**The Pretty Lady** - Arnold E Bennett 2020-09-25  
French prostitute, Christine, who has escaped from wartime Ostend, and set herself up in business in London. Though a refugee, she demands no pity; she is self-sufficient, practical and realistic. Christine is not a harpy preying on innocent soldiers, but a canny businesswoman, doing the best she can with the opportunities life has given her. Her main relationship is with G.J. Hoape, a wealthy man above the military age. Bennett in this novel presents a disturbing image of wartime society, fragmented, uneasy and divided. There are references to industrial unrest and to social injustices, and hints that the British press is less than frank about the war.

Pretty Woman - Fern Michaels 2014-10-25

In Fern Michaels's extraordinary, inspiring New York Times bestseller, an overweight woman sets out to improve her life by losing fifty-five pounds—and ends up changing much more than her dress size! Rosie Gardener fell under the spell of handsome Kent Bliss, and not even her best friend Vickie could persuade her that her fiancé was a two-timing cad. Now it's her third wedding anniversary, and Rosie, fed up with Kent's mistreatment, realizes her estranged best friend was right. But the day after kicking Kent out and beginning a diet and exercise regime, Rosie experiences another life-changing event: she wins \$302 million in the Wonderball lottery. Now with Kent lurking in the shadows to claim a share of her money, Rosie needs her friends more than ever. As she works out under the eye of sexy personal trainer Jack Silver, a stronger new Rosie emerges—a woman who wants to learn to trust love once again. Can she keep her vow not to be stopped by Kent's bitterness and her own self-doubts and jump into life with a

passion she didn't know she possessed?

This also includes the impact war can have on the soldiers fighting for their country.

Rules for a Pretty Woman - Suzette Francis  
2009-10-06

Dr. Lenny Faulkner, a single, African American doctor is living a charmed life in Atlanta; compared to the poor childhood she experienced growing up in Madoosa County, a small southeast section of Georgia that reeks of the local box manufacturing plant. Lenny is dedicated to the care and treatment of her female patients. Lenny has been successful in achieving all her goals except one: She yearns to marry her live-in love Ralph and start a family.

In fact, the alarm on Lenny's biological clock is ringing loud and clear---she's turning thirty-five, but Ralph, doesn't hear it. Instead of proposing, he abruptly ends their nine-year relationship, empties their joint bank account and runs off with another woman. Adding to Lenny's misery, she learns that her mother is dying of cancer, with only a few months to live. Feeling utterly defeated, she discovers her fifth grade diary, which contains a list of rules she had created to live by. Reading them after so many years, Lenny realizes that she has somehow buried the intensity she demonstrated in her youth that helped her get out of Madoosa County. The diary becomes the impetus Lenny needs to start taking complete charge of her life again. She discovers that Ralph leaving isn't such a loss and that her newfound strength has opened the door to new possibilities, including love.
