Sexuality & Ageing - Walter Pierre Bouman 2017-10-02

Across the globe, both in developed and developing countries, the population is rapidly ageing. In the fields of sexual and relationship therapy and sexual health, ageing has not been an issue of priority. Too often, ageing is thought of as a process that relates to problems, deficits, and taboos, and less to pleasure, change, growth and diversity. It is treated as a separate life stage and not a process throughout the

lifecycle. Sexuality and sexual health are important parts of the lives of older people, as they have a significant impact on quality of life, psychological well-being and physical health, as well as social and family life. This book brings together contributions from those currently writing on and researching ageing as it relates, in a therapeutic context, to gender identity, to sex and sexuality, and to intimate relationships. This book was originally published as a special issue of Sexual and

Relationship Therapy.

Intimacy, Sexuality and Sexual Behaviour in Dementia - 2005

Understanding and Perceptions of Long-term Caregivers Regarding Sexuality of Elderly Residents' - Amber M. Travis 2006

Practical Psychiatry in the Long-Term Care Home - David K Conn 2007-05-01

This is a practical book, aimed at providing training and guidance for staff members in long-term care facilities. The goal is to help staff understand and solve the wide range of psychiatric and behavioral problems which are encountered on a day-to-day basis. Numerous clinical illustrations are presented. This material is invaluable for all team members: nurses, physicians, social workers, psychologists and occupational therapists. It is especially helpful for frontline health aids who work most closely with the residents, and for supervisors and administrators. As a result, it also serves as a useful tool for teaching students. The emphasis is on training all members of the staff to provide the highest quality of care, in the most cost-effective and productive manner. The authors have worked together for many years at the Baycrest Centre for Geriatric Care, a large university affiliated, multilevel geriatric center, which has an international reputation for its excellence in the care of the elderly.

Magnificent Sex - Peggy J. Kleinplatz 2020-03-10

Winner of the 2021 SSTAR Consumer Book Award! What makes sex magnificent? What are the qualities of extraordinary erotic intimacy and what are the elements that help to bring it about? Is great sex the stuff that people remember nostalgically from the "honeymoon" phase of their relationships, or can sex improve over time? *Magnificent Sex* is based on the largest, in-depth interview study ever conducted with people who are having extraordinary sex. It gathers the nuggets for remarkable sex from the "experts", distilling them into an attainable blueprint for ordinary lovers who want to make erotic intimacy grow over the course of a lifetime. Looking at factors including individual and relational qualities, empathic communication and the myths and realities of magnificent sex, this book offers accessible and evidence-based guidance for lovers and therapists alike. It is replete with frank and often humorous interviews with straight and LGBTQ individuals and couples, those who are "vanilla" and "kinky", monogamous and consensually non-monogamous and healthy and chronically ill. This illuminating book explores the implications of the findings to develop a model that effectively tackles the common problems of low desire and frequency. The "cure" for low desire is to create desirable sex!

Vulnerable Populations in the Long Term Care Continuum - Paul R. Katz, MD 2004

Since publication of the last series volume focusing on emerging systems, long term care has continued to evolve. This present volume brings to the forefront issues related to populations of varying age groups that have been neglected or under-reported. The chapters focus on populations or groups of professionals that are integral to long term care as recipients of services or as care providers. The authors present evidence to foster the creation of new paradigms of care and inform policy makers of the need for innovation. Topics examined include: Pediatric Skilled Nursing Facilities Mental Health Services Management of AIDS Patients Chronic Illness and Disability in the Prison Setting Sexuality in long Term Care Decision Making for Vulnerable Populations in the Nursing Home

Sexuality and Aging - Nancy E. Hinkley 1979

Psychiatric Consultation in Long-Term Care - Abhilash Desai 2017-08-11

Building on the first edition, *Psychiatric Consultation in Long-Term Care* has been fully revised and updated, integrating DSM-5 classification throughout. It delivers an essential resource for psychiatrists, neurologists, geriatricians, palliative care physicians, primary care physicians, nurse practitioners, pharmacists, and physician assistants involved in prevention, assessment, diagnosis, and management of neuropsychiatric disorders in long-term care (LTC) populations, as well as for nurses, social workers, and other professionals involved in important day-to-day care. The book provides comprehensive descriptions of practical, strengths-based, individualized, psychosocial, spiritual, and environmental approaches, and high-quality mental healthcare utilizing pharmacological interventions when appropriate to improve the emotional and spiritual well-being of LTC residents. It details key elements in creating genuine person-centered long-term care:

the reduction of inappropriate medications and counter-therapeutic staff approaches, treating serious psychiatric disorders with evidence-based interventions, and a road-map for owners and administrators of LTC facilities.

Desexualisation in Later Life - Simpson, Paul 2021-07-19

Challenging stereotypes, this volume investigates the experiential and theoretical landscapes of older people's sexual intimacies, practices and pleasures. Contributors explore the impact of desexualisation and distinguish the challenges older people face from the prejudices imposed on them.

Human Sexuality in Long-Term Care - 2003

Sexuality and Dementia - Douglas Wornell, MD 2013-12-13

The First Comprehensive Guide for Dealing with Dementia's Effect on Sex, Intimacy, and Relationships It is common for a person with dementia to exhibit inappropriate and uncharacteristic sexual behavior, including promiscuity, verbal abuse, aggression, grabbing, exhibitionism, and jealous paranoia. This behavior puts a strain on spouses and partners, as well as other loved ones and caregivers. Now, for the first time, esteemed geriatric neuropsychiatrist, Douglas Wornell, MD, provides essential information and practical solutions to cope with these troubling and often embarrassing actions by providing: information on the contributing role of medication (and overmedication), both prescribed and over-the-counter ways to handle inappropriate behaviors that respect the person with dementia, their loved ones, and their caregivers recommendations to minimize the legal risk and potential for injury in long-term care facilities personal stories of the many ways couples have chosen to deal with the changes to their sexual dynamic and relationship

Long-term Care and the Law - George D. Pozgar 1992

This valuable handbook covers all facets of the legal environment of long-term care administration in a clear, non-technical fashion.

Sexuality and Dementia - Douglas Wornell 2013-12-13

Stories of patients, caregivers and spouses offer insights and examples to others dealing with the often confusing sexual behavior of people with dementia. (Mental Health)

Ethical Choices in Long-term Care - World Health Organization 2002

The aim of this report is to identify key ethical considerations involved in the provision of long-term care systems for people with chronic illnesses and disabilities; a subject which presents a growing challenge for societies around the world, especially for developing countries. The report is based on the discussions of a meeting held in Chicago in July 2002, which included experts in public health, long-term care and development issues. Aspects considered include: the role of the family and other stakeholders, the caregiving relationship, social justice issues, and future options. It also includes four papers which discuss social justice values underlying long-term care provision.

Sexuality and Aging - Jennifer Hillman 2012-03-27

Despite continuing ageist beliefs that sexuality is a privilege designed only for the young and physically healthy, research continues to indicate that the majority of older adults maintain interest in sexuality and may engage in fulfilling sexual behavior well into their last decade of life. Unfortunately, many professionals remain unaware of general knowledge of elderly sexuality, including the expected and normal physiological changes that can occur within the context of both male and female aging. The presence of chronic illness and other medical problems certainly can influence the expression of an aging adult's sexuality, and emergent research suggests that there are effective ways to cope with menopause, heart disease, arthritis, incontinence, diabetes, sleep disorders, breast cancer, prostate cancer, and erectile dysfunction (ED), among others. Dramatic changes have taken place within the last decade alone in terms of non-surgical treatment for incontinence and ED, with forms of sex therapy, biofeedback, and PDE-5 inhibitors. Regrettably, many aging adults and their care providers remain unaware of their increased risk factors for STDs, including HIV infection via lack of knowledge, changes in the vaginal lining, and typical declines in immune function. Estimates suggest that by the year 2020, more than half of all individuals living with HIV will be over the age of 50. Although some high quality professional books are available for clinicians, they tend to be disjointed research bibliographies, edited volumes on a narrowly focused aspect of elderly sexuality, or texts that are more than 10 years old. With the extent of new information available regarding sexuality and aging, an up to date, empirically based text is necessary.

Mosby's Textbook for Long-Term Care Nursing Assistants - E-Book - Clare Kostelnick 2018-12-28

With its highly visual format, topical information, and easy-to-follow guidance, Mosby's Textbook for Long-Term Care Nursing Assistants, 8th Edition is the perfect resource to help you master the ins and outs of long-term care. One hundred step-by-step procedures — all written at the sixth-grade reading level — provide clear instructions for completing skills. Helpful spotlight boxes and realistic patient scenarios reinforce the nursing assistant's roles and responsibilities that are needed in today's long-term care settings. New features in this edition include an all-new chapter on culture and religion; a new chapter on career management and getting hired; new procedures; and updated content on topical issues like confusion and dementia, hypertension, American Heart Association CPR, cancer, and more. As with previous editions, the focus on OBRA content and patient quality of life will underscore competent and respectful care. 6th grade reading level and concise coverage helps readers of all levels and abilities (particularly ESL individuals) easily understand and master important long-term care concepts and procedures. 100 step-by-step procedures are divided into pre-procedure, procedure, and post-procedure sections for easier learning. Residents with Dementia boxes cover the special needs of older persons with Alzheimer's disease and other dementias. Promoting Safety and Comfort boxes emphasize the need to provide safe care while making a patient more comfortable. Delegation Guidelines boxes describe what information the nursing assistant needs from the nurse and the care plan to perform safe care; as well as what information to report and record. Quality-of-Life boxes reinforce the importance of patients' rights and enhancing their quality of life when giving care. Teamwork and Time Management boxes illustrate ways to work efficiently within the health care team. Time to Reflect scenarios present realistic patient situations faced by nursing assistants to build critical thinking skills. Focus on Rehabilitation boxes clarify considerations and insights about rehabilitation and restorative care. Focus on Communication boxes provide guidelines for how to clearly communicate with patients and avoid comments that might make them uncomfortable. NATCEP certification exam icons identify the skills tested on the National Nurse Aide Assessment Program and state certification exams. Review questions at the end of each chapter help evaluate learning. Key abbreviations at the beginning of each chapter highlight commonly used abbreviations.

Sexuality & Long-term Care - Gayle Appel Doll 2012

Sexuality in residents of long-term care facilities is a topic rarely addressed except in cases of inappropriate behavior. After distinguishing between sexuality and intimacy, Doll (Center on Aging, Kansas State U.)

examines societal, older adult, and staff attitudes toward sexual expression in seniors; the effects of aging on sexuality; family influences; spaces and policies for balancing public and private spaces; and the needs of lesbian, gay, bisexual, and transgendered residents. The text includes case studies, assessment forms, exercises, discussion questions, and annotated further references.

The Nurse Practitioner in Long-term Care - Barbara S. White 2007

A comprehensive reference, *The Nurse Practitioner in Long-Term Care* covers geriatric care provided by the nurse practitioner in the skilled nursing facility (SNF). It includes an introduction to nursing homes, medication management, practical health promotion and disease prevention, and management of common clinical conditions specific to the skilled and long-term care nursing home settings. It also includes topics pertinent to everyday practice such as end-of-life care, pain control, and legal and regulatory issues. This text is useful in graduate programs for nurse practitioners and clinical nurse specialists, as well as for physician's assistant (PA) students. It provides practical guidelines and is an excellent resource book for nurse practitioners and PAs new to nursing home practice or for seasoned professionals.

Accessing Intimacy - Meghann Leslie Sawatsky 2019

The sex and intimacy needs of persons with disabilities are increasingly highlighted in research, particularly during the last two decades. There is also research to examine the experience of staff within long term care related to the sex and intimacy needs or behaviours of long-term care residents. However, there is limited research examining the experience of sex and intimacy from the viewpoint of residents, particularly younger residents of long-term care. This qualitative research study uses a phenomenological approach to explore the experiences of persons with disabilities, under the age of 70, living in a long-term care facility, accessing a sexual and intimate life. Four participants were recruited using a purposive, criterion sample. Through the data analysis, a central theme of It's About Belonging emerged along with four subordinate themes, which include; Being Different From Others, New Relationships and Connections, Being Left, and Staff Facilitated. The discussion includes suggestions for increased education related to sexuality and intimacy for long-term care staff, the need for increased social work support, and long-term care alternatives. Improvements to the current long-term care system, such as smaller community homes, increased investment in community care are some ways in which the isolations experienced after moving to long term care could be alleviated.
