How to Be a Chick Magnet Calvin Biggs 2014-11-09 If you want to be nothing short of a total chick magnet, then this book is for you! For women, attraction is not a choice. If women could choose who they were attracted to, then they wouldn't continually end up with the same emotionally vacant douchebags, who treat them poorly, drink too much, all while managing to still live in their mom's basement. Most of these "chick magnets" are clueless as to how or why they attract women. It's something they just do. While on the other hand, there are guys out there who appear to be doing everything right - they get up and go to work every morning, they're respectful towards women (and people in general), they're smart, funny - but they have the worst luck with the ladies. The reason for this discrepancy boils down to one thing: the reality of physical attraction for women. Most men have trouble understanding that a woman's way of perceiving male physical attraction is completely unlike a man's perception of female physical attraction. This book will help you understand and

Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. wouldn't be here. It's important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will become in so many words - simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women. I'm just saying..... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it - like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad - and just having a partner

How to Attract and Approach a Woman Roman G. Turkowsky 2012-04-04 Picture this. If you are a guy that has spent any time in any place at all trying to talk to a woman, you know how this scene goes. You see the woman of your dreams. Okay, this may be a little exaggeration. But you see a pretty woman somewhere. Of course, when you see her, you naturally want to go talk to her. Thus far, you haven't done a thing wrong. You walk over to her and say hi. She greets you back, not incredibly interested. As pretty as she is, there is no doubt that she has been randomly approached by men that look just as good, if not better than you on a regular basis. This is just to be expected, no matter how good you think you look, or actually do. She is just used to it. You introduce yourself

and offer your hand to shake. She accepts your hand and tells you her name. Once again, you are doing just fine. This is where the story starts to go downhill, though. There is an awkward pause as she looks at you expecting you to say something else. After all, you approached her. You try desperately to think of something to say. All that comes out is three strikes in a single question because you have nothing better to say. She answers you absently, and looks around for someone that she knows to talk to, greeting them from across the room. She smiles and takes off, politely casting a “nice to meet you” over her shoulder as she runs off with her friends, planning to talk about you when she gets over there and not talk to you for the rest of the night. And you have failed. Now, your question or statement, whatever it was, can be one of many different things. No matter what you said to her or asked her, the message portrayed was the same exact thing. And she read the message loud and clear. What was the message? It is simply: I have nothing to say. That is why she walked away from you without any interest whatsoever. That is why she will not remember your name in fifteen minutes, if she remembers it that long. And that is why you are going home alone.

How to Attract Women Zac Miller 2020-03-08 Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book
Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women

away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. What Women Want When They Test Men Bruce Bryans 2015-08-13 Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn

Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. The ultimate goal for every man is to attract the woman he needs and the women he wants. The extent of a man's happiness depends solely on the kind of women he can attract daily. A woman is the only reason a man can change for good, take responsibilities, and be pushed to achieve things bigger than his own imagination. Women do not just add meaning to life; they create life, the life we all dream of. A man can never dream of a fabulous life in his future without including a woman or something that relates to women's existence.
