To Have, to Hold, and to Never Let Go Cattina C. Coleman 2012-12-28 I am a woman of many attributes and as impressive as my background is I too find it hard to juggle a relationship, family, friends, and my career. With a two year old son, a new found relationship with a handsome young man who is just a year younger than me but so much wisdom he could teach a teacher; still pursuing my Doctorate Degree in Business, and building a company from the ground up; has definitely put my life in the fast lane. The inspiration to my book was having seen male friends of mine who are battling their own love lives and or the family. I wanted to create a book to help guide them in a path where they too can understand where we women are coming from when we ask them a million and one questions about relationships and family. So in my book To Have, To Hold, and To Never Let Go, I am letting men know the inner thoughts and acts of women and show how we are not that much different from you guys in the sense of commitment. The same thoughts you men have us women have too; we just go about them a little differently. So in this book allow these chapters to guide you men on how To Have a Woman, Hold a Woman, and To Never Let Her Go.

The Woman Every Man Wants Bianca Gold 2017-06-03 During our whole life, we experience the worst and the best from everyone we encounter, never knowing about how much these experiences affect our life. We grow more positive or negative, depending on the amount of negativity or positivity received from life experiences. But are we victims or martyrs? Do we deserve such things? The answer to any of such questions will define who we are, what we do, and the decisions we make. These decisions, however, will reflect back in our identity, reinforcing what already exists. There's no such thing as being stronger or weaker, but merely more unaware of our own power and responsibility towards existence, or a false pride about what our life is all about. Lack of answers define a strong ideal and value, and not the opposite. This is what we see in beautiful women that can't get a date, marry and have children with the man they dream about. They start developing the idea that men don't appreciate them, that men only love bitches and, as so, they become more depreciative of themselves. And once this happens, they find other explanations to deny the failure within their ego. That answer will revert at blaming others or circumstances, namely, by saying that men are losers, pathetic and purely sexual, or attributing all their problems to childhood. The problem in all these equations, is not related to what happens, but to whom we become. To look at such woman and say that she doesn't have a relationship isn't as important as to say that she doesn't love herself. These answers, that they can provide towards such arguments, are merely illusions that they can't recognize anymore from within, because they've lost their sense of purpose. Such answers are related to the belief that they're superior to men in intellect and independency. But the superiority of intellect and independency doesn't always translate in the same manner in emotional maturity and loving connections. This is why this book was written, to teach women how to love themselves more, gain a more realistic sense of female pride and find their ideal man and marriage.

How to Deal with 21st Century American Women Frosty Wooldridge 2013-10-20 How to Deal with 21st Century American Women teaches men from all walks of life how to understand and adapt to the evolving male-female paradigm shift occurring at every level of American society. Today, women run companies, become school principals, military generals, police chiefs, corporation CEOs and dozens of other power positions where they make more money and give orders to male employees. Its no longer exclusively a mans world. Women compete for the highest job slots at colleges, governorships of states, Ph.D. programs and athletic money in professional sports. Where men once drove the car for dates, women demand equality in the work, family and social realm. Men need to slide over and share the driving with women. This enormous emotional, social and sexual shift in the Western world creates a new male-female relationship dynamic. This shift proves the first of its kind in human history. The new dynamic also creates incredible confusion, frustration and exasperation. Along the way, women want men to be men. They want a good man to marry and raise a family. But early in the 21st century, half of all marriages end in divorce. Male domestic violence continues at distressing levels. Weekend fathers explode on the emotional landscape. Children suffer the loss of structure, a balanced family unit and a sense of belonging. This book enlightens, educates and encourages men to maintain their masculinity while adapting and thriving in the new male-female paradigm of the 21st century. The book presents straight-forward ideas to men on how to deal with a 21st century American woman. This book shows men how to successfully marry the right woman for long-term success. It shows which women to avoid. The book creates new understandings to move men forward in relationships in the 21st century.

What a Woman Wants Michael B. Miller Sr. 2016-12-14 This book, What a Woman Wants is coming from my view as a man who has lived around women all my life. It is coming from my perspective as a male. None of what I am saying is the gospel truth according to all women. Even if you do not agree with everything I write in in this book, we all can agree that a woman want many things in this nation we live in, whether its love, respect, money, etc. I just wanted to write a book based on how some women may feel. The book is dedicated to my dear and departed mother, and other women in my family, female friends, acquaintances, and many who left this world way too soon. Even if I do not become very rich from writing this book, I hope and pray it might change many women lives, and give men a better understanding of women, and what they want, or need according to Michael Miller. I hope you will enjoy, What a Woman Wants.

Would He Be a Good Father? - The 10 Hidden Qualities Women Want in a Man Jack Ruger 2019-07-11 Have you ever felt like you hit it off with a woman but she just ended up ghosting you? It's frustrating. It's humiliating. It hurts. You probably didn't see it coming, but what makes women do this? The truth is you most likely didn't have what she was looking for. I'll explain. Let me preface this by saying, dating is a numbers game. Generally speaking, men approach many women and women are approached by many men. The more people you date, the higher the chances are of you finding the right person. That being said, due to advancements in technology, women have more options available to them today than ever before and dating has become extremely competitive for men. Women are also naturally hyper-intuitive. In a study of 90,000 people that were shown different photographs of people's faces, women drastically outperformed men when it came to reading subtle expressions. The combination of unlimited options available to women and their hyper-intuitive nature means women have the ability to pick and choose around, searching for the highest value man they can get. It seems unfair, but that's the reality of modern dating. What does that mean for you? It means you need to prove that you have what it takes to be a good partner. Having a deep understanding of what women value in a partner will give you a HUGE advantage over other guys. What do you think of when asked, "what do women find attractive?" Looks, humor, intelligence, commonality? Yes, all of these things do matter, BUT they are only the surface level. What most men don't realize is that the deciding qualities that will make a high-value woman want to be with you are below the surface. "Would he be a good father?" will help you discover the qualities women look for to separate high-value men from low-value men. Here are the 10 hidden qualities covered in "Would he be a good father?" The simplest quality that instantly shapes her desire to give you her time. One of the most overlooked qualities guys end up paying for when she moves on. What Women Want in a Man Kelly Jones Lee 2019-11-21 What Women Want in a Man Tips to Understand what Your Girlfriend Really Wants and Build a More Lasting and Stable Relationship Over Time There is a lot of speculations about what women want in a man. Men have tried figuring this out for decades and women have tried to help them along the way as well. I've found that most of the books on the topic miss the important elements of it. Sure, it's easy to say that woman like charming men, but why? Why are they drawn to them? Most of these books don't explain it and motivate men to change their entire existence for a woman. I don't believe that anyone should change who they are for another person. Instead, they should change what they do and how they do it. Things can be improved upon, but some things are also best left untouched. No one seems to handle this in any of their books. Instead, it's some money-making scheme with poor quality books and bad advice. I've been with all sorts of men and I am happily married now. I can teach you what I know, tell you the things my husband does that drive me crazy, and even the things that makes me love him more along the way. Perhaps I'll even share some secrets, too. This book will contain the following to help you better understand women and what they want. These benefits are well worth reading the book. Understanding that nobody is perfect Understanding that everyone is different How to change what you do for the better to benefit you and your partner Keeping your sense of self while adopting new habits Remembering that what you want is important, too A general idea of what women are looking for in a man and a relationship Tips and tricks to better understand women It's important to know all of these things. Why? Because each individual should stay just that; an individual. Most books encourage you to change into just another gentleman, but the truth is that women don't want clones. That is why this book is going to help you far more than most other books on the market concerning this topic. Most books on the web are of poor quality and don't solve the problems at hand. My intention is to create books that help people solve whatever problems they might have without changing themselves entirely. I want to use my own experiences and my own troubles to help others overcome theirs. I won't tell you exactly how to do things. I might give a few tips, but the rest is up to you. When a Woman Loves a Man James Ford Jr 2011-03-01 When a woman loves a man it's like all the cliches you have ever heard. She "stands by her man." He has "sunshine on a cloudy day." She makes him feel like "a natural man." When a woman loves a man you are looking at how Christ loves. She puts his needs before her own. She focuses on what he needs and how he needs it. When a woman loves a man she is his biggest cheerleader and encourager. She will go to great lengths to protect him and promote him. Although Jezebel was definitely an ungodly woman she showed her love for Ahab, even though that love contributed to her death. When a woman loves a man she stands by him against all odds, in front of him against all foes, and behind him to protect his back. The Bible states that God took part of the man's rib and made the woman. This is significant for many reasons, one of which teaches us that the woman's love would be expressed in her protection of her husband emotionally. The ribcage protects the vital organs like the heart and the lungs. Yes, God has made man the physical protector of the woman but He's equaled the playing field by making the woman the emotional protector of the man. It has been said that man is the head, but it is the woman that turns the head. In Titus chapter 2 the older women are to teach the younger women how to love their husbands. When a Woman Loves a Man will explore and explain the characteristics that a woman demonstrates that expresses her love to her man in the way that God intended.

What Women Want When They Test Men Bruce Bryans 2015-08-13 Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? This is your duty as a man when it comes to dating and connecting with women. You don't need a ton of pick-up lines, mind tricks, or seduction techniques to make a woman want you. Because, quite frankly, if a woman does not RESPECT you as a guy, no amount of seduction can make her turn on and want you. If a woman does not respect you as a man, she will not trust you. She won't be able to fall or stay if she can't have faith in you. You must develop into the kind of man that a good woman simply cannot live without in order to draw and, more significantly, KEEP her in your life. When it comes to dating and interacting with women, this is the only responsibility a man has. You don't need a ton of pick-up lines, mind tricks, or seduction methods to entice women.
