Are you one of those people who want to spice up their love life with the addition of dirty talk, longing to hear certain words or phrases whispered, moaned, growled, or simply uttered but just plain don't know how to get started? The first thing to understand is that dirty talk isn't dirty. There's nothing shameful or wrong about it. Men and women are hard-wired differently. Men like to hear, while women like to visualize, and that's completely natural too. A man wants to hear what their partner wants done to them, or wants to do for them before it's done. Hearing the words, screamed, moaned, whimpered, or whispered just flat out does it for most men. Women like to hear the words and imagine what those words or phrases will mean to them, how their partner will react, or how something will feel, even seconds or milliseconds beforehand, giving their brains time to process the possibilities, thus heightening the sensations. In this guide you will learn 131 tried-and-tested, proven-to-work phrases you can use for getting your partner in the mood, during foreplay, during & after love making. Both for-man & for-woman phrases are included. You will learn many ways to get started talking dirty and how to build it up gradually so you are comfortable & sound confident when you say them. Using correctly they will make your lover addicted to your voice & drive him/her wild in bed.

Why Learn How To Talk Dirty? You might be reading this because your partner has expressed an interest in hearing naughty words in the heat of passion. You might have sought out this book because you are the one who craves those sweet nothings. Maybe you want to liven up your sex life, or maybe you are just curious as to why your partner likes to talk so much in bed. Maybe you are already a fantastic dirty talker who needs a new idea or two, or maybe you're just in the mood to brush up on your naughty skills. Whatever the reason, you've chosen the right book to learn how to talk dirty! Talking dirty has become so much a part of our sexual culture that it has spawned surveys, interviews, forums, books, and research galore. In fact, before it was called "dirty talk," the art of saying sexual things to your lover with the intent to arouse had a scientific name: Lagnolia. There's good reason for all this scientific interest. Over 80% of our sex life takes place in our heads, meaning that fantasy, memory, and desire are some of the most powerful driving forces behind everything we do behind closed doors. Studies have shown that by the time you actually get physical with your partner, your mind has been leading up to the encounter. So why not go for the dirty talk? It's been in the back of your mind all day anyway! According to Aline P. Zoldbrod, PhD, the author of more than a few books on naughtiness, sexy talk with your partner not only revs up play between the sheets, but enriches your life in ways you never would have imagined. It makes your partner feel good to know how excited you are, and your excitement makes them feel like the best lover in the world. That might explain why talking dirty makes you tingle in all the right places, but it doesn't explain why the naughtiest dirty talk can also be the hottest. It's one thing to say "fuck" and get a smile, but it's quite another to tell your partner exactly how you want to fuck them, in the most graphic terms you can imagine. The dirtier the words, the better. What's up with that? One word: Taboo. This book helps you break the taboo and teaches you how to talk dirty to a guy. INSIDE YOU WILL LEARN: 1. Why we should talk dirty 2. The most important part of talking dirty 3. Finding out that dirty talking doesn't have to be filthy 4. How to get started 5. How to get dirty ideas 6. Setting the stage for being naughty 7. How to put words in
