates don't have to be fancy or expensive. They can be simple, like meeting at a kibanda and then taking a walk in the park. First date First dates are often a bit tense. Maybe you're very nervous, or feel like you've got butterflies in your stomach. There could be awkward moments on your first date - when you think you've said something silly or when you just don't know what else to say. Don't worry too much: the key is to stay calm. Once you've realised that you both like spending time together, you can start thinking about another date. It doesn't always have to be your responsibility to decide what to do - you can put the ball in their court too. Over the next few meetings, try finding out more about them, about their likes and dislikes, their past, and their dreams for the future. When to hold hands, kiss, and have sex While you're dating, you might want to hold hands, kiss, hug, or even have sex with your partner. There's nothing wrong if you feel that way. If you're not entirely sure what your partner wants, talking about it can help. You can be straightforward and ask, 'can I kiss you?' or 'how would you feel if I held your hand?' Having sex with your lover is a big decision. Take one step at a time. You might want to talk to your partner about it before you make a move. The most important thing is to know if they feel the same way and really want to go ahead with sex. If your partner doesn't want to have sex with you, respect their feelings. Their choice could be based on religious belief, or it could be for cultural reasons. Maybe they want to wait till they're married, or maybe they simply don't feel ready for sex. Give them all the time and space they need to think about it and make up their mind. And then accept their decision, whatever it is. Did you learn something new?

What Jesus Learned from Women - James F. McGrath 2021-02-26

Dehumanization has led to serious misinterpretation of the Gospels. On the one hand, Christians have often made Jesus so much more than human that it seemed inappropriate to ask about the influence other human beings had on him, male or female. On the other hand, women have been treated as less than fully human, their names omitted from stories and their voices and influence on Jesus neglected. When we ask the question this book does, what Jesus learned from women, puzzling questions that have frustrated readers of the Gospels throughout history suddenly find solutions. Weaving cutting edge biblical scholarship together with an element of historical fiction and a knack for writing for a general audience, James McGrath makes the stories of women in the New Testament come alive, and sheds fresh light on the figure of Jesus as well. This book is a must read for scholars, students, and anyone else interested in Jesus and/or in the role of ancient women in the context of their times.

Karachi, You're Killing Me! - Saba Imtiaz 2014-02-24

Ayesha is a twenty-something reporter in one of the world's most dangerous cities. Her assignments range from showing up at bomb sites and picking her way through scattered body parts to interviewing her boss's niece, the couture-cupcake designer. In between dicing with death and absurdity, Ayesha despairs over the likelihood of ever meeting a nice guy, someone like her old friend Saad, whose shoulder she cries on after every romantic misadventure. Her choices seem limited to narcissistic, adrenaline-chasing reporters who'll do anything to get their next story—to the spoilt offspring of the Karachi elite who'll do anything to cure their boredom. Her most pressing problem, however, is how to straighten her hair during the chronic power outages. *Karachi, You're Killing Me!* is *Bridget Jones's Diary* meets *The Diary of a Social Butterfly*—a comedy of manners in a city with none.
