

Understanding Human Sexual Inadequacy

The Layman's Explanation of Human Sexual Inadequacy - Paul J. Gillette 1970

Masters & Johnson on Sex & Human Loving - Masters & Johnson 1988

The internationally acclaimed sex researchers William H. Masters, Virginia E. Johnson and Robert C. Kolodny produce here for the first time a comprehensive, warm and highly readable survey of their findings. The remarkable range of complexities - biological, psychological and social, make up human sexuality. And best of all, the authors describe how to use this information to heighten the quality of your intimate relations. They explore current research on the nature of love, the meaning of sexual fantasies and common problems people having in attaining and maintaining sexual intimacy.

Human Sexual Response - Ishi Press International 2010

"Masters and Johnson's basic groundwork in sex physiology will now make it possible for medicine to assume a responsibility it has neglected far too long - that of educating its own. Through the authors' efforts, those responsible for sex education finally have before them clinical facts about one of the more vital aspects of human existence. [This volume] is primarily concerned with the sexual response cycles of men and women between the ages of 21 and 50, with emphasis on similarities rather than differences in their sexual response patterns."--Excerpt from the Publisher's Description.

Human sexual inadequacy - Toos van Emmerik-Vlamings 1973

An Analysis of Human Sexual Inadequacy - Jhan Robbins 1971

Modern Sexuality - Mary Gottesfeld 1973

An Analysis of Human Sexual Inadequacy [by] Jhan and June Robbins - Jhan Robbins 1970

Understanding Human Sexual Inadequacy - Fred Belliveau 1970

Sexual Life - Stephen B. Levine 2013-11-21

The author has written an unusually fresh work, applying a biopsychosocial approach to the diagnosis and treatment of a wide range and degree of disorders. The book will provide mental health professionals and graduate students with a trustworthy, sophisticated introduction to sexual health and its problems.

Masters and Johnson on Sex and Human Loving - William H. Masters 1986

**** Cited in BCL3. A comprehensive textbook that examines sexuality from biological, psychosocial, behavioral, clinical, and cultural perspectives. Human Sexual Inadequacy [by] William H. Masters [and] Virginia E. Johnson - William H. Masters 1970

Handbook of Sex Therapy - Joseph LoPiccolo 2012-12-06

When is it timely to publish a synthesis of previously published and original materials from a specific discipline? I believe it to be timely when one has a sufficient amount of high-quality material covering the critical areas of that topic, when the previously published material is scattered over a wide range of journals and books, and when there is no single book that synthesizes the discipline. The treatment of sexual dysfunction emerged to the front lines of health delivery only during the past decade with the pioneering work of William Masters and Virginia Johnson. In spite of the rash of sex clinics and sex therapists that followed, precious little solid research has been conducted on the various strategies of therapy, the means of assessing complex interpersonal sexual relationships, and the manner by which

clinical change is objectively assessed. No one reader can keep pace with the multitude of journals that publish key material by sophisticated investigators. And no one investigator can cover these salient areas alone with his or her original work in a single volume. The critical papers have now been written. Ten were written specifically for this volume and thirty-three have previously appeared. This volume laces them together into a coherent pattern. Thus, the time for a synthesis in sexual dysfunction.

Human Sexual Inadequacy - William H. Masters 1970

The innovative program described in this book revolutionizes the treatment of sexual dysfunction. During eleven years of daily clinical work, more than five hundred couples have been treated at Masters and Johnson's Reproductive Biology Research Foundation in St. Louis. Here the relationship itself is the patient. The authors stress that there is no uninvolved partner when sex is a problem. Therefore they treat the partners even if only one appears to be sexually dysfunctional. And their therapy techniques have proven successful in 80 percent of all cases treated. The key to this unprecedented record is the role of the dual therapy team. Masters and Johnson have found that it takes both a man and a woman therapist to treat a couple effectively. The dual therapy team acts as a catalyst, encouraging communication between partners when none has existed before. They use psychological and psychological methods of treating impotence, ejaculatory incompetence, premature ejaculation, orgasmic dysfunction in women, vaginismus, and painful intercourse. Basic to all treatment techniques is the premise that attitudes and ignorance rather than any mental or physical illness are responsible for most sexual problems. The two-week rapid therapy program developed by Masters and Johnson includes both counseling and specific instructions for patients to follow in privacy. All results of success or failure reported in Human Sexual Inadequacy Are substantiated by a unique five-year patient follow up program. The concept and format of the therapy program are examined in detail in the first two chapters of the book. Included are discussions of the qualifications for co-therapists and accounts of history-taking techniques and round table talks held by the co-therapists and the couple. A full description follows of the instructions given by the therapists to effect psychosexual reorientation of the marital problems. Analysis of each type of dysfunction, its progression and manifestations, accompanies the important step-by-step explanation of practical treatment methods. Chapters on sexual function and dysfunction of the geriatric population explain how the aging male and female can function sexually even in their eighties if they learn to adjust their sexual activities to the natural changes of aging. Program statistics and a critical review of treatment failures conclude this landmark book. Masters and Johnson estimate that one-half of the marriages in the United States are threatened by sexual dysfunction. The therapy program described in HUMAN SEXUAL INADEQUACY introduces a new era in the effective treatment of these sexual difficulties that prevent the enjoyment of a full sex life and a happy marriage. The exceptionally clear account of their major breakthrough in therapy is a long-needed and invaluable guide to clinical counseling and treatment. In addition, it provides an excellent basis for training programs for professional therapists. HUMAN SEXUAL INADEQUACY is essential reading for all health professionals and introduces a new era in the effective treatment of sexual dysfunction.

The Sex Researchers - Edward M. Brecher 1969

Geschiedenis van de seksuologie; o.a. Havelock Ellis, Richard von Krafft-Ebing, Sigmund Freud, Van de Velde, Kinsey, Money en Masters en Johnson.

Sex Research and Sex Therapy - Ross Morrow 2013-06-17

Gynaecologist William Howell Masters and psychologist Virginia Eshelman Johnson pioneered research into the nature of human sexual response and the diagnosis and treatment of sexual disorders and dysfunctions from 1957 until the 1990s. This book examines their influential scientific sex research and its groundbreaking implications for sex therapy and the study of human sexuality. Until now, these

developments have been largely ignored in sociology. The book illuminates how Masters and Johnson have constructed their apparently scientific ideas about sexual function and dysfunction with reference to dominant Western discourses about sexuality. In addition, the book will explore some of the wider theoretical, conceptual and historical issues relating to the study of human sexuality. These will include a critical evaluation of conventional accounts of the history of the sociology of sex, particularly in the United States, major theoretical frameworks used in the study and understanding of human sexuality, and some of the key concepts underpinning sex research and sex therapy.

Masters And Johnson on Sex And Human Loving - W.H. Masters 1982

The Pleasure Bond - William H. Masters 1975

Masters and Johnson on Sex and Human Loving - Robert Kolodny 1988-04-30

Masters and Johnson on Sex and Human Loving, written by the internationally acclaimed sex researchers William H. Masters, Virginia E. Johnson, and Robert C. Kolodny, is a comprehensive, warm, and highly readable survey that includes the most current findings on the remarkable range of complexities--biological, psychological, and social--that make up human sexuality.

The Modernization of Sex - Paul A. Robinson 1976
