

# Back On Track Boys Dealing With Sexual Abuse

Treating Sexually Abused Boys - Lisa Camino 1999-11-19

A Practical, Hands-On Resource Treating Sexually Abused Boys is a much-needed resource that offers clinical guidelines for addressing the unique needs of this population. Written by an expert in the field of childhood sexual abuse, the book contains a wealth of exercises and activities that can be effectively applied in individual and group therapy settings. The techniques and exercises outlined are specifically designed to help sexually abused boys overcome feelings of helplessness, fear, and vulnerability and regain a sense of personal power. "Treating Sexually Abused Boys offers relevant and comprehensive guidance for all mental health professionals who work with children and adolescents. The ready-to-use therapeutic activities make it an invaluable resource for today's busy clinician." --Tim Bynum, program director, Sexual Abuse Treatment Services for YWCA of Kauai, Hawaii "Camino has written a practical, easily understood guide for those who work with boys affected by sexual abuse. Both the experienced therapist and the newcomer will find it helpful." --Mic Hunter, author of *Abused Boys: The Neglected Victims of Sexual Abuse* and editor of *The Sexually Abused Male, Volumes I & II* "If you have ever shrunk away from working with boy victims of sexual abuse out of fear of the subject's complexity or your own uncertainty this book is a must read. It combines practicality with a refreshing directness in teasing apart some of the intricacies of power and vulnerability as those issues play out with this tragically underserved population." --Eugene Porter, author of *Treating the Young Male Victim of Sexual Assault*

Young Men Surviving Child Sexual Abuse - Andrew Durham 2003-08-01

*Young Men Surviving Child Sexual Abuse* examines a largely neglected area in child protection: the sexual abuse of boys. Andrew Durham, a consultant social work practitioner, describes his original research undertaken with young men close to or in the midst of adolescence. The book features extensive narrative, as the life story approach taken allows the young men to theorise their own experience and to understand how and why child sexual abuse has had a harmful and long lasting impact on their day-to-day lives. Alongside the research stories the author presents a theoretical framework for understanding male sexual abuse, as well as a wide range of accessible practice materials. This book will be invaluable to those working with children and young people who are recovering from child sexual abuse.

*Abused Boys* - Mic Hunter 1991-06-25

A long overdue book by a psychologist who has extensive clinical experience treating male victims of child sexual abuse, it explodes the myth that sexual abuse of male children is rare, or that the consequences are less serious than for girls. Hunter examines the physical and emotional impact of abuse on its victims and the factors affecting recovery. With personal case histories of victims and their families, this is a powerfully written and meticulously researched book that is a landmark in the field of child sexual abuse literature.

Female Sexual Abuse of Children - Michele Elliott 1994-05-02

This courageous and powerful book is a first step in addressing the secrecy, distress, anger, and fear surrounding female sexual abuse of children. Refuting the rationales for our lack of attention to the problem and contradicting some commonly held beliefs about sexual abuse, it combines accounts from survivors with input from professionals working with both survivors and abusers. Part I presents contributions from professionals who discuss aspects of female sexual abuse ranging from impact and treatment issues for victims of childhood sexual abuse by female perpetrators to the paradox of women who sexually abuse children. The second part is devoted to survivors--it presents stories from both men and women, then provides self-help guidelines for both. The book concludes with a valuable section on resources which includes a review of the existing literature on female child molestation as well as a listing of pertinent books and help organizations. FEMALE SEXUAL ABUSE OF CHILDREN also addresses the controversial issue of current statistics that show that female sexual abuse is very rare and the question of whether it is being underreported due to fear from survivors that they will not be believed or supported.

Regardless of the true magnitude of this problem, secrecy or denial about any aspect of child abuse must be avoided. Whatever future studies may show about this problem, it will not diminish this book's importance in taking the step of exploring this issue.

*Healthy Thinking/feeling/doing from the Inside Out* - Jack Pransky 2000

Treating Trauma and Traumatic Grief in Children and Adolescents, Second Edition - Judith A. Cohen 2017-02-16

This authoritative guide has introduced many tens of thousands of clinicians to Trauma-Focused Cognitive-Behavioral Therapy (TF-CBT), a leading evidence-based treatment for traumatized children and their parents or caregivers. Preeminent clinical researchers provide a comprehensive framework for assessing posttraumatic stress disorder (PTSD), other trauma-related symptoms, and traumatic grief in 3- to 18-year-olds; building core coping skills; and directly addressing and making meaning of children's trauma experiences. Implementation is facilitated by sample scripts, case examples, troubleshooting tips, and reproducible client handouts. Purchasers get access to a Web page where they can download and print the reproducible materials in a convenient 8 1/2" x 11" size. TF-CBT is listed in SAMHSA's National Registry of Evidence-Based Programs and Practices. New to This Edition \*Incorporates a decade's worth of advances in TF-CBT research and clinical practice. \*Updated for DSM-5. \*Chapter on the model's growing evidence base. \*Chapter on group applications. \*Expanded coverage of complex trauma, including ways to adapt TF-CBT for children with severe behavioral or affective dysregulation. See also the edited volume *Trauma-Focused CBT for Children and Adolescents: Treatment Applications* for more information on tailoring TF-CBT to children's varying developmental levels and cultural backgrounds.

**Finding Sunshine After the Storm** - Sharon A. McGee 2008-11

*Finding Sunshine After the Storm* is a workbook for children who have experienced sexual abuse includes forty activities drawn from play therapy that kids can do to learn to manage anger, establish safe boundaries, identify adults they can trust, and build their self-esteem.

*Creative Therapy* - Kate Ollier 2004-04-01

In *Creative Therapy: Adolescents Overcoming Child Sexual Abuse*, the authors provide ways of working with teenagers to help them regain confidence and feel positive about their future.

**Play in Clinical Practice** - Sandra Walker Russ 2011-01-25

"Summary This innovative book goes beyond traditional play therapy to present a range of evidence-based assessment and intervention approaches that incorporate play as a key element. It is grounded in the latest knowledge about the importance of play in child development. Leading experts describe effective strategies for addressing a wide variety of clinical concerns, including behavioral difficulties, anxiety, parent-child relationship issues, trauma, and autism. The empirical support for each approach is summarized and clinical techniques are illustrated. The book also discusses school-based prevention programs that utilize play to support children's learning and socioemotional functioning. Subject Areas/Key Words: Assessments, behavioral, children, developmental psychology, early childhood, emotional, interventions, play therapy, prevention, problems, psychological disorders, psychotherapy, treatments Audience: Child psychologists, play and art therapists, social workers, counselors, family therapists, psychiatrists, and school psychologists; early childhood professionals; developmental psychologists"--

**Back on Track** - Leslie Bailey Wright 1997

*Child Sexual Abuse* - Esther Deblinger 2015

Preceded by: *Treating sexually abused children and their nonoffending parents: a cognitive behavioral approach* / Esther Deblinger, Anne Hope Heflin. c1996.

**Clergy Pedophiles** - Dr. James Freiburger 2010-06-29

Clergy Pedophiles is, first and foremost, a study intent on discerning characteristics specifically descriptive of clergy who sexually abuse minors. Its descriptions, interpretations, and suggestions originate from the careful study and analysis of files containing the background, intervention, and treatment records of religious figures who had voluntarily entered into an inpatient psychiatric program at the direct request or demand of a supervisor. The author's intent in the release of his findings is to increase the understanding of clergy pedophilia and aid in the recovery of its victims. If this release should foster positive change of any kind, then the effort will have been worthwhile.

**Victims No Longer** - Mike Lew 1990Cultural Diversity in Sexual Abuser Treatment - Alvin D. Lewis 1999

"Abusers of different cultures may not be assessed accurately because they do not make eye contact or express negative emotions in groups or to therapists. Their cultural support systems have rarely been included in treatment sessions or aftercare plans. Lack of attention to cultural issues may foster ineffective treatment, putting some abusers and their communities at risk. Contributors discuss cultural issues regarding assessment and treatment of female sex abusers (as an unrecognized culture), Native Americans, African Americans, Hispanic Americans, Alaska Native groups, Asian Americans, and model approach undertaken with Maoris in New Zealand."--Publisher's description.

From Victim to Offender - Freda Briggs 2020-08-26

Tom was the only adult who gave me the attention and affection that I so badly needed. I loved his caresses and the times he comforted me. I loved talking to him because he was the only adult who listened and understood. - Neil's Story From Victim to Offender shows how victims of child sexual abuse become juvenile and adult offenders. The stories told by these offenders reveal the vulnerability of boys to paedophiles and pederasts who provide the male attention lacking in some children's home lives. They show how early sexualisation damages children's sexual development, their relationships and their adult lives. The story of a female offender reveals that this problem is not confined to boys. These stories highlight the inadequacy of current child protection programs for the protection of boys. The editor's introduction and the chapter from a psychologist who specialises in the treatment of offenders emphasise the need to improve child protection and treatment programs for offenders. From Victim to Offender offers unique insights into the experiences of victims and offenders of sexual abuse, and is essential reading for professionals who are concerned about child protection and those responsible for the rehabilitation of offenders.

**Assessing Sexual Abuse** - R. A. Prentky 1997**The School of Greatness** - Lewis Howes 2017-10-31

When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching

out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.

*Treating Trauma and Traumatic Grief in Children and Adolescents* - Judith A. Cohen 2006-06-23

This is the authoritative guide to conducting trauma-focused cognitive-behavioral therapy (TF-CBT), a systematic, evidence-based treatment for traumatized children and their families. Provided is a comprehensive framework for assessing posttraumatic stress disorder, depression, anxiety, and other symptoms; developing a flexible, individualized treatment plan; and working collaboratively with children and parents to build core skills in such areas as affect regulation and safety. Specific guidance is offered for responding to different types of traumatic events, with an entire section devoted to grief-focused components. Useful appendices feature resources, reproducible handouts, and information on obtaining additional training. TF-CBT has been nationally recognized as an exemplary evidence-based program. See also the edited volume *Trauma-Focused CBT for Children and Adolescents: Treatment Applications* for more information on tailoring TF-CBT to children's varying developmental levels and cultural backgrounds. SIECUS Report - 2000

**The Complete Mental Health Directory** - Laura Mars 2001

This Second Edition has broadly expanded to offer the most comprehensive information covering the field of behavioral health, with critical information for both the layman & mental health professional. For the layman, this directory offers understandable descriptions of 25 Mental Health disorders as well as detailed information on Associations, Media Support Groups & Mental Health Facilities. For the professional, The Complete Mental Health Directory offers critical & comprehensive information on Managed Care Organizations Information Systems, Government Agencies & Provider Organizations. For immediate access to information, The Complete Mental Health Directory four indexes: a brand new Web Sites Index, a Disorder Index, an Organization Index & a Geographic Index. This comprehensive volume of needed & useful information will be a welcome addition to any reference collection.
