In at the Deep End - Jake Tilson 2011

"For as long as Jake Tilson can remember he has always been scared of fish. Mysterious ice-laden market stalls have been sidestepped and intimidating seafood recipes left safely on the shelf, while the few occasions he has attempted to cook it have met with disaster. In at the Deep End sees the award-winning artist, designer, writer and cook finally overcome his last culinary taboo by travelling the globe on a quest to buy, prepare and cook fish and seafood. An evocative, marvellously layered and wonderfully illustrated exploration of Jake's many experiences with fish, this delightful food memoir and recipe book catalogues his journey from fish-phobic to seafood obsessive. Whether cooking mussels in Sydney or sprats in Sweden, visiting the fish markets of Tokyo or snorkelling on the Great Barrier Reef, Jake's unquenchable interest in every aspect of the sea and fish cookery is unstoppable. His acute eye and enticing culinary experiments and recipes make In at the Deep End a book to be read, savoured, used and, above all, enjoyed."--

The Silent Language of Leaders - Carol Kinsey Goman, Ph.D. 2011-04-19

A guide for using body language to lead more effectively Aspiring and seasoned leaders have been trained to manage their leadership communication in many important ways. And yet, all their efforts to communicate effectively can be derailed by even the smallest nonverbal gestures such as the way they sit in a business meeting, or stand at the podium at a speaking engagement. In The Silent Language of Leaders, Goman explains that personal space, physical gestures, posture, facial expressions, and eye contact communicate louder than words and, thus, can be used strategically to help leaders manage, motivate, lead global teams, and communicate clearly in the digital age. Draws on compelling psychological and neuroscience research to show leaders how to adjust their body language for maximum effect. Stands out as the only book to address specifically how leaders can use body language to increase their effectiveness Goman, a respected management coach, is widely considered as the expert in body language issues in the workplace The Silent Language of Leaders will show readers how to take advantage of the most underused skills in the leadership toolkit—nonverbal skills—to improve their credibility and stay ahead of the curve.

Arm yourself with the essential words or phrases which have entered the etiquette lexicon from pre-revolutionary France, and know not to mix up your droit du seigneur with your noblesse oblige. Bask in the admiration of your aristocratic hosts as you enquire politely about the place à table, pronounce confidently on whether the going is heavy or soft, and hold your own against the most sneering of posturing parvenus.

Bluffer's Guide to Accountancy - Liz Fisher 2004-06

Bluffer's Guide To Social Media - Susie Boniface 2018-06-26

Instantly acquire all the knowledge you need to pass as an expert in the world of social media. Know what to say, what not to say, what to post, what not to post, and what excuses to make if you don't know the difference between a tweet and a dweet, or even a retweet (which, any tweep worth their salt will know is always called an RT). Never again confuse a LOL with an ROFL, a selfie with a shelfie, or Godwin's Law with the Streisand Effect. Bask in the admiration of your fellow social media aficionados as you pronounce confidently on the chances of Facebook going the way of Friends Reunited and Bebo, and why MySpace could be the Casio keyboard of the 21st century. Above all don't hold back when it comes to saying what you really think of trolls, pointing out that there has never yet been one who had a healthy mental attitude, a steady job and the requisite intelligence to write anything worth reading.

Bluffer's Guide to Sex - Rebecca Newman 2019-01-29

Instantly acquire all the knowledge you need to pass as an expert in the world of sex, seduction, and the sensual arts with Bluffer's Guide to Sex. Never again confuse a Flying Wallenda with an Inverted Wheelbarrow, food sex with vanilla sex, or a banjo string with a cupid stunt. Bask in the admiration of your fellow enthusiasts as you pronounce confidently on the comparative pleasures of identifying and arousing 'P-spots', 'E-spots' and 'G-spots', and effortlessly learn how to hold your own (figuratively speaking) against keen devotees of 'frottage'. DO SAY: 'A cursory look at the design and anatomical positioning of the male and female sexual organs shows that when God designed Homo sapiens, aestheticism and ease of access were not high on the job description. The human genitalia are not exactly user-friendly.' DON'T SAY: 'I feel that it's time for our sex life to move on to the next stage. You don't have a fear of rodents, do you?'

Bluffer's Guide to Journalism - Susie Boniface 2019-03-26

It isn't that journalism is particularly difficult - one look at Piers Morgan will prove that any fool can do it - but it nonetheless requires a level of braggadocio and bluster that would make even Donald Trump blush. It is possible to bluff one's way through discussions on wine, or Brexit, or even the offside rule, with a little knowledge and a bit of brass neck. But anyone who attempts to pull the wool over the eyes of a journalist will be attempting The Greatest Bluff Known To Humankind, because journalists can smell a lie from 500 miles away down a patchy telephone line, while drunk and at closing time. To pull it off, you will need the native cunning of Machiavelli, the coolness of Dean Martin and the same total lack of scruples as Del Boy Trotter. You will also need this book. DO SAY "A journalist is a reporter out of a job" - Mark Twain DON'T SAY "Trust me. Have you ever known a journalist not honour an 'off-the-record' agreement, invade someone's privacy, not protect a source, make up a quote ... ?"
