They watch the sunset, do chores, and pick wildflowers on the way home. One day, the dress and the girl must leave the island and immigrate to the United States. Upon arrival, the girl is separated

Open up a fresh and stylish story about growing up and keeping hold of your favorite memories. As the year passes, the narrator's favorite dress goes through a series of creative changes, from dress to shirt to tank top to scarf and so on, until all that's left of it is a good memory. Assisted by her patient and crafty mama, the narrator finds that when disaster strikes her favorite things, she doesn't need to make mountains out of molehills—she “makes molehills out of mountains” instead! Structured around the days of the week, the story is also illustrated to show the passing of the seasons, a perfect complement to the themes of growing older and keeping hold (and letting go) of special mementos. Praise for *I Had a Favorite Dress* “A spunky story about adjusting to change with creativity and style. Tailor-made, so to speak, for the Etsy generation of DIY enthusiasts.” -Publishers Weekly “Everyone is smiling in the buoyant confections created by illustrator Julia

Denos—including, it's fair to say, young readers looking at them. Endearing picture book.” -Wall Street Journal “What could have been yet another example of kindergarten consumerism instead becomes one of resourcefulness and resilience.” -New York Times “Denos's multimedia illustrations reinforce the narrator's vibrant personality and the amazing transformations of the dress while capturing the action and emotion of the story. This book is sure to capture the imaginations of would-be seamstresses; children who can't bear to part with a favorite item; and those who want to reduce, reuse, recycle.” -School Library Journal “Breezy in style, they smartly stitch each scene of alteration as the not-so-little girl sashays through the days of the week and the seasons. A charming interpretation of an old story that will speak to young fashionistas.” -Kirkus Reviews *Crochet Girl Dress Pattern* - Helena van der Klashorst 2020-03-03

### **Metric Pattern Cutting for Children's Wear and Babywear** - Winifred Aldrich 2009-07-07

This fourth edition of Metric Pattern Cutting for Children's Wear and Babywear remains the

standard text book but has three major improvements. First, the sections have been re-organised to reflect changes in producing and marketing children's clothes. Today's popularity of easy-fitting styles and knitted fabrics means that basic 'flat' pattern cutting is used to construct the majority of children's wear and babywear and this type of cutting is therefore emphasised in this new edition. Shaped blocks and garments, cut to fit the body form, are still included, and are placed in chapters covering some school uniform garments or more expensive fashion or formal clothes. The book now clearly separates the sections useful to student beginners (Parts One, Two and Three), and also offers more advanced or specialist sections for students who wish to pursue a career in children's wear or for designers working in the different manufacturing sectors of the trade. The second change in this fourth edition is the introduction of colour coding to the sections; this makes it

easier to identify specific processes in the book and enhances the illustrations. Finally, the size charts have been revised to reflect the changes in body sizing. The clear division of the boys' and girls' measurements in the charts has been in response to the way clothes are marketed and to co-ordinate with European size charts. 'Plus' charts for heavier children have also been added.
