Text and Image in Women's Life Writing Valérie Baisnée-Keay 2022-01-12 This book examines the relationship between words and images in various life-writing works produced by nineteenth to twenty-first century American and British women. It addresses the politics of images in women's life writing, contending that the presence or absence of images is often strategic. Including a range of

different forms of life writing, chapters draw on traditional (auto)biographies, travel narratives, memoirs, diaries, autofiction, cancer narratives, graphic memoirs, artistic installations, quilts and online performances, as life writing moves from page to screen and other media. The book explores a wide range of women who have crossed the boundary between text and image: painters who have become writers, novelists who have become painters, writers who hesitate between images and words, models who seize the camera, and artists who use the frame as a page.

couple, the arduous but fulfilling years when Peggy was writing her famous novel, the thrill of its acceptance for publication and its literary success, and the excitement of the making of the movie. In telling the private side of this twenty-four-year marriage, author Marianne Walker reveals a long-suspected truth: *Gone With the Wind* might have never been written were it not for John Marsh. He was Peggy's best friend and constant champion, and he became her editor, proofreader, researcher, business manager, and the inspiration and motivation behind her writing. At every point, including the turbulent years of Mitchell's first marriage to Red Upshaw, it was John who provided the intellectual stimulation, emotional support, and editorial insights that allowed Peggy to channel her talents into the creation of her astounding Civil War epic. From years of meticulous research, Marianne Walker details the intimate and moving love story between a husband and wife, and between a writer and her editor.

A Dream in the World Robin van Löben Sels 2004-03-01 How can science and religion co-exist in the modern discipline of psychotherapy? A Dream in the World explores the interfaces between religious experience and dream analysis. At the heart of this book is a selection of dreams presented by the author's patient during analysis, which are compared with the dreams of Hadewijch, a thirteenth century woman mystic. The patient's dreams led the modern woman to an unanticipated breakthrough encounter with the divine, her "experience of soul". The experience reoriented and energized her life, and became her "dream-in-the-world". Following Jung's idea that the psyche has a religious instinct, Robin van Loben Sels demonstrates that the healing process possible through psychotherapy can come from beyond the psyche and can not be explained by our usual theories of scientific psychology. Written in flowing, easily-read language A Dream in the World details a classical Jungian analysis of a woman's dreams, and searches the relationship between religious encounter, psyche and soul.

The Outlaws of Sherwood Robin McKinley 2014-11-18 The Newbery Medal-winning author of *The Hero and the Crown* brings the Robin Hood legend to vivid life. Young Robin Longbow, subapprentice forester in the King's Forest of Nottingham, must contend with the dislike of the Chief Forester, who bullies Robin in memory of his popular father. But Robin does not want to leave Nottingham or lose the title to his father's small tenancy, because he is in love with a young lady named Marian—and keeps remembering that his mother too was gentry and married a common forester. Robin has been granted a rare holiday to go to the Nottingham Fair, where he will spend the day with his friends Much and Marian. But he is ambushed by a group of the Chief Forester's cronies, who challenge him to an archery contest . . . and he accidentally kills one of them in self-defense. He knows his own life is forfeit. But Much and Marian convince him that perhaps his personal catastrophe is also an opportunity: an opportunity for a few stubborn Saxons to gather together in the secret heart of Sherwood Forest and strike back against the arrogance and injustice of the Norman overlords.

The Art of Choosing You Robin Chant 2020-09-29 Judging ourselves and others by external standards can feel empowering, as if we are sorting out the world and escaping whatever fails to measure up—whether we are looking at people, situations, or activities. But judgment can hold us hostage and leave us dissatisfied with life. *The Art of Choosing You: Tools to Radically Shift Your Life* argues that judgment is a trap, putting us on a hamster wheel as we repeatedly strive to meet inauthentic expectations rather than finding freedom and peace through a practice the author calls “living in allowance” of ourselves and others. Readers are introduced to: • the circle theory • the empowerment of perspective • how polarity creates limitations and allowance creates possibilities • receiving the gift of nature • the power of a question • how and why to lower energetic walls • how to connect to mind, body, soul, and spirit • the benefits of becoming undefinable • how not to be
