Why Marriages Succeed or Fail - John Gottman 2012-12-11

Psychologist John Gottman has spent twenty years studying what makes a marriage last. Now you can use his tested methods to evaluate, strengthen, and maintain your own long-term relationship. This breakthrough book guides you through a series of self-tests designed to help you determine what kind of marriage you have, where your strengths and weaknesses are, and what specific actions you can take to help your marriage. You'll also learn that more sex doesn't necessarily improve a marriage, frequent arguing will not lead to divorce, financial problems do not always spell trouble in a relationship, wives who make sour facial expressions when their husbands talk are likely to be separated within four years and there is a reason husbands withdraw from arguments—and there's a way around it. Dr. Gottman teaches you how to recognize attitudes that doom a marriage—contempt, criticism, defensiveness, and stonewalling—and provides practical exercises, quizzes, tips, and techniques that will help you understand and make the most of your relationship. You can avoid patterns that lead to divorce, and—Why Marriages Succeed or Fail will show you how.

The Art of Breaking Up - hitRECORD 2020-05-05

Joseph Gordon-Levitt's creative collaborative community HITRECORD looks at love from both sides in this ingenious flippable book. So, you just got dumped, huh? Or did you just dump someone? Doesn't matter who ended it. Either way, you're sleeping alone tonight. But don't worry, you're not really alone. HITRECORD's global community of over 750,000 active artists is here to help with *The Art of Breaking Up*, a new book designed to get you through this trying time. That's over 750,000 people who know the soul-crushing pain of a broken heart. But instead of wallowing forever in vats of unproductive (but delicious) cookie dough, they've channeled all that misery into an insightful, funny, and smart compendium of musings, photography, drawings, collages, puzzles, recipes, games, and more—designed to explore (and distract from) the mind-numbing agony of a romantic breakup. You'll laugh, you'll smile, and you'll probably cry. Everyone knows there are two sides to every break-up, so this book features a double-sided, flippable structure. One side eases the tortured consciences of the HEARTBREAKERS. Flip the book, and the other side considers the plight of the BROKEN-HEARTED. Both sides are organized chronologically with chapters that correspond to the emotional trajectory of both the HEARTBREAKER and BROKEN-HEARTED. Chapters include: Early Warning Signs, Exit Strategy, The Break Up, Acceptance, Depression, Bargaining, Anger, and Denial. Where the two sections meet in the middle there is a compelling, heart-wrenching moment where the HEARTBREAKER and BROKEN-HEARTED connect again, but we're not giving that away. Inside this book you'll find plenty of art, stories, comics, and other amusements, such as a Post-Break-Up Relationship Survey, Denial Yoga, Candy Hearts for Assholes, Breakup Greeting Cards, Hex Your Ex Voodoo Doll, The Free Bird Word Search Game, and a playlist or two, including "Right Back at Ya," a collection of songs to stoke the burning rage in your heart. Everything you'll find in this book was made collaboratively by people from around the world on HITRECORD—an online creative platform for collaborative art and media projects founded and directed by Joseph Gordon-Levitt. With its universal, all-inclusive approach to the subject, *The Art of Breaking Up* is an acute observation of love and heartbreak in modern times, and maybe—just maybe—a salve for anyone with a broken heart.

Magnetic Partners - Stephen Betchen 2010-05-18

Do you and your partner argue about the same things over and over again? Are you often confused about why your partner is so angry with you? Are things getting worse and worse even though you've tried everything you can think of to make them better? In this breakthrough guide to repairing romantic relationships, therapist and marriage researcher Dr. Stephen Betchen presents a powerful new explanation of what leads to this kind of escalating conflict in couples and how you can repair your relationship and find a whole new level of happiness. Based on his extensive experience as a couples' therapist, Dr. Betchen has discovered that the prevailing idea that opposites attract is wrong. Instead, one of the strongest forces that attracts people to one another is that they share a hidden, inner conflict in their lives—an unconscious struggle within themselves that each of them developed growing up—which he calls a "master conflict." The fact that a couple shares a master conflict acts as an almost magnetic force of attraction, but, over time, master conflicts often begin to push a pair apart—many of the very things you most appreciated about each other start to grate on you, producing increasing hostility. The good news is that by identifying the master conflict that you share, you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship. Often, just the realization that you have this hidden conflict acts as a powerful cure, allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both. From his years of work with couples, Betchen has identified the nineteen most common master conflicts—such as getting your needs met vs. caretaking; giving vs. withholding; commitment vs. freedom; power vs. passivity—and for each he provides

vivid stories of couples who have struggled with them, as well as simple tests that help you to:

- Identify the core master conflict that is causing your relationship problems
- Understand the origins of your conflict and how it drew you to your partner
- Diagnose how the conflict is now pushing you apart
- Come to new terms with the conflict to save your relationship

As Dr. Betchen writes, knowledge of a master conflict is power, and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict, but also to bring your relationship to a new level based on deeper understanding, ultimately leading to greater fulfillment and long-term resilience. *Partners*
