Lesbians for Men. Ediz. Italiana, Spagnola E Portoghese - Dian Hanson 2016-04

Introduction to Sociology 2e - Heather Griffiths 2017-12-31

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

SuicideGirls No. 4 - Missy Suicide 2017-02

Infrequently published chronicle of the exploits and photographs of the world famous alternative model cult known as the SuicideGirls.

SuicideGirls: Hard Girls, Soft Light - Missy Suicide 2012

The SuicideGirls are a collection of more than 2,500 pin-up girls devoted to changing your idea about what makes a woman beautiful ... and they are naked. Started in Portland, Oregon, by Missy Suicide and her friends in 2001, the SuicideGirls broke conventional notions of beauty and the pin-up girl ideal as defined by men's and women's magazines and the culture at large. In addition to the millions of visitors that frequent the SG Website, this book will appeal to both men and women (their membership is split nearly equally) who thought the shy, artsy chick with the black eyeliner and nose ring was the sexiest girl in high school (every guy in Silverlake, Williamsburg, and beyond).

Reclaiming the F Word - Doctor Kristin Aune 2013-06-13

Feminism is so last century. Surely in today's world the idea is irrelevant and unfashionable? Wrong. Since the turn of the millennium a revitalised feminist movement has emerged to challenge these assumptions. Based on a survey of over a thousand feminists, Reclaiming the F Word reveals the what, why and how of today's feminism, from cosmetic surgery to celebrity culture, from sex to singleness and now, in this new edition, the gendered effects of possibly the worst economic crisis ever. This is a generation-defining book demanding nothing less than freedom and equality, for all.

SuicideGirls: Geekology - Missy Suicide 2014

The SuicideGirls are a collection of more than 2,500 pin-up girls devoted to changing your idea about what makes a woman beautiful ... and they are naked. Started in Portland, Oregon, by Missy Suicide and her friends in 2001, the SuicideGirls broke conventional notions of beauty and the pin-up girl ideal as defined by men's and women's magazines and the culture at large. This time around "SuicideGirls isn't redefining what it means to be beautiful or what it means to be a geek. They're celebrating the fact [they've] always been here, [they've] always been geeks, and [they've] always been beautiful." "SuicideGirls: Geekology" casts the spotlight on the self-proclaimed geeks of the SuicideGirls population--the video-game players, the comic-book readers, the Trekkies, and many other shining examples of the culture they're celebrating. There's something really wonderful about this book. There's something beautiful around the idea of showcasing girl geeks in all their glory: to go beyond the photos and find out that, to us, each piece of the picture means something. To find out how many hours we put into designing our cosplay and how attentive we are to the homages we create. We're not

just playing dress up in a world we know nothing about. We were right there with it, helping to build popularity from the ground up: first in line, issue number one. Once a subculture of a subculture, women are now a full force in the geek community.

Control and Freedom - Wendy Hui Kyong Chun 2008-09-26

A work that bridges media archaeology and visual culture studies argues that the Internet has emerged as a mass medium by linking control with freedom and democracy. How has the Internet, a medium that thrives on control, been accepted as a medium of freedom? Why is freedom increasingly indistinguishable from paranoid control? In *Control and Freedom*, Wendy Hui Kyong Chun explores the current political and technological coupling of freedom with control by tracing the emergence of the Internet as a mass medium. The parallel (and paranoid) myths of the Internet as total freedom/total control, she says, stem from our reduction of political problems into technological ones. Drawing on the theories of Gilles Deleuze and Michel Foucault and analyzing such phenomena as Webcams and face-recognition technology, Chun argues that the relationship between control and freedom in networked contact is experienced and negotiated through sexuality and race. She traces the desire for cyberspace to cyberpunk fiction and maps the transformation of public/private into open/closed. Analyzing "pornocracy," she contends that it was through cyberporn and the government's attempts to regulate it that the Internet became a marketplace of ideas and commodities. Chun describes the way Internet promoters conflated technological empowerment with racial empowerment and, through close examinations of William Gibson's *Neuromancer* and Mamoru Oshii's *Ghost in the Shell*, she analyzes the management of interactivity in narratives of cyberspace. The Internet's potential for democracy stems not from illusory promises of individual empowerment, Chun argues, but rather from the ways in which it exposes us to others (and to other machines) in ways we cannot control. Using fiber optic networks—light coursing through glass tubes—as metaphor and reality, *Control and Freedom* engages the rich philosophical tradition of light as a figure for knowledge, clarification, surveillance, and discipline, in order to argue that fiber-optic networks physically instantiate, and thus shatter, enlightenment.

SuicideGirls - Missy Suicide 2008-11

"SuicideGirls" explores the SuicideGirl phenomenon from their start in 2001 to their Web sites that attract more than one million visitors per week. This title shines a light on a new female aesthetic—a look reminiscent of vintage Betty Page and Bunny Yeager, but with a decisively 21st-century edge.

More Than a Body - Lexie Kite 2020-12-29

Drs. Lindsay and Lexie Kite know firsthand how hard filtering out media influence is when it comes to self-image. Both struggled as young women to overcome the expectations of body size and shape, but were able to learn to love, appreciate, and reclaim their own bodies, eventually earning their PhDs in body image resilience. The twin sisters founded the nonprofit Beauty Redefined and have made it their mission to help other women see themselves without societal expectations distorting their self-perception. *More than a Body* is a self-help book focused on going beyond body positivity, showing how a mindset focused on appearance sets women up for insecurities and self-judgement. In this book, they offer an action plan for readers to combat that mindset, and instead learn how the body can be "an instrument, not an ornament," with practical, actionable steps to take when consuming media, exercising, practicing

self-reflection and self-compassion, and finding a purpose in life.
More Dirty Girls. Ediz. Illustrata - Ellen Stagg 2019-10-10

Performance Studies - Richard Schechner 2012-12-06

In this second edition, the author opens with a discussion of important developments in the discipline. His closing chapter, 'Global and Intercultural Performance', is completely rewritten in light of the post-9/11 world. Fully revised chapters with new examples, biographies and source material provide a lively, easily accessible overview of the full range of performance for undergraduates at all levels in performance studies, theatre, performing arts and cultural studies. Among the topics discussed are the performing arts and popular entertainments, rituals, play and games as well as the performances of everyday life. Supporting examples and ideas are drawn from the social sciences, performing arts, post-structuralism, ritual theory, ethology, philosophy and aesthetics. User-friendly, with a special text design, *Performance Studies: An Introduction* also includes the following features: numerous extracts from primary sources giving alternative voices and viewpoints biographies of key thinkers student activities to stimulate fieldwork, classroom exercises and discussion key reading lists for each chapter twenty line drawings and 202 photographs drawn from private and public collections around the world.

Networking - Tatiana Bazzichelli 2009-02

Networking means to create nets of relations, where the publisher and the reader, the artist and the audience, act on the same level. The book is a first tentative reconstruction of the history of artistic networking in Italy, through an analysis of media and art projects which during the past twenty years have given way to a creative, shared and aware use of technologies, from video to computers, contributing to the creation of Italian hacker communities. The Italian network proposes a form of critical information, disseminated through independent and collective projects where the idea of freedom of expression is a central theme. In Italy, thanks to the alternative use of Internet, during the past twenty years a vast national network of people who share political, cultural and artistic views has been formed. The book describes the evolution of the Italian hacktivism and net culture from the 1980s till today. It builds a reflection on the new role of the artist and author who becomes a networker, operating in collective nets, reconnecting to Neoavant-garde practices of the 1960s (first and foremost Fluxus), but also Mail Art,

Neoism and Luther Blissett. A path which began in BBSes, alternative web platforms spread in Italy through the 1980s even before the Internet even existed, and then moved on to Hackmeetings, to Telestreet and networking art by different artists such as 0100101110101101.ORG, [epidemiC], Jaromil, Giacomo Verde, Giovanotti Mondani Meccanici, Correnti Magnetiche, Candida TV, Tommaso Tozzi, Federico Bucalossi, Massimo Contrasto, Mariano Equizzi, Pigreca, Molleindustria, Guerriglia Marketing, Sexyshock, Phag Off and many others.

Generation Citizen - Scott Warren 2019-03-05

"Required reading." —Josh Tickell, author of *The Revolution Generation*
 Since its beginnings in 2009, Generation Citizen has grown to become one of the preeminent civics education organizations in America. Championing the activism of young people now and throughout history—from the civil rights movement to #BlackLivesMatter and the Parkland students—Generation Citizen is a bold reminder of the positive power of politics, and an inspiring, actionable guide for anyone ready to fight for democracy. "Timely and accessible. The rising generation is ready to exercise power—and save our republic." —Eric Liu, CEO of Citizen University and author of *You're More Powerful Than You Think*
Talking Bodies Vol. II - Bodie A. Ashton 2020-05-07

This volume brings together scholars from across disciplines and continents in order to continue to analyse, query, and deconstruct the complexities of bodily existence in the modern world. Comprising nine essays by leading and emerging scholars, and spanning issues ranging from literature, history, sociology, medicine, law and justice and beyond, *Talking Bodies vol. II* is a timely and prescient addition to the vital discussion of what bodies are, how we perceive them, and what they mean. As the essays of this volume demonstrate, it is imperative to question numerous established presumptions about both the manner by which our bodies perform their identities, and the processes by which their ownership can be impinged upon.
