Benevolent Barons Quentin R. Skrabec, Jr. 2015-06-17 American business has always had deep roots in community. For over a century, the country looked to philanthropic industrialists to finance hospitals, parks, libraries, civic programs, community welfare and disaster aid. Worker-centered capitalists saw the workplace as an extension of the community and poured millions into schools, job training and adult education. Often criticized as welfare capitalism, this system was unique in the world. Lesser known capitalists like Peter Cooper and George Westinghouse led the movement in the mid- to late 1800s. Westinghouse, in particular, focused on good wages and benefits. Robber barons like George Pullman and Andrew Carnegie would later succeed in corrupting the higher benefits of worker-centered capitalism. This is the story of those accomplished Americans who sought to balance the accumulation of wealth with communal responsibility.

Mary Sumner Sue Anderson-Faithful 2018-01-01 The founder and president of the Mothers' Union, one of the first and largest women's organisations, Mary Sumner (1828-1921) was an influential educator and a force to be reckoned with in the Church of England of the late nineteenth and early twentieth centuries. Using the analytical tools of the sociologist Pierre Bourdieu, Sue Anderson-Faithful locates Mary Sumner's life and thought against social and religious networks in which she was restricted by gender yet privileged by class and proximity to distinguished individuals. This dichotomy is key to understanding the achievements of a woman who both replicated and shaped Victorian attitudes to women's roles in society. To Mary Sumner mission and education meant the propagation of religious knowledge through progressive pedagogy. Her activism was intended to promote social reform at home and nurture the growth of the British Empire with mothers wielding their political power as educators of future citizens. The symbiotic relationship between Church and State concentrated power in the hands of a ruling class with which Mary Sumner identified and which she supported. In her view the legitimacy of national and imperial rule was intertwined with the moral force of Anglicanism. Sue Anderson-Faithful interprets Mary Sumner's lifelong work in the light of these relationships, contrasting her assertion of personal agency and an empowering discourse of motherhood with her simultaneous reinforcement of patriarchy and class privilege.

Dataclysm Christian Rudder 2014-09-09 A New York Times Bestseller An audacious, irreverent investigation of human behavior—and a first look at a revolution in the making Our personal data has been used to spy on us, hire and fire us, and sell us stuff we don't need. In Dataclysm, Christian Rudder uses it to show us who we truly are. For centuries, we've relied on polling or small-scale lab experiments to study human behavior. Today, a new approach is possible. As we live more of our lives online, researchers can finally observe us directly, in vast numbers, and without filters. Data scientists have become the new demographers. In this daring and original book, Rudder explains how Facebook "likes" can predict, with surprising accuracy, a person's sexual orientation and even intelligence; how attractive women receive exponentially more interview requests; and why you must have haters to be hot. He charts the rise and fall of America's most reviled word through Google Search and examines the new dynamics of collaborative rage on Twitter. He shows how people express themselves, both privately and publicly. What is the least Asian thing you can say? Do people bathe more in Vermont or New Jersey? What do black women think about Simon & Garfunkel? (Hint: they don't think about Simon & Garfunkel.) Rudder also traces human migration over time, showing how groups of people move from certain small towns to the same big cities across the globe. And he grapples with the challenge of maintaining privacy in a world where these explorations are possible. Visually arresting and full of wit and insight, Dataclysm is a new way of seeing ourselves—a brilliant alchemy, in which math is made human and numbers become the narrative of our time.

Models Mark Manson 2017-09-11 "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

The Psychology Of Attraction For Men Craig Beck 2020-11-12 Have you ever wondered what on earth women want? After all, they seem to go out of their way to avoid the nice, decent guys like the plague and then fall head over heels for the predictable shtick of the bad boys every time. All the time complaining that they get treated badly and end up with a no good cheat of a man. Doesn't make a whole heap of sense, does it? Well, not if you are thinking like a man, that's for sure. To get women, you have to understand how they feel, what they find attractive and what they really desire in a man. This is the book all decent guys have been waiting for. It is the blueprint for the female mind. This book will teach you how to be the man that women are lusting after. More importantly, it will highlight all the things you are currently doing that are just flat out unattractive to women. When it comes to attraction, men are a switch, but women are a dial. There are a thousand shades of grey in between on and off. Their state of desire is fluid, and if you know how, you can easily attract women who you previously would have considered 'out of your league'. This is not a pick-up guide; it's a comprehensive personal development program to show you how to love the man you are and to project that confidence outward. Anything else is just window dressing and women of value can smell a guy who is faking it a mile off. If you are serious about getting the woman of your dreams or learning how to attract women wherever you go, this is the book may be the most important discovery of your life. You are about to discover: The psychology of attraction. How the female mind works and what they find attractive. Loving the man you are and living with confidence. Using fear technology to smash your goals. Why looks do not matter half as much as you think. How the more mature man can attract younger women. Internet dating - standing out from the crowd. The Whole Wide World, Without Limits Mary McCune 2005 Often perceived as being removed from the rough-and-tumble world of male politics, women involved in relief during World War I and the 1920s found themselves grappling daily with questions of ideology, nationalism, and political statehood. Participation in large-scale relief work provided Jewish women with a firm sense of their own capabilities and contributed to their

heightened sense of gender consciousness. Their experience provides powerful evidence that women activists in the post-suffrage period sustained a notable degree of separation from men even as they propounded gender equality, thereby facilitating American Jewish women's entrance into the public realm without their having to sacrifice commitment to either Jewish or women's issues. Gendered and separatist strategies enabled women to bring their concerns into the public sphere, affect the course of American Jewish history, and shape modern American Jewish identity. "The Whole Wide World, Without Limits" explores the international relief activities of three American Jewish organizations during this period: the National Council of Jewish Women, Hadassah (the Women's Zionist Organization of America), and the Workmen's Circle. Women in all three organizations vigorously raised money for Jews in the war zones and continued to help them after the armistice. Author Mary McCune demonstrates the significance of the work of each group while analyzing the interactions between class, ethnicity, religion, and gender consciousness, both inside the Jewish community and in the broader American context. McCune looks at a wide variety of Jewish women—Zionists and anti-Zionists, religious and secular, capitalists and socialists, wealthy and working-class—and sheds light on the myriad ways that personal identity shapes public activism. More importantly, this book reveals how women's charity work and their use of gendered strategies exerted influence over seemingly unrelated political events.

Women, Activism and Social Change Maja Mikula 2006-01-16 Throughout history, women have participated in and sometimes initiated rebellions to defend the welfare of their family, community, class, race or ethnic group. This volume presents original research on women's activism in Asia, Europe, Australia and Latin America. It explores how women have advanced social change and their influence on, and response to, existing transformations in society. Using an interdisciplinary approach, the authors examine women's activities and conditions in diverse social and political contexts, from revolutionary societies, to status quo societies, to societies in decline. With its primary focus on agency and social change, this book deconstructs patriarchal discourses and unearths aspects of female agency in an array of cultural, historical and geopolitical contexts. Chapters on movements in China, Japan, Australia, Croatia, Russia and a range of other countries both contribute to our understanding of change in those societies and seek to locate women at the center of politically aware movements. Although not exclusively a book about feminist activism, this essential collection is motivated by the feminist desire to restore to history a range of women's experiences. This book introduces new ways of thinking across boundaries, identities and complexities in a still essentially patriarchal world. It will be of great interest to students and researchers in the fields of gender studies, activism and comparative politics.

Chandos Ring Mark Chandos 2009-03-02 BOOK DESCRIPTION: Mark Chandos is a modern American poet and philosopher, also known by name Mark Staber Kobo with his bestselling poetry book *Greatest Living Poet*, that has won Best Critics choice prize in 2010. *Chandos Ring : Death Star Earth* is the first book of a trilogy titled *Exodus from Sapiens*. This is a sensational masterwork of modern American epic poetry and philosophy of a space. It tells a story of Aaron, the last living member of a ruthless political dynasty responsible for the extinction of many non-Western nations of a dying Earth. His intent is to create a race of men able to live without a carbon and oxygen base. The Aarons companion to Jupiter is Talon, the greatest scientific mind of his age The result would be creating a genetically new human magus creature called *Homo faustus* Ultimately, Aaron discovers the alien source of human life Recognized for its idiomatic perfection and elegance of style, the epic poem *Chandos Ring* is a strange new reconstruction of human life that crosses modern science fiction, religion, physics, and philosophy Previous to the poem, in his philosophical introduction *Unfinished Consciousness*, Mark Chandos revolutionizes previous Western philosophy and reveals the hidden truth of our civilization. I have crossed my meridian voyage, where human becomes visible idiom, and so their fears. I dig the tar cave of fossil rune, where ghosts of space, time, and men coil in somatic prescience. I will rise deep in winter with no alarm, not once to follow substance of moth-winged men glazed with light.

I lay down structure embedded with my selection, joy and fear reduced to equal fonts. Since if by sentience I am cognizant, then by sentience equally I annul a slur of cognizance. We make nothing that we do not spend, exhaust, and pasteurize. So I will make this sprint. If I cry counter idiom, who will survive to prevent me? Those that accept death? I drain time and element of insolvent fear, reducing bleached bones of shrill alarm to light totem on my eye.

The Woman I Am Melody Maxwell 2014-07-09 She examines magazines published by Woman's Missionary Union (WMU), an auxiliary to the SBC: Our Mission Fields (1906-1914), Royal Service (1914-1995), Contempo (1970-1995), and Missions Mosaic (1995-2006). In them, she traces how WMU writers and editors perceived, constructed, and expanded the lives of southern women. Showing ingenuity and resiliency, these writers and editors continually, though not always consciously, reshaped their ideal of Christian womanhood to better fit the new paths open to women in American culture and Southern Baptist life. Maxwell's work demonstrates that Southern Baptists have transformed their views on biblically sanctioned roles for women over a relatively short historical period. How Southern Baptist women perceive women's roles in their churches, homes, and the wider world is of central importance to readers interested in religion, society, and gender in the United States.

Oglala Women Marla N. Powers 2010-01-15 Based on interviews and life histories collected over more than twenty-five years of study on the Pine Ridge reservation in South Dakota, Marla N. Powers conveys what it means to be an Oglala woman. Despite the myth of the Euramerican that sees Oglala women as inferior to men, and the Lakota myth that seems them as superior, in reality, Powers argues, the roles of male and female emerge as complementary. In fact, she claims, Oglala women have been better able to adapt to the dominant white culture and provide much of the stability

and continuity of modern tribal life. This rich ethnographic portrait considers the complete context of Oglala life—religion, economics, medicine, politics, old age—and is enhanced by numerous modern and historical photographs. "It is a happy event when a fine scholarly work is rendered accessible to the general reader, especially so when none of the complexity of the subject matter is sacrificed. Oglala Women is a long overdue revisionary ethnography of Native American culture."—Penny Skillman, San Francisco Chronicle Review "Marla N. Powers's fine study introduced me to Oglala women 'portrayed from the perspectives of Indians,' to women who did not pity themselves and want no pity from others. . . . A brave, thorough, and stimulating book."—Melody Graulich, Women's Review of Books "Powers's new book is an intricate weaving . . . and her synthesis brings all of these pieces into a well-integrated and insightful whole, one which sheds new light on the importance of women and how they have adapted to the circumstances of the last century."—Elizabeth S. M.A.R.E.S.—Mature, Attractive, Respectable, Even-Tempered, Single, Professional Ladies over Forty - Captivating Younger Men - Sherry Lynne
2017-02-16 Newsweek proclaimed 2009 as the Year of the Cougar. Hollywood was showcasing its leading ladies, who just happened to be over forty, with some leading men under forty. The article raised a question. It asked, Are Cougars what women really want to be? The answer is yes for some, and no way, for others. The term Cougar is often used to describe women over forty who pursue, prey, prowl and pounce on younger men. In M.A.R.E.S.- Mature, Attractive, Respectable, Even-Tempered, Single, Professional, Extraordinary, Ladies Over Forty, author Sherry Lynne demonstrates that M.A.R.E.S. are confident, attractive, fun-loving, and financially secure ladies who magnetize a man searching for those qualities. Married for twenty-four years and now divorced, Sherry Lynne shares knowledge and insights gleaned from her own personal experiences and those of others. She discusses the acronym she coined to represent this group of ladies who aspire to a higher level of femininity and professionalism. She tells how M.A.R.E.S. are the millennial version of what a noble, Victorian lady of the past would be. M.A.R.E.S. are the handkerchief-dropping, manner-filled, yet fun and exciting ladies the foremothers would be proud of.

How to Date Younger Men Trina C. 2012-03-04 ABOUT THE BOOK "Older women, are beautiful lovers." So goes the song made famous by country crooner Ronnie McDowell in 1981. And he was right. For years, younger men of a certain type have always enjoyed the company of older women. The mystery, the worldliness, the experience - it's all something young men crave, and something many young women lack. The phenomenon of younger men having relationships with older women is nothing new. Silver screen legend Mae West, who coined the phrase, "Why don't you come up and see me some time?" kept a harem of young men well into her 60s. Catherine the Great, the sexually independent Russian ruler, had a string of younger lovers, and the last one was 40 years her junior. Celebrity couples with an older women in recent years have included Courtney Cox and David Arquette (7-year difference), Vivica Fox and rapper 50 Cent (11-year difference), Cher and Rob Camilletti (18-year difference), and Madonna and Brahim Zaibat (29-year difference). And, of course, there's Demi Moore who is 16 years older than her now-estranged husband, Ashton Kutcher. EXCERPT FROM THE BOOK To get a man, any man, you have to put yourself out there. To get a younger man requires a little more work because some might overlook you automatically. This isn't because you're not attractive, it's simply because most men are hardwired to look for women their own age or younger. To find him, you must seek him. Join an online dating site, whether it's one designed specifically for cougar-cub romances or one that caters to mainstream romances. Whichever site you choose, be specific in your age limits. How old is too old? And how young is too young? Use an attractive recent photo, preferably a headshot where you're smiling or otherwise look appealing. Keep it classy, though. You want him to be curious to know more about you, not about how fast he can bed you. Pick up a hobby that interests you, but one which also attracts young men. Do you enjoy skiing? Join a singles club that welcomes all ages for skiers. Any outdoor activity such as hiking, bicycling and boating often have young, male devotees. Don't start heading to NASCAR races if you really don't enjoy it, but don't skip out on something simply because it might not attract

younger men. Cooking classes are often filled with young men. You'd be surprised at how many 20-something men are picking up sewing! Don't worry if the object of your desire isn't single. Strike up a conversation with him anyway. He probably has plenty of single friends!... Buy a copy to keep reading! Outlaws of the Purple Cow and Other Stories Lester Goran 1999 In this, his third collection of stories, Lester Goran moves us again through the times and places indelibly stamped with his wit and insight about people and events lost to history. *Outlaws of the Purple Cow* centers around the domains of Irish-American men and women in Pittsburgh. Goran creates once more his world of poignant and magical times and places within the mundane affairs of ordinary men and women. Goran's evocative settings and narratives range from the supernatural to the humorous, from bawdy to richly detailed realism. Goran, with his mastery of language and images, chronicles in stories the unheralded laughters and sorrows of Americans seldom noted in fiction. Goran creates once more his world of poignant and magical times and places within the mundane affairs of ordinary men and women. Goran's evocative settings and narratives range from the supernatural to the humorous, from bawdy to richly detailed realism: the bewildering ceremony enacted on a suburban lawn on Good Friday; an inventory of the loves of a lifetime compiled on scraps of paper and matchbook covers; the young man home on leave from the army who encounters a woman whose entire life is reflected in the wires holding together

her threadbare Christmas tree; and the young man on the first day of his first job who delivers roses to a house where the homeowner had died since ordering the flowers. Goran, with his mastery of language and images, chronicles in stories the unheralded laughter's and sorrows of Americans seldom noted in fiction.
