

God Is Exploring The Many Sides Of God

Talking about God - Daniel F. Polish 2007

Challenge Yourself to Delve into a Deeper Interfaith Dialogue "To wrestle with the ideas these thinkers present is to find ourselves challenged to look at our own religious lives in new ways; and to appreciate the spiritual endeavors of others, whatever form their religious expression may take. To engage with these thinkers can leave us enlarged in our perception of human religiousness and deepened in our appreciation of it." --from the Conclusion The modern age of religion is characterized by dialogue. Jews and Christians together explore the realities and meaning of living in proximity to one another. Yet for all the good will and sincerity of intention, too often such discussions fail to progress beyond well-intentioned pleasantries to the challenging content that can truly deepen our understanding of each other. This fascinating and accessible introduction to the theologies of four modern religious thinkers will help you break through the superficial generalities to plumb the depths of religious differences and embrace the commonalities. Examining the lives and works of Søren Kierkegaard, Martin Buber, Paul Tillich and Abraham Joshua Heschel through the lens of their treatment of the Bible and the biblical patriarch Abraham, you will take part in a discussion of the very phenomenon of religion and what part it plays in living a fully engaged human life.

The Will of God - James C. Howell 2009-01-16

How are we to know the will of God? In this honest discussion, veteran pastor and theologian James C. Howell considers a number of issues relating to God's will, how it is known, how it is done, and how we respond when bad things happen and we feel God is absent or has turned away from us. In this sensitive presentation, Howell explores these questions and provides ways of recognizing the true things to which we can hold in the midst of hard times. Howell proceeds simply and practically to consider personal understandings of God, God's will for our lives, and ways in which God's will is lived. He reflects on what to do and believe when bad things happen, "why" they happen, and the quest for God in the midst of it all, recognizing that God's will is for good.

God Is... - David Rhodes 2003-06

The first book in the Following God for Young Adults series, *God Is...* is an eight-week study designed to explore the many sides of the character of God so that young adults (teens and twenty-somethings) will begin to understand God better and allow the truth about Him to lead to growth in their lives.

Either Way, We'll Be All Right - Eric Tonjes 2021-06-08

Does God have a hope to offer us in times of pain? Can God meet and sustain us even if our circumstances don't improve? One of the few guarantees in life is that we will suffer. Everything around us is broken. Each of us has an expiration date. A few years ago, Eric and his wife, Elizabeth, together with their young children, were confronted with this unavoidable reality when she was faced with a terminal cancer diagnosis. Shattered by grief, they began to wrestle with what it means to follow Jesus when everything around them seemed to be giving way. What this pastor and his wife discovered were a set of truths about God from Scripture that provided the resources they needed to survive—truths too often neglected by the modern world. God meets us in our grief, but not always in ways we expect or even want. Coming from that jumbled place of agony and assurance, *Either Way, We'll Be All Right* is a journey through the darkness in hopes of discovering light on the other side.

After God-What? - Buster C. Cearley 2010-11

The God Journey - Ricky Tutor 2015-04-15

The Adventure in Discovering What Its All About. In the beginning, God created a perfect world for his children. He placed them in a perfect environment where there was no such thing as sin, sickness, or death. As parents, we want the best for our children, and God is no different. He placed his children in a world where there was no such thing as stealing, killing, or destroying. So why is it that when we were born, we were born into an imperfect world? Something happened six thousand years ago that caused a separation between God and man. Now when you look at this world, you are not looking at the nature of God but at the results of our sin. Mankind is in rebellion with their Creator. Because of this rebellion called sin, our physical bodies are sentenced to death; but we will live on forever, either with God in heaven or without him in a place

called hell. In *The God Journey*, author Ricky Tutor shares the story of how he went from a teenage troublemaker to becoming a God-fearing man. His calling is to share with others what its all about: evidence, facts, and proof concerning the reality of God and true-life stories of Gods perfect forgiveness. Come and take a journey with Ricky as he takes you into a step-by-step analysis of the fall of man, Gods perfect plan of redemption, and how you can be confident on Judgment Day.

The End of Our Exploring - Matthew Lee Anderson 2013-06-21

Do we know what it means to question well? We need not fear questions, but by the grace of God, we have the safety and security to rush headlong into them and find ourselves better for it on the other side. Faith isn't the sort of thing that will endure as long as our eyes are closed. The opposite is the case: Faith helps us see, and that means not shrinking from the ambiguities and the difficulties that provoke our most profound questions. In our embrace of questioning, we must learn to question well. In our uncertainty, we must not give up the task of walking worthy of the calling that Christ has placed upon us. For we have not yet reached the end of our exploring. This book is written to aid you in faithfully questioning your foundations.

It Won't Fail If it is Faith! - Samuel O. Joseph-Israel 2014-05-13

Nigerian author Samuel O. Joseph-Israel writes in his book *It Won't Fail, if it is Faith!* that faith is the cornerstone to reaching God's realm. The book examines the very core and fundamentals of new creation reality as it regards spiritual rebirth. Travel through the world of faith by exploring its many sides. The four ingredients of faith are NOW, SUBSTANCE, HOPE, and EVIDENCE. Learn how to use your evidence to keep your hope alive. God uses disbelievers to test our faith. The enemies of faith are unbelief, doubt, fear, anxiety, unforgiveness, other sins, the devil's faith, and dead faith. The Holy Spirit was the inspiration for the book. There is a realm called God's realm. It is heaven's atmosphere, conducive to only heaven's citizens, and accessible only through faith. So many have tried to gate crash into this realm, but it has always proven illusive. Many thought they were in the realm, until they realized they couldn't find God. Access to the spiritual realm is not through prayer, but through faith. Faith is the vehicle that drives your prayers to God. A prayer that disregards faith will not reach God. It is important to remember that you are also a spirit, and the spiritual realm is not tangible to the physical eye. In the same way, faith is also not tangible to the physical eye. Through faith, we can access the things freely given to us and can cause their manifestation. If that thing you are holding on to is faith in God, then don't drop it, hold on. For it won't fail you if it is faith! This book takes you through the world of faith by exploring its many sides, so redirect your focus and explore the pursuit of wisdom by understanding the concepts of big faith, small faith or little faith. The enemies of faith are unbelief, doubt, fear, anxiety, unforgiveness, other sins, the devil's faith, and dead faith. Samuel O. Joseph-Israel is the General Coordinator of the Dominion Armies of God Ministry and currently pastor the Faith City Church of the Ministry in Dallas, Texas, United States of America. Side by Side with God in Everyday Life - Yvonne Morris 2011-08

Side by Side with God in Everyday Life invites churches and families alike to use a simple retelling of stories from the Bible as the basis for helping children to think more deeply about a wide range of everyday topics. In total there are 28 easy-to-use story-based sessions, each one featuring one of the times and seasons outlined in Ecclesiastes 3:1-8, such as birth, death, planting, uprooting, laughing, mourning, dancing, giving, listening, love, hate, war and peace. Each session picks out two related Bible stories, one to set the scene and the other to go deeper into the theme. The idea is that these simple retellings can be used to promote open questions, reflection, discussion, further exploration and prayer, and readily act as prompts towards a deeper understanding of what it means to walk side by side with God in everything we do. Includes 28 themes for exploring everyday topics with children. Ideal for 6-10s. Foreword by The Right Revd John Pritchard, Bishop of Oxford

A Geography of God - Michael L. Lindvall 2007-01-17

In *A Geography of God*, popular author and preacher Michael Lindvall describes the life of a Christian as a journey with three parts: "Leaving for Home," "The Way," and "Life on the Road." The first part of the

journey struggles with the question, why go anywhere at all, spiritually speaking? The second part names the road, the way found in the ancient map of God called the Trinity. The third part describes life on the road as many others have known it: full of mile markers, road signs, warnings of perilous curves, refreshments for the weary, and notices of lively things to be seen along the way. This wonderfully written book provides readers with some hints about what they may experience during their individual journeys. This book is ideal as devotional reading for all Christians, and it provides helpful explanations of many of Christianity's foundational beliefs for those new to the Christian faith. Educators and pastors will also welcome the book as a help for sermon illustrations and adult and young adult study classes.

Rock of Ages - John Butler 2013-06-27

Far from being the immutable Rock of Ages He is often assumed to be, the God of Christian history and tradition has had many different and often conflicting faces. 'Rock of Ages?' opens with the emergence of the Biblical God from the pantheon of deities in bronze age Canaan, and culminates in the radical images of God that were appearing at the end of the twentieth-century, providing a historical overview of the different and sometimes conflicting ways in which He has been understood. By examining the ideas of key writers down the ages, whose ecclesiastical or intellectual power has allowed their insights to become embedded in the mainstream traditions of the Christian churches, Butler seeks to answer one central question: Why is it that people across the ages have claimed to have seen so many different and sometimes contradictory faces of the Christian God? Or more specifically: If there is one true God, and if He is known to those who believe in him through the revelation of Himself in history, why hasn't a consistent and unified understanding of Him emerged in the witness and testimony of those who claim to have seen his face? In the best of scholarly traditions, Butler presents his work as a clear account of his own quest for an answer; but although suggesting possibilities, he leaves others to come to their own judgements using the evidence available. Written in a clear and attractive style, this is a book for anyone without any prior knowledge of history, theology or philosophy, be they atheists, Christians looking to explore their faith, students or simply anyone interested in the history of religion.

Keller starts with the assumption that the way we picture God -- our image -- determines how we pray, and then helps us explore a variety of images of God. Organized for daily use over a six-week period, the convenient format provides for daily journal entries as a means of charting growth in the spiritual life.

Studying God's Word - Seymour Loverland 2007-08

God-Curious - Stephen Cherry 2017-02-21

In a world where religion refuses to expire, two responses predominate. The first, to retrench within the certainties of one's native or adopted faith, questioning nothing; the second, to sneer and snarl from the secular side-lines. Here, Stephen Cherry offers a third alternative for religious believer, agnostic, and atheist alike - to engage with the study of theology. Confessing himself to be a reluctant theologian, Cherry puts forward three positive reasons why more people should take theology seriously - because it's fascinating, fun and important. He suggests that genuine theology is the antidote to fundamentalism, contrasts the theological approaches of Jesus of Nazareth and Richard Dawkins, introduces some of the biggest puzzles unravelled by theology, and reviews the history of the subject in fewer than 20 tweets. Drawing people at all stages of life into a more serious engagement with the riches, delights and fun of theology, it is a book for any who find

themselves to be a little God-curious.
