It always goes the same way. You move too fast, you get in too deep, and before you know it, someone winds up dead. Last time it was my partner. This time it could be me. Yesterday a werewolf was murdered outside the Velvet, the night-time playground of one of the most powerful vampires in England. Now half the monsters in London are at each other's throats, and the other half are trying to get in my pants. The Witch Queen will protect her own, the wolves are out for vengeance, and the vampires are out for, y'know, blood. I've got a killer on the loose, a war on the horizon, and a scotch on the rocks. It's going to be an interesting day.

Forward March Skye Quinlan 2022-03-22 What's worse? Someone using your face for catfishing or realizing you actually do have a crush on the catfished girl? Harper "Band Geek" McKinley just wants to make it through her senior year of marching band—and her Republican father's presidential campaign. That was a tall order to start, but everything was going well enough until someone made a fake gay dating profile posing as Harper. The real Harper can't afford for anyone to find out about the Tinder profile for three very important reasons: 1. Her mom is the school dean and dating profiles for students are strictly forbidden. 2. Harper doesn't even know if she likes anyone like that—let alone if she likes other girls. 3. If this secret gets out, her father could lose the election, one she's not sure she even wants him to win. But upon meeting Margot Blanchard, the drumline leader who swiped right, Harper thinks it might be worth the trouble to let Margot get to know the real her. With her dad's campaign on the line, Harper's relationship with her family at stake, and no idea who made that fake dating profile, Harper has to decide what's more important to her: living her truth or becoming the First Daughter of America.

Five Moons Rising Lise MacTague 2017-06-01 Unknown to regular citizens, nightmarish creatures lurk in the dark underbelly of human civilization. The presence of these supranormals ("supras")—werewolves, vampires, demons—is a closely guarded government secret, as is the existence of a cadre of specially engineered Hunters charged with exterminating them. Code-named Malice, Hunter Mary Alice Nolan was genetically modified and rigorously trained to use her great strength, heightened senses, and killer instincts to track and eliminate supras who prey on the innocent. A loner by choice, her only real link to the human world is her close connection to her mother and sister—until the unthinkable happens... Ruri Samson has been a werewolf for more than a century and is comfortably situated as the Beta of her peaceful pack. Until she is betrayed by the woman she loves and an evil outsider massacres her Alpha and his most loyal followers. Barely escaping with her life, Ruri is forced to tread the perilous path of a lone wolf while vowing vengeance against the usurper and his minions. Although these two powerful women should rightfully despise each other, fate will soon compel them to join forces on a dangerous quest to avenge their loved ones—and will ignite a forbidden passion that neither of them ever imagined.

Phase E. C. Newman 2012-09-01 "Sophie Todd hoped that her senior year would be different. Unfortunately, different seems to mean getting punched in the face for sticking up for the new girl, having her offer of friendship spurned by said new girl, and finally gaining the attention of her long-time crush, Ezra Varden, but for all the wrong reasons. It's a tenuous friendship at best, but as Juliet starts to open up to Sophie, they both realize that the Vardens, Juliet's foster family, are not your average family. They're extremely close-knit--freakishly so--but they welcomed a complete stranger into their home, which just so happens to have the largest meat freezer anyone's ever seenand certainly no one said anything about Ezra and the wolves."--P. Once a realm of decadence and beauty, Briar is now wholly Alyce's wicked domain. No one escapes the consequences of her wrath. Not even the one person who holds her heart. Princess Aurora saw through Alyce's thorny facade, earning a love that promised the dawn of a new age. But that love came with a heavy price: Aurora now sleeps under a curse that even Alyce's vast power cannot seem to break, and their dream of the world they would have built together is nothing but ash. The Monstrous-Feminine Barbara Creed 2015-09-04 In almost all critical writings on the horror film, woman is conceptualised only as victim. In *The Monstrous-Feminine* Barbara Creed challenges this patriarchal view by arguing that the prototype of all definitions of the monstrous is the female reproductive body. Malice Heather Walter 2021-04-13 A princess isn't supposed to fall for an evil sorceress. But in this "bewitching and fascinating" (Tamora Pierce) retelling of "Sleeping Beauty," true love is more than a simple fairy tale. "Walter's spellbinding debut is for all the queer girls and women who've been told to keep their gifts hidden and for those yearning to defy gravity."—O: The Oprah Magazine Once upon a time, there was a wicked fairy who, in an act of vengeance, cursed a line of princesses to die. A curse that could only be broken by true love's kiss. You've heard this before, haven't you? The handsome prince. The happily ever after. Utter nonsense. Let me tell you, no one in Briar actually cares about what happens to its princesses. Not the way they care about their jewels and elaborate parties and charm-granting elixirs. I thought I didn't care, either. Until I met her. Princess Aurora. The last heir to Briar's throne. Kind. Gracious. The future queen her realm needs. One who isn't bothered that I am Alyce, the Dark Grace, abhorred and feared for the mysterious dark

magic that runs in my veins. Humiliated and shamed by the same nobles who pay me to bottle hexes and then brand me a monster. Aurora says I should be proud of my gifts. That she . . . cares for me. Even though a power like mine was responsible for her curse. But with less than a year until that curse will kill her, any future I might see with Aurora is swiftly disintegrating—and she can't stand to kiss yet another insipid prince. I want to help her. If my power began her curse, perhaps it's what can lift it. Perhaps together we could forge a new world. Nonsense again. Because we all know how this story ends, don't we? Aurora is the beautiful princess. And I— I am the villain. Book One of the Malice Duology

The Graces Laure Eve 2016-08-30 Picked for BBC Radio 2's Book Club Everyone said the Graces were witches. They moved through the corridors like sleek fish, ripples in their wake. Stares followed their backs and their hair. They had friends, but they were just distractions. They were waiting for someone different. All I had to do was show them that person was me. Like everyone else in her town, River is obsessed with the Graces, attracted by their glamour and apparent ability to weave magic. But are they really what they seem? And are they more dangerous than they let on? This beautifully-written thriller will grip you from its very first page.

Shadows & Dreams Alexis Hall 2019-12-02 Previously published; newly revised by author I like my women like I like my whiskey: liable to kill me. The two parts of being a paranormal private investigator I could really do without are being forced to eat bananas by an animated statue with a potassium fixation, and being put on trial for murder by a self-appointed council of vampire oligarchs. To be fair, I did kind of do it (the murder, not the bananas). But I was kind of saving my girlfriend, who is kind of one of them. On top of this, I've also wound up with a primordial queen of the damned trying to strangle me in my dreams. And the conspiracy of undead wizards who tried to sacrifice me fifteen years ago has decided that now is the best possible time to give it another go. Throw in the woman who left me for a tech start-up, the old girlfriend who I might sort of owe eternal mystical fealty to and a werewolf "it girl" who can't decide if she wants to eat me in the good way or the bad way, and I'm beginning to think life would be easier if I made better choices. Then again, it'd be a whole lot less fun. This book is approximately 98,000 words

Out of Salem Hal Schrieve 2019-03-26 Longlisted for the 2019 National Book Award for Young People's Literature A Publishers Weekly Best Young Adult Book of 2019 The best Teen Zombie Werewolf Witchy Faerie fantasy murder mystery you've ever read—by debut author, Hal Schrieve. Genderqueer fourteen-year-old Z Chilworth has to adjust quickly to their new status as a zombie after waking from death from a car crash that killed their parents and sisters. Always a talented witch, Z now can barely perform magic and is rapidly decaying. Faced with rejection from their remaining family members and old friends, Z moves in with their mother's friend, Mrs. Dunnigan, and befriends Aysel, a loud would-be-goth classmate who is, like Z, a loner. As Z struggles to find a way to repair the broken magical seal holding their body together, Aysel fears that her classmates will discover her status as an unregistered werewolf. When a local psychiatrist is murdered by what seems to be werewolves, the town of Salem, Oregon, becomes even more hostile to "monsters," and Z and Aysel are driven together in an attempt to survive a place where most people wish that neither of them existed. Rarely has a first-time author created characters of such immediacy and power as Z, Aysel, Tommy (suspected fey) and Elaine (also a werewolf), or a world that parallels our own so clearly and disturbingly.

Chosen by Fate, Rejected by the Alpha Deni Chance 2020-11-06 Eighteen-year-old Trinity is unlike any other werewolf in her pack. For one, there were unusual circumstances surrounding her birth, for another, she is the only pack member to never shift into a wolf form. So now she doesn't quite belong anywhere. Not quite human and not quite wolf. She thought she would be able to live her life how she wanted when she had turned eighteen. Go to college, make some friends, have some fun. But what is she to do when the dangerously sexy Alpha literally falls right into her lap? "I am not human, and I am not a wolf. I don't belong anywhere..." "...we both know that no one is going to mate with me, and even if they did, they would just reject me anyway." What is the sexy, brooding Alpha going to do? The elders are making him hold these ridiculous parties to search for a mate. He doesn't want a mate, but he knows he needs a mate to finish the Alpha Circle. Without a mate, a Luna for the pack, his people would suffer. And what is he going to do when he stumbles across the girl that fate has chosen for him and he finds out she has no wolf? "This cannot be!" I roared. "There is no way that I can mate with a girl that does not even have a wolf. She will be too weak. She will be inferior. She will not be strong enough to be a Luna." "I simply could not accept her as my mate. Not fully. It wasn't safe for her. She would get herself killed. And she would bring my pack down with her." When these two meet, sparks will surely fly. But will it be from passion, or their constant fighting? Neither of them wanted a mate. Neither of them wants the mate that fate chose for them. And neither of them can make that mate bond go away. What are they going to do now that they're literally stuck with each other?
