Soon, it won't be free] If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct

opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the

beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. Online Dating For Men 101 - HowExpert 2019-03-19

In a world where it's no longer acceptable besides bars and clubs to tell her she's attractive (at least without being rejected, receiving a sexual harassment lawsuit, and being publicly humiliated), there is only one place left for guys to go that's safe to approach women and where women WANT a man's attention: Online dating. When it comes to online dating, some men love it, while others shun it like a de-masculinizing plague. Online dating has a bad reputation among certain groups of men as being a waste of time or even an excuse to not meet women in the real world. But they have no idea that, with just a few hacks, online dating will save any man from a loveless, sexless existence. Love it or hate it, online dating is here to stay. This is the most comprehensive book on the market for online dating geared specifically toward men. Too many men have tried online dating, only to report that no woman answered their hundreds of messages and the dates they did have didn't end up going anywhere. This book will teach you what every other guy has been doing WRONG: - How to maximize your potential attractiveness to women -

How to build the best online dating profile - How to send messages to women that ACTUALLY get responses - How to talk to women and get them to date you - How to get a one-night-stand from online dating - How to find a long-term relationship with online dating Throughout this book filled with raw experience and humor with a tough edge, you will learn all about the true psychology of women and how to “hack” their hypergamous nature using the techniques and tactics of online dating. Online dating might seem like rejection after rejection, but this book will teach you how to play the numbers game to your advantage and win more easily than every other guy on the web! About the Expert: Adam Glasier holds a PhD in Pickup Lines and is a distinguished professor of Online Dating at the National Pickup Artist Academy, where he wrote his oft-cited thesis on the Internet Approach—at least he would have if such an institution existed. His online dating career has lasted more than half a decade, and with more than a dozen full-fledged lays under his belt, Glasier is statistically one of the most successful men at finding love and sex from the internet. When he isn’t messaging and meeting women with online dating or writing about those experiences, you’ll find Adam pumping iron at the gym, building house-related projects, and basically doing everything that normal people do to survive. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

The Charisma Myth - Olivia Fox Cabane 2013-03-26

What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don’t. But that’s simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn’t mean transforming your fundamental personality. It’s about adopting a series of specific practices that fit in with the personality you already have. The Charisma Myth shows you how to become more influential, more persuasive, and more inspiring.
