"Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine

and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love.

Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways:

- Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back
- Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness.
- Secure people feel comfortable with intimacy and are usually warm and loving.

Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

"Like so many women, Benoit spent her formative years struggling to do the 'right' thing--to make others comfortable, to take minimal and calculated risks, to live up to society's expectations--only to realize that there was so little payoff to this tiresome balancing act. Now, in [this book], she shares her journey from aspiring good girl to proud feminist, and addresses the constantly shifting goalposts of what exactly it means to be 'good' in today's world. [Includes] topics as varied and laugh-out-loud funny as how to be the life of the party (even when you have crippling anxiety), navigating the disappointments of the dating world, and why no one should judge you for having an encyclopedic knowledge of reality TV stars"--

*Maybe He Just Likes You* - Barbara Dee  
2019-10-01

A 2020 ALA Notable Children's Book A  
Washington Post Best Children's Book of 2019  
Barbara Dee explores the subject of #MeToo for the middle grade audience in this heart-wrenching—and ultimately uplifting—novel about experiencing harassment and unwanted attention from classmates. For seventh-grader Mila, it starts with some boys giving her an unwanted hug on the school blacktop. A few

days later, at recess, one of the boys (and fellow trumpet player) Callum tells Mila it's his birthday, and asks her for a "birthday hug." He's just being friendly, isn't he? And how can she say no? But Callum's hug lasts a few seconds too long, and feels...weird. According to her friend, Zara, Mila is being immature and overreacting. Doesn't she know what flirting looks like? But the boys don't leave Mila alone. On the bus. In the halls. During band practice—the one place Mila could always escape. It doesn't feel like flirting—so what is it? Thanks to a chance meeting, Mila begins to find solace in a new place: karate class. Slowly, with the help of a fellow classmate, Mila learns how to stand her ground and how to respect others—and herself. From the author of *Everything I Know About You*, *Halfway Normal*, and *Star-Crossed* comes this timely story of a middle school girl standing up and finding her voice."

Unhidden - Robert Kandell 2018-12-08

"Traditionally, men have held the "privileged" position; however, two generations of societal change has dramatically changed the playing field, at the expense of the Man. The effect is that men are lost, causing an increase in aggression, confusion and apathy. Worse, they have withdrawn from society because it's not deemed OK for men to express their feelings and doubt. Men want to love and provide, but feel disconnected from their true purpose. *UnHidden* is a pragmatic guide that compiles 18 years of experience and tens of thousands of client sessions into a simple step-by-step blueprint for turning your life around. This book is Man's key to evolving from your current status quo to a true, authentic man in today's chaotic world. ."-
