Comprehensive Handbook of Cognitive Therapy - Hal Arkowitz 1989-06-30

This Handbook covers all the many aspects of cognitive therapy both in its practical application in a clinical setting and in its theoretical aspects. Since the first applications of cognitive therapy over twenty years ago, the field has expanded enormously. This book provides a welcome and readable overview of these advances.

Discovering Your Couple Sexual Style - Barry W. McCarthy 2011-03-17

Winner of the 2009 Smart Marriages® Impact Award Think all sex should be earth shattering? The quality of most couple sex doesn't measure up to the much distorted image of the perfect romantic love/passionate sex encounter portrayed in popular culture. In *Discovering Your Couple Sexual Style: Sharing Desire, Pleasure, and Satisfaction*, renowned marital and sex therapist Barry McCarthy and his wife Emily McCarthy urge couples to ignore what they see on TV, in books, or online, and discover their own unique sexual style. The McCarthys offer three guidelines for sexual satisfaction: develop positive, realistic sexual expectations; explore sensual and sexual options; and communicate sexual desires. With this foundation, couples can take a straightforward survey to determine which of four couple sexual styles best fits their relationship. Based on three years of research and treating more than 4,000 individuals and couples, *Discovering Your Couple Sexual Style* provides information, guidelines, exercises, and case studies that will help readers find their own sexual voice and

develop a mutually satisfying sexual style.

The Wiley Handbook of Sex Therapy - Zoë D. Peterson 2017-04-24

The Wiley Handbook of Sex Therapy is a comprehensive and empirically-based review of the latest theory and practice in the psychotherapeutic treatment of sexual problems across client populations. Structured in four sections covering specific sexual dysfunctions, theoretical approaches to sex therapy; working with client diversity; and future directions in sex therapy Advocates a holistic approach to sex therapy with a focus on using a range of psychotherapeutic theories and techniques rather than only the most popular behavioral strategies Includes case studies which highlight the broad spectrum of diverse conditions that clients can experience and which sex therapists can therefore encounter in the consulting room Includes contributions by more than 60 experts from a wide range of disciplines

Foundations for Couples' Therapy - Jennifer Fitzgerald 2017-02-03

As a quality resource that examines the psychological, neurobiological, cultural, and spiritual considerations that undergird optimal couple care, *Foundations for Couples' Therapy* teaches readers to conduct sensitive and comprehensive therapy with a diverse range of couples. Experts from social work, clinical psychotherapy, neuroscience, social psychology, and health respond to one of seven central case examples to help readers understand the dynamics within each partner, as well as within the couple as a system and within a broader cultural context. Presented within a Problem-Based Learning approach (PBL), these cases ground the text in clinical reality. Contributors cover critical and emerging topics like cybersex,

emotional well-being, forgiveness, military couples, developmental trauma, and more, making it a must-have for practitioners as well as graduate students.

Sexuality and Chronic Illness - Leslie R. Schover 1988-06-10

This much-needed work presents a clear, sensitive, and practical guide for clinicians who treat sexual problems among chronically ill men and women. Providing a comprehensive analysis of the difficulties faced by these individuals in their attempts to live full lives, the volume teaches clinicians basic skills needed to comfortably discuss sexuality with patients, assess sexual problems using both psychological and medical approaches, and create a systematic treatment plan. Authors Schover and Jensen's consistent emphasis on integrative assessment and therapeutic techniques goes a long way toward rectifying the imbalance often created by a strictly medical or psychological techniques.

New Directions in Sex Therapy - Peggy J. Kleinplatz 2013-05-13

New Directions in Sex Therapy: Innovations and Alternatives focuses on cutting-edge therapy paradigms as alternatives to conventional sex therapy and expands the definition of the field. Replete with helpful clinical illustrations to demonstrate these new approaches in action, this book is intended for anyone who deals with sexual issues and concerns in therapy, clinicians of every kind, in addition to sex therapists.

The Oxford Handbook of Relationship Science and Couple Interventions - Kieran Terese Sullivan 2016

Marriage and other long-term committed relationships are an integral part of our lives and confer many benefits. People in satisfying marriages report greater life happiness, live longer, and are less vulnerable to mental and physical illness. Unfortunately, many couples experience significant relationship distress and about half of marriages end in divorce. Among those who stay married, a notable number of couples remain in unstable, severely distressed marriages for years or even decades. Given the serious physical and psychological consequences of relationship distress and divorce for spouses and their children, it is clear that relationship science-the basic and applied study of relationship development, maintenance, and

dysfunction-is of critical importance. The Oxford Handbook of Relationship Science and Couple Interventions showcases cutting-edge research in relationship science, including couple functioning, relationship education, and couple therapy. The book presents the most current definitions of and classifications for relationship dysfunction and discusses the latest research on the biological, psychological, and interpersonal causes and correlates of couple dysfunction and subsequent treatment implications. The latest findings regarding empirically supported prevention and treatment interventions for couple dysfunction are highlighted, as well as diversity and cultural issues in the context of working with couples. This Handbook will appeal to researchers who seek to understand the development of relationship distress and design interventions to prevent and treat couple distress and clinicians who are diagnosing, assessing, and treating couple dysfunction.

Sexual Dysfunction: Beyond the Brain-Body Connection - R. Balon 2011-10-11

During the last years human sexuality has been the focus of interest and study by various disciplines. In this volume a multidisciplinary team of international experts discuss contemporary issues of human sexuality from updates on diagnosis to the management of various sexual dysfunctions. Reviews of the management of several female sexual dysfunctions, the impact of cancer on sexual functioning, the impact of trauma on sexual desire and function as well as the newest trends in sex therapy; androgen deprivation treatment of sexual behavior and autogynephilia are discussed in detail. Further, the complex interplay between the field of human sexuality and the Internet, psychological and cultural aspects of infertility are reviewed. A large amount of clinical material on topics rarely covered in other volumes will prove invaluable reading to clinicians from various disciplines such as psychiatry, psychology, urology, gynecology, sexology and sex therapy.

Handbook for Human Sexuality Counseling - Angela M. Schubert 2022-09-20

Sexuality is a significant part of the human experience, yet it is often a neglected topic in both counselor training and the counseling process. In this preeminent guide, expert

clinicians with a variety of mental health and medical backgrounds write on diverse issues related to sexuality through a radical acceptance lens. Each chapter illustrates an affirmative and expansive approach to sexuality that considers clients' sexual and cultural identities and emphasizes sexual wellness. Students and professionals alike will learn how to respectfully and ethically approach sexuality considerations not commonly mentioned in the professional literature, such as sexuality and disability, healing after sexual violence, older adult sexuality, the impact of chronic illness on sexual expression, and paraphilias. The text is organized around eight comprehensive parts: Foundations; Physiological and Psychological; Attraction, Orientation, and Gender; Sexual Wellness; Sexual Agency; Approaches to Sexual Divergence; Relationships; and Education- with case examples, "Questions You Always Wanted to Ask," and additional resources interwoven throughout.

Management of Sexual Dysfunction in Men and Women - Larry I. Lipshultz 2016-07-05

This book provides a comprehensive, state-of-the-art review of the intersection of male and female reproductive and sexual health. The text comprehensively discusses the evaluation and management of physical, genetic, and psychological causes of male and female sexual dysfunction. Discussion of treatment focuses on current medical and surgical psychosexual therapies in both the male and female. The book highlights erectile, ejaculatory, and orgasmic disorders in the male; desire, arousal and orgasmic disorders in the female; and an integrated approach to the couple. Lifestyle modifications through diet and exercise and optimization of anthropomorphic characteristics are also discussed, including a holistic approach to these disorders that goes beyond a focus on the genital system alone. *Sexual Dysfunction in Men and Women: An Interdisciplinary Approach* serves as a resource for physicians and researchers interested in sexual medicine seeking a comprehensive overview of the practice and novel research in the field.

Bulletin of the Menninger Clinic - Menninger Clinic 1982

Therapy with Men after Sixty - Barry McCarthy

2014-09-19

Therapy with Men after Sixty is a breakthrough book for professionals that helps them open their clients' minds to new ways of thinking, behaving, and feeling about the aging process. The authors adopt a realistic but optimistic tone as they carefully examine the psychological, relational, and sexual aspects of life after 60, while also dispelling common myths. Topics addressed include how to build and maintain Psychological Well Being, have quality relationships, build self-esteem, and deal with crisis and loss. Practical topics, such as financial issues, living situations, and relationships with adult children and grandchildren are addressed through guidelines, skill exercises, and case studies. Each chapter helps mental health professionals to account for individual, couple, cultural, and value differences, making this an unparalleled resource for helping men successfully meet the challenges of aging.

Awesome Families - Kathleen E. Jenkins 2005-11
Denounced by some as a dangerous cult and lauded by others as a miraculous faith community, the International Churches of Christ was a conservative evangelical Christian movement that grew rapidly in the 1980s and 1990s. Among its followers, promises to heal family relationships were central to the group's appeal. Members credit the church for helping them develop so-called "awesome families"- successful marriages and satisfying relationships with children, family of origin, and new church "brothers and sisters." The church engaged an elaborate array of services, including round-the-clock counseling, childcare, and Christian dating networks-all of which were said to lead to fulfilling relationships and exciting sex lives. Before the unified movement's demise in 2003-2004, the lure of blissful family-life led more than 100,000 individuals worldwide to be baptized into the church. In *Awesome Families*, Kathleen Jenkins draws on four years of ethnographic research to explain how and why so many individuals-primarily from middle- to upper-middle-class backgrounds-were attracted to this religious group that was founded on principles of enforced community, explicit authoritative relationships, and therapeutic ideals. Weaving classical and contemporary social theory, she argues that members were

commonly attracted to the structure and practice of family relationships advocated by the church, especially in the context of contemporary society where gender roles and family responsibilities are often ambiguous. Tracing the rise and fall of this fast-growing religious movement, this timely study adds to our understanding of modern society and offers insight to the difficulties that revivalist movements have in sustaining growth.

The Corsini Encyclopedia of Psychology, Volume 4 - Irving B. Weiner 2010-01-19

Psychologists, researchers, teachers, and students need complete and comprehensive information in the fields of psychology and behavioral science. The Corsini Encyclopedia of Psychology, Volume Four has been the reference of choice for almost three decades. This indispensable resource is updated and expanded to include much new material. It uniquely and effectively blends psychology and behavioral science. The Fourth Edition features over 1,200 entries; complete coverage of DSM disorders; and a bibliography of over 10,000 citations. Readers will benefit from up-to-date and authoritative coverage of every major area of psychology.

National Union Catalog - 1983

Principles and Practice of Sex Therapy -

Kathryn S. K. Hall 2020-06-29

This widely used clinical reference and text--now significantly updated with 75% new material reflecting therapeutic advances, diagnostic changes, and increased coverage of sexual minority groups--comprehensively addresses sexual problems and their treatment. Prominent contributors interweave theory, research, and clinical considerations. Detailed case examples

illustrate the process of assessment and intervention with individuals and couples across the lifespan, with attention to gender-related, cultural, and health concerns. The volume features an integrative introduction and conclusion, plus an instructive editorial commentary at the beginning of each chapter. New to This Edition *Many new authors and extensively revised chapters. *Coverage of advances in sexual medicine, ICD-11 diagnostic changes, and other timely topics. *Chapters on sexual aversion, female sexual arousal disorder, and out-of-control sexual behavior. *Chapters on the transition to parenthood and the treatment of sexual concerns in the BDSM community and adult transgender clients. *Chapters on additional medical issues: cancer and spinal cord injury.

Positive Psychology of Love - M. Hojjat
2013-06-27

Positive Psychology of Love brings together the latest research and theory in the field of close relationships from positive psychology, suggesting ways individuals can have more fulfilling close and intimate relationships, and how these relationships may enhance our lives.

Sexual Pleasure Sharing - Walter J. Janson
1981

Lowinson and Ruiz's Substance Abuse - Pedro Ruiz 2011

"A comprehensive, authoritative text on all aspects of substance abuse and addiction medicine. Scientific topics such as the biology of various addictions and all dimensions of clinical treatment and management are addressed by a wide range of leading contributors. Behavioral addictions are addressed also, so the text is not solely devoted to specific substances and their misuse"--Provided by publisher.
