Black Skin, White Masks - Frantz Fanon 2017
Black Skin, White Masks is a classic, devastating account of the dehumanising effects of colonisation experienced by black subjects living in a white world. First published in English in 1967, this book provides an unsurpassed study of the psychology of racism using scientific analysis and poetic grace. Franz Fanon identifies a devastating pathology at the heart of Western culture, a denial of difference, that persists to this day. A major influence on civil rights, anti-colonial, and black consciousness movements around the world, his writings speak to all who continue the struggle for political and cultural liberation. With an

introduction by Paul Gilroy, author of *There Ain't No Black in the Union Jack*.

Body and Spirit in the Middle Ages - Gaia Gubbini
2020-08-10

A crucial question throughout the Middle Ages, the relationship between body and spirit cannot be understood

without an interdisciplinary approach - combining literature, philosophy and medicine. Gathering contributions by leading international scholars from these disciplines, the collected volume explores themes such as lovesickness, the five senses, the role of memory and passions, in order to shed new light on the complex nature of the medieval Self.

Serial Player - Marion Laurent
Tapis rouge, paillettes et prises de sexe... non, de tête ! Camille rêve depuis toujours de travailler au Festival de Cannes. Alors, quand elle décroche enfin un contrat, elle explose de joie ! Mais lorsqu'elle se retrouve confrontée à Félix Young, l'acteur le plus en vogue du moment, aussi charmant qu'insupportable, son rêve se complique. Il adore la faire sortir de ses gonds, elle déteste perdre ses moyens face à lui... mais ils sont forcés de se côtoyer. Félix a un défi : la faire craquer. Camille a un objectif : lui résister. Qui remportera la Palme ? *** -

Veillez me suivre, dis-je à Félix sans le regarder. Je m'élançais dans le couloir sans l'attendre et, une fois de plus, je sens son regard posé sur mon postérieur. Je marche devant lui en prenant soin d'aligner mes pieds à chaque pas. – Vous êtes pressée ? me demande-t-il dans mon dos. – J'ai beaucoup de boulot, réponds-je d'une voix la plus glaciale possible sans me retourner. Je continue d'avancer vers l'ascenseur en tentant de calmer mon cœur, qui bat un peu trop vite. Impossible de reprendre l'ascenseur avec lui avec ce qui s'est passé hier par texto. Faut que je trouve un truc, et vite ! – Nous prendrons les escaliers, l'ascenseur est en panne, annoncé-je. – Absolument pas, regardez, dit-il en appuyant sur le bouton. Les portes s'ouvrent instantanément et il s'engouffre dedans. Je pousse un long soupir et reprends une grande inspiration avant de le rejoindre. Il s'adosse à la paroi du fond, les mains dans les poches, et j'appuie sur le bouton du sous-sol avant de me

retourner pour ne pas avoir à croiser son regard. – Vous m'évitez ? – Vous vous faites des idées, une fois de plus. – Camille... – Que voulez-vous ? dis-je sèchement en faisant volte-face. Un sourire en coin se dessine sur son visage et sa fossette se creuse, en même temps qu'une chaleur irradie mon bas-ventre. Son regard se voile et se met à pétiller. D'une main, il se touche la lèvre inférieure et ce geste me rend nerveuse. Je déglutis difficilement, mais reste plantée face à lui, m'assurant de ne pas baisser les yeux. – Alors, cette douche, vous ne m'avez pas raconté. Elle était bonne ? me dit-il en levant un sourcil et en élargissant son sourire. Non mais OH !!!! Au même moment, le « ding » de l'ascenseur retentit et ce dernier s'arrête dans un soubresaut. Je manque de tomber mais je retrouve mon équilibre rapidement et je sors précipitamment, choquée, désarçonnée et terriblement excitée. Cet homme me met le feu rien qu'avec un regard, un sous-entendu, un message. Je

pousse la porte de la salle de visionnage en espérant y trouver Arnaud et quelques autres collègues, mais la salle est plongée dans le noir et le silence. Félix me suit de près et la porte se referme mécaniquement derrière lui, nous plongeant dans l'obscurité. Je cherche à tâtons l'interrupteur et prie le ciel pour le trouver rapidement. Mais au lieu de cela, je sens deux mains m'agripper la taille et me plaquer contre le mur. Ma respiration se coupe et mon sang afflue par vagues dans mes veines. Ma tête se met à tourner et mes jambes à flageoler. Je ne perçois que le souffle court de Félix, près de mon oreille et son parfum poivré qui étourdit mes sens. Un nouveau frisson me secoue de la tête aux pieds et je l'entends sourire. - Ah... voilà donc ces fameux frissons, me murmure-t-il. *** Serial Player, de Marion Laurent, histoire intégrale.

Elements of Structural Syntax - Lucien Tesnière

original into German, Spanish, Italian, and Russian, and now at long last into English as well. The volume contains a comprehensive approach to the syntax of natural languages, an approach that is foundational for an entire stream in the modern study of syntax and grammar. This stream is known today as dependency grammar (DG). Drawing examples from dozens of languages, many of which he was proficient in, Tesnière presents insightful analyses of numerous phenomena of syntax. Among the highlights are the concepts of valency and head-initial vs. head-final languages. These concepts are now taken for granted by most modern theories of syntax, even by phrase structure grammars, which represent, in a sense, the opposite sort of approach to syntax from what Tesnière was advocating. [Promise at Dawn](#) - Romain Gary 2017-10-31

A classic of modern French

literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. [Promise at Dawn](#) begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother's murmur into a child's ear, a promise whispered at dawn of future

Aristotle's Animals in the Middle Ages and Renaissance - Carlos G. Steel 1999

Aristotle's zoological writings with their wealth of detailed investigations on diverse species of animals have fascinated medieval and Renaissance culture. This volume explores how these texts have been read in various traditions (Arabic, Hebrew, Latin), and how they have been incorporated in different genres (in philosophical and scientific treatises, in florilegia and encyclopedias, in theological symbolism, in moral allegories, and in manuscript illustrations). This multidisciplinary and multilingual approach highlights substantial aspects of Aristotle's animals.

Man a Machine - Julien Offray De La Mettrie 2007-03

PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written

anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present

treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -

such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an

untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

The Fault in Our Stars - John Green 2012
