Celebrate a year in the life of the Cat Named Carrot, as she goes from humble beginnings in a shelter to a loving home with a family of three adorable little girls and internet stardom. Bailey was certainly no ordinary cat—an orange tabby who gained fans around the world when his humanlike antics went viral. Sadly, when 14-year-old Bailey died, his family grieved their loss. They’d never find a cat quite like him—or would they? Then along came Carrot, an orange tabby kitten born as a stray, who appeared just as Erin Merryn and her young girls Abby, Hannah, and baby Claire were mending their broken hearts. Written in the voice of Carrot, follow her remarkable journey from shelter cat to top Instagram celebrity feline. Much like Bailey did, she loves spending time with her human family: making mischief with her girl gang; going joyriding in a pint-sized pink Barbie Jeep; doing arts-and-crafts projects; modeling a pink tutu and flowery headband; enjoying a spa day complete with fluffy robe and cucumber eye treatments; celebrating Christmas, Easter, and every holiday in between. It’s no wonder that Carrot’s videos have gone viral—garnering millions of views on Ellen, the Dodo, Good Morning America, Access Hollywood, People, and many more. Complete with four-color photos that will leave readers purring with delight, the journal of this sweet, adorable kitty with personality to spare shows us that the human-animal bond runs more than fur deep. [Unprotected](#) - Miriam Grossman 2007-08-28

Our campuses are steeped in political correctness—that's hardly news to anyone. But no one realizes that radical social agendas have also taken over campus health and counseling centers, with dire consequences. Psychiatrist Miriam Grossman knows this better than anyone. She has treated more than 2,000 students at one of America's most prestigious universities, and she's seen how the anything-goes, women-are-just-like-men, "safer-sex" agenda is actually making our sons and daughters sick. Dr. Grossman takes issue with the experts who suggest that students problems can be solved with free condoms and Zolof. What campus counselors and health providers must do, she argues, is tell uncomfortable, politically incorrect truths, especially to young patients in their most vulnerable and confused moments. Instead of platitudes and misinformation, it's time to offer them real protection.
