**How to Text a Girl** - Bruce Glover 2020-10-10  
 You're so close from a date with her... ☐☐ Do you know that text a girl could be SIMPLE? Would you like to learn it? If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your

requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term relationship... ### **How to Attract Women** - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine

appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. Go to the "Buy now with 1-click" button at the top of this page, and pick up How to Attract Women RIGHT NOW!

F\*CK Him! - Nice Girls Always Finish Single - a Guide for Sassy Women Who Want to Get Back in Control of Their Love Life - Brian Nox 2016-10

The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F\*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f\*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs

to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f\*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the

buy button at the top of this page and start your high value woman journey right away!

Putting Her in Her Place - Ryan Hale 2016-10-24

Girls are hardwired to obey and submit. The problem is men and women have reversed gender roles. This is causing men to become feminized and women to become masculinized. I can prove this. You don't see many girls wearing dresses any more, do you (?), because they are all out wearing what men wear; namely: pants, teeshirts, etc. I mean come on, SERIOUSLY! If you want to have the best possible relationship with a girl, where she obeys and submits like a good little girl, then you have to train her back to childhood obedience. You must instill the fear of God in her, letting her know that you are in control of her, and that she must obey you. The more you train her, the more she will start to fall in love with you. The more she will start to accept you as her dominant master. The more

she will submit to you and obey you in everything you tell her to do. The less she will try and make decisions on her own. The more she will accept your punishments when she has wronged you. I am not a mysoginistic man. I don't want you reading this thinking I am. I am a man who has a wonderfully loving relationship with my girl, who learned this secret and now want to share it with you. I watch too man of my male friends go through the pain and torment of relationships with girls. They don't know how to train a girlfriend, so they keep getting hurt, fucked, and you whatever other adjective you want to fill in the blank with. It doesn't have to be this way. It should not be this way. This book will help you fix it. I don't let my girl do anything adult. She has to play and do childlike activities. I am the adult, she is the little girl. I make her color, fingerpaint, journal in a diary (that I get to read), make her stand in a corner when she acts up, make her take a nap when she's tired, and withhold privileges from her when she doesn't want to comply with my instructions. She loves me, let me assure you. She will never leave me, because she knows I am her answer and have her best interest at heart. She yearns to be taken care of and protected by me. She loves submitting and being dominated. The sex is amazing, let me share. You can have the same. Read this book. Do what it instructs you to do. Start training your girl today. You will win in the end, I promise. Start reading and taking notes! This is more than a book, it's a course! Grab Your Copy Now

This book is basically a download directly from my brain to yours of all my very most effective game, pickup and relationship techniques. Everything you need to know is in here, from how to approach her, to what to do on a date, to how to pull her home, to how to seduce her when she's there. Is night game dead? Is Tinder worth it? What are the pitfalls of getting into a long-term relationship? What do girls these days want? Should you risk getting married, or commit to the life of a player. All of these questions and more are answered. The second section is all about 'Inner Game.' What exact personality traits and inner mental attitudes do you need to pull the hottest girls and what precisely to do you need to do to get them? It's all very well going out and approaching 1000 girls, but if you're not mentally prepared then it will be obvious to the

women you interact with and you will get more blowouts than you do blowjobs. This section will give you all the tools that I use and that many of the best players in the world employ with great success. The third section, by far the longest, is all about 'Outer Game'. These are all the techniques that I use regularly when out and about picking up girls. In this section I really get down to the nitty-gritty in terms of what you should say, where you should take her, how to lead with confidence, and how to give off a sexual vibe without even opening your mouth. If you want an edge on the market then these are the insights you need. *How To Get Hot Girls Into Bed* is a compilation of essays on red pill, inner game and pickup. It is not a step-by-step guide. If you want that you should get my first book *The 7 Laws of Seduction*. *How To Get Hot Girls* takes my concepts to the next level with really in-depth reflections on what it is to be a player and how to be truly successful as a pick-up artist. A lot of the content on this book originally appeared on *Return of Kings* and / or *realtroyfrancis.com*, so you may recognise some parts.
