[The Forgotten Rohingya: Their Struggle for Human Rights in Burma](#) - Habib Habib Siddiqui 2019

Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as "settlers" from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. "The Forgotten Rohingya" makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of

Burma's orange revolution.

Hell-Bent - Jason Ryan 2014-11-04

World-class beaches, fragrant frangipani, swaying palms, and hula girls. Most folks think of Hawaii as a vacation destination. Mob-style executions, drug smuggling, and vicious gang warfare are seldom part of the postcard image. Yet, Hawaii was once home to not only Aloha spirit, but also a ruthless, homegrown mafia underworld. From 1960 to 1980, Hawaiian gangsters grew rich off a robust trade in drugs, gambling, and prostitution that followed in the wake of Hawaii's tourist boom. Thus, by 1980—the year Charles Marsland was elected Honolulu's top prosecutor—the honeymoon island paradise was also plagued by violence, corruption and organized crime. The zeal that Marsland brought to his crusade against the Hawaiian underworld was relentless, self-destructive, and very personal. Five years earlier, Marsland's son had been gunned down. His efforts to bring his son's killers to justice—and indeed, eradicate the entire organized criminal element in Hawaii—make for an extraordinary tale that culminates with intense courtroom drama. Hawaii Five-O meets Wiseguy in author Jason Ryan's vigorously reported chronicle of brazen gangsters, brutal murders, and a father's quest for vengeance—all set against an unlikely backdrop of seductive tropical beauty.

Sunny Skies, Shady Characters - James Dooley 2015-08-31

For thirty years starting in the mid-1970s, the byline of Jim Dooley appeared on riveting investigative stories of organized crime and political corruption that headlined the front page of Honolulu's morning daily. In *Sunny Skies, Shady Characters*, James Dooley revisits highlights of his career as a hard-hitting investigative reporter for the Honolulu Advertiser and, in later years, for KITV television and the online Hawaii Reporter. His lively backstories on how he chased these high-profile scandals make fascinating reading, while providing an insider's look at the business of journalism and the craft of investigative reporting. Dooley's first assignment as an investigative journalist involved the city housing project of Kukui Plaza, which introduced him to the "pay to play" method of awarding government contracts to obliging consultants. In later stories, he scrutinized bloody struggles over illicit gambling revenue, the murder of a city prosecutor's son, local syndicate ties to the Teamsters Union, and the dealings of Bishop Estate. His groundbreaking coverage of the forays by yakuza into Hawaii and the continental United States were the first of its kind in American journalism. As Dooley pursued stories from the underside of island society, names of respected public figures and those of violent criminals filled his notebook: entertainer Don Ho, U.S. Senator Daniel Inouye, Governors George Ariyoshi and Ben Cayetano, Mayor Frank Fasi, and notorious felons Henry Huihui, Nappy Pulawa, and Ronnie Ching. Woven throughout is the name of Big Island rancher Larry Mehau—was he the "godfather of organized crime" in Hawaii as alleged by the FBI, or simply an ex-cop

who befriended power brokers in the course of doing business for his security guard firm? The book includes a timeline of Mehau's activities to allow readers to judge for themselves.

Broken Trust - Samuel P. King 2006-01-01

Princess Bernice Pauahi Bishop was the largest landowner and richest woman in the Hawaiian kingdom. Upon her death in 1884, she entrusted her property--"known as Bishop Estate--"to five trustees in order to create and maintain an institution that would benefit the children of Hawai'i: Kamehameha Schools. A century later, Bishop Estate controlled nearly one out of every nine acres in the state, a concentration of private land ownership rarely seen anywhere in the world. Then in August 1997 the unthinkable happened: Four revered kupuna (native Hawaiian elders) and a professor of trust-law publicly charged Bishop Estate trustees with gross incompetence and massive trust abuse. Entitled "Broken Trust," the statement provided devastating details of rigged appointments, violated trusts, cynical manipulation of the trust's beneficiaries, and the shameful involvement of many of Hawai'i's powerful. No one is better qualified to examine the events and personalities surrounding the scandal than two of the original "Broken Trust" authors.Their

comprehensive account together with historical background, brings to light information that has never before been made public, including accounts of secret meetings and communications involving Supreme Court justices.

I Will Survive - Gloria Gaynor 2014-03-11

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Yvain - Chretien de Troyes 1987-09-10

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

I Have a Dog - Charlotte Lance 2014-05-01

I have a dog. An inconvenient dog. When I wake up, my dog is inconvenient. When I'm getting dressed, my dog is inconvenient. And when I'm making tunnels, my dog is SUPER inconvenient. But sometimes, an inconvenient dog can be big and warm and cuddly. Sometimes, an inconvenient dog can be the most comforting friend in the whole wide world.

Castle of the Eagles - Mark Felton 2017-02-02

'Keeps up the suspense to the end.' *The Times Literary Supplement* 'An extraordinary, and largely forgotten wartime story -- brought back to life in this Boys' Own account.' *The Daily Mail High* in the Tuscan hills above Florence, an elaborate medieval castle, converted to a POW camp on Mussolini's personal orders, holds one of the most illustrious groups of prisoners in the history of warfare. The dozen or so British and Commonwealth senior officers includes three knights of the realm and two VCs. The youngest of them is 48, the oldest 63. One is missing a hand and an eye. Another suffers with a gammy hip. Against insuperable odds, these extraordinary middle-aged POWs plan a series of daring escape attempts, culminating in a complex tunnel deep beneath the castle. One rainswept night in March 1943, six men will burst from the earth beyond the castle's curtain wall and slip away. By assorted means, the three Brits, two New Zealanders and a half-Belgian aristocrat will attempt to make it to neutral Switzerland, over 200 miles away.
