2015-02-26

"My name is Harriet Manners, and I have always been a geek." The fourth book in the award-winning GEEK GIRL series.

Girl (In Real Life) - Tamsin
Winter 2021-07-08

What's it like to grow up online and have every tantrum, every spot - even your first period - broadcast to hundreds of thousands of followers? Most parents try to limit their kids' online exposure. But not Eva's. Her parents run a hugely successful blog, Happily Eva After - and Eva is the star of the show. But Eva is getting sick of being made to pose in

stupid mum-and-daughter matching outfits for sponsored posts. The freebies aren't worth the teasing at school. And when an intensely humiliating "period party" post goes viral, Eva is outraged. She's going to find a way to stop the vlog, even if she has to sabotage it herself.

Geek Girl Rising - Heather Cabot 2017-05-23

"I don't know much about tech, but I do know that these pioneer women are pretty dope. Geek Girl Rising gives a much needed voice to the fearless women paving an important path in the tech world, while forming a lasting sisterhood along the way." -

Kelly Ripa Meet the women

who aren't asking permission from Silicon Valley to chase their dreams. They are going for it—building cutting-edge tech startups, investing in each other's ventures, crushing male hacker stereotypes, and rallying the next generation of women in tech. With a nod to tech trailblazers like Sheryl Sandberg and Marissa Mayer, *Geek Girl Rising* introduces readers to the fearless female founders, technologists, and innovators fighting at a grassroots level for an ownership stake in the revolution that's changing the way we live, work, and connect. Readers will meet Debbie Sterling, inventor of GoldieBlox, the first engineering toy for girls, which topples the notion that only boys can build; peek inside YouTube sensation Michelle Phan's etsy studios, where she is grooming the next generation of digital video stars while leading her own mega e-commerce beauty business; and tour the headquarters of The Muse, the hottest career site for

millennials, and meet its intrepid CEO, Kathryn Minshew, who stared down sexism while raising millions of dollars to fund the company she co-founded. These women are the rebels proving that a female point of view matters in the age of technology and can rock big returns if you have a big idea and the passion to build it.

Model Misfit (Geek Girl, Book 2) - Holly Smale
2013-09-26

"My name is Harriet Manners, and I am still a geek." *MODEL MISFIT* is the sequel to award-winning No. 1 UK debut *GEEK GIRL*.

chemistry."—RT Book Reviews on *The Geek Girl and the Scandalous Earl* The Royal Treatment All Leah wanted was a little gallantry. But in this day and age, chivalry was most definitely dead. If only there were a way to travel back in time and snag her very own duke... Avery Russell was polishing some boots when a woman fell through the bedchamber mirror into his arms. All he could make out from her breathless babbling was some nonsense about "my one true love, Your Grace." Clearly the chit was mad if she couldn't tell a valet from a duke! As much as Avery wanted to give in and give her a good tumble, he knew it wouldn't be proper. No, he'd take as long as necessary to convince Leah that sometimes a duke just won't do.

Fake Geek Girls - Suzanne Scott 2019-04-16

Reveals the systematic marginalization of women within pop culture fan communities When *Ghostbusters* returned to the screen in 2016, some male fans of the original film boycotted the all-female adaptation of the cult classic, turning to Twitter to express their disapproval and making it clear that they considered the film's "real" fans to be white, straight men. While extreme, these responses are far from unusual, with similar uproars around the female protagonists of the new *Star Wars* films to full-fledged geek culture wars and harassment campaigns, as exemplified by the #GamerGate controversy that began in 2014. Over the past decade, fan and geek culture

Downloaded from

on 2021-01-20 by guest

has moved from the margins to the mainstream as fans have become tastemakers and promotional partners, with fan art transformed into official merchandise and fan fiction launching new franchises. But this shift has left some people behind. Suzanne Scott points to the ways in which the “men’s rights” movement and antifeminist pushback against “social justice warriors” connect to new mainstream fandom, where female casting in geek-nostalgia reboots is vilified and historically feminized forms of fan engagement—like cosplay and fan fiction—are treated as less worthy than male-dominant expressions of fandom like collection, possession, and cataloguing. While this gender bias harkens back to the origins of fandom itself, Fake Geek Girls contends that the current view of women in fandom as either inauthentic masqueraders or unwelcome interlopers has been tacitly endorsed by Hollywood franchises and the viewer demographics they selectively

champion. It offers a view into the inner workings of how digital fan culture converges with old media and its biases in new and novel ways.

Heart Goes Last), Mariko Tamaki (This One Summer), Trina Robbins (Wonder Woman), Marguerite Bennett (Marvel's A-Force), Noelle Stevenson (Nimona), Marjorie Liu (Monstress), Carla Speed McNeil (Finder), and over fifty more creators. It's a compilation of tales told from both sides of the tables: from the fans who love video games, comics, and sci-fi to those that work behind the scenes: creators and industry insiders.

Box of Geek - Holly Smale
2015-10-08

My name is Harriet Manners, and I am a geek. The first three hilarious novels in the award-winning GEEK GIRL series now available as a 3-book collection. Geek Girl: Harriet Manners knows that a cat has 32 muscles in each ear, a jiffy lasts 1/100th of a second, and the average person laughs 15 times per day. But she doesn't know why nobody at school seems to like her. So when Harriet is spotted by a top model agent, she grabs the chance to reinvent herself

Model Misfit: Harriet Manners

knows that humans have 70,000 thoughts per day. She also knows that Geek + Model = a whole new set of graffiti on your belongings. But Harriet doesn't know where she's going to fit in once the new baby arrives. And with her summer plans ruined, modelling in Japan seems the perfect chance to get away. Will geek girl find her place on the other side of the world? Picture Perfect: Harriet Manners knows that New York is the most populous city in the United States. She knows that its official motto is Ever Upward. But she knows nothing whatsoever about modelling in the Big Apple and how her family will cope with life stateside. Or becoming a brand as the models in New York say. And even more importantly, what to do when the big romantic gestures aren't coming your way from your boyfriend. Does geek girl go too far this time? The award-winning debut, GEEK GIRL, and brilliant follow-up titles in the bestselling series by Holly Smale."

Geek Girl books 1-3: Geek Girl, Model Misfit and Picture Perfect (Geek Girl) - Holly Smale 2015-10-08

“My name is Harriet Manners, and I am a geek.” The first three hilarious novels in the award-winning GEEK GIRL series - now available as a 3-book collection.

Geek Girl (Geek Girl, Book 1) - Holly Smale 2013-02-28

“My name is Harriet Manners, and I am a geek.” The first book in the bestselling, award-winning GEEK GIRL series!

Happy Girl Lucky (The Valentines, Book 1) - Holly Smale 2019-02-07

Introducing The Valentines - Happy Girl Lucky, the first book in the hilarious new romantic-comedy series by Holly Smale, author of the bestselling and critically acclaimed Geek Girl books.

Geek Girl: Model Misfit - Holly Smale 2015-07-21

You can make a geek a model, but you can't make her chic. More hilarity and high fashion await in the second book in the internationally bestselling Geek Girl series! Harriet Manners is

a model—but she feels even less popular and more awkward than she did when she was just a geek. So a summer modeling job in Japan sounds like the perfect vacation, even if she has to bring along her crazy grandma Bunty, and even if she might run into Nick, her gorgeous supermodel ex-boyfriend. No one is going to ruin Harriet's fabulous Tokyo adventure—unless she accidentally ruins it herself. . . . This sequel to Holly Smale's #1 bestselling debut novel, *Geek Girl*, is perfect for fans of Mag Cabot's *Princess Diaries* series and Louise Rennison's *Georgia Nicolson* series.

Head Over Heels (Geek Girl, Book 5) - Holly Smale 2016-04-07

“My name is Harriet Manners, and I will always be a geek.” The fifth book in the bestselling, award-winning GEEK GIRL series.

Picture Perfect (Geek Girl, Book 3) - Holly Smale 2014-06-05

“My name is Harriet Manners, and I'll always be a geek.” It's

the hilarious third book in the bestselling award-winning GEEK GIRL series!

Picture Perfect - Holly Smale
2014

Harriet Manners knows more facts than most. She knows that New York is the most populous city in the United States. She knows that its official motto is 'Ever Upward'. She knows that one in thirty-eight people living in the US lives there. But she

knows nothing whatsoever about modelling in the Big Apple and how her family will cope with life stateside. Or 'becoming a brand' as the models in New York say. And even more importantly, what to do when the big romantic gestures coming your way aren't from your boyfriend... Does geek girl go too far this time?
