

How Do You Know If A Ukrainian Woman Likes You

Trio Sonata - Juliet Sarkessian 2010-12-02

Janna, the bright, attractive proprietress of a cafe in Philadelphia's city centre, is unable to form any real commitment with the men she has dated: her most intimate and emotionally satisfying friendships have been with gay men. Her voyeuristic participation in two men's relationship is one of the most revealing pictures of an erotic psyche that readers will ever encounter.

Ukrainian prison. Roses behind the thorn - Iryna Ahapieieva

Moonlight in Odessa - Janet Skeslien Charles

2010-09-06

I loved my native city, but how I longed to escape, to go to America - a land full of eligible men... Twenty-something Daria is an intelligent, bilingual secretary who should have her pick of the men in Odessa - except that the only men who are making advances are a dashing mafia gangster and her boss. Fearful that she'll be fired for refusing to sleep her way to the top, she decides to moonlight at Soviet Unions™, an international marriage broker. But as she bridges the language gap between Odessan beauties and lonely American men she wonders if she will ever escape the trappings of Ukrainian

life and find true love. When she intercepts a message from a mild-mannered teacher, e-mails fly back and forth across the Atlantic. Daria soon finds herself much closer to the American dream than she had ever imagined, but will the charms of California prove to be more irresistible than all that she is prepared to leave behind?

[A Short History of Tractors in Ukrainian](#) -

Marina Lewycka 2006-03-02

When their recently widowed father announces he plans to remarry, sisters Vera and Nadezhda realise they must put aside a lifetime of feuding in order to save him. His new love is a voluptuous gold-digger from the Ukraine half his age, with a proclivity for green satin underwear and boil-in-the-bag cuisine, who stops at nothing in her single minded pursuit of the luxury Western lifestyle she dreams of. But the old man, too, is pursuing his eccentric dreams - and writing a history of tractors in Ukrainian. A wise,

tender and deeply funny novel about families, the healing of old wounds, the trials and consolations of old age and - really - about the legacy of Europe's history over the last fifty years.

Women's Glasnost vs. Naglost - Tatyana Mamonova 1993-11-30

Yeltsin is certainly not the Sakharov of the Democratic Movement. Russian people sarcastically call his burning the Parliament an October Revolution of 1993. In Women's Glasnost vs. Naglost we finally hear the voices of the Russian women on what it means to be female and Russian in the tumultuous climate that is modern Russia. The founder of the Russian women's movement, Tatyana Mamonova was the first Russian woman exiled from the Soviet Union for publishing the underground samizdat, *Woman and Russia*. Now lauded as the Simone de Beauvoir of Russia, Mamonova has

interviewed 17 Russian women on the subject of the C.A.S. as it relates to glasnost. Women from all walks of life are asked about changes with respect to their roles and expectations as women. Artists, professionals, dissidents, lesbians, doctors, writers, and civil servants tell their stories in candid terms showing that there is still a long road ahead. Revisions and elaborations of speeches delivered on Mamonova's American tours, poetry in her own hand, and line drawings in her own eloquent and prolific style compliment her essays and the women's interviews.

A Critical Ethnography of 'Westerners' Teaching English in China - Phiona Stanley 2013

Western 'teachers', many of whom would not be considered teachers elsewhere, teach English in public and private education in China. This book sheds light on their experiences, the effect they have on education and on students' perceptions of 'the West'.

experts analyze similarities and differences in various countries throughout the chapters. The volume consists of two parts. The chapters of the first part examine the post-Soviet area as a whole. The second part includes specific case studies on the development of the Internet, either in individual countries or in groups of countries. Countries analyzed are Estonia, Ukraine, Russia as well as three Central Asian countries: Kazakhstan, Uzbekistan and Tajikistan. Topics covered in the volume include, but are not limited to measurement, dynamics, and structure of each national Internet audience; the history of the Internet in the post-Soviet countries; development of infrastructure; Internet regulation and institutional aspects; online markets such as telecommunications, online advertising, e-commerce, and digital content; social and cultural aspects; as well as the transformation of the national media systems. This book is a must-read for students, researchers, and scholars of political science

and economics, as well as policymakers and practitioners interested in a better understanding of Internet development in the post-Soviet area.

Blood and Salt - Barbara Sapergia 2012-08-01
The central character, Taras Kalyna, has run away from the Austrian army on the brink of World War I, to follow his love, Halya, to Canada. He can't know how hard it will be to find her again or that his search will be interrupted by two years in what some have called "Canada's Gulag." Because Ukrainians come from Austrian-ruled territories, they will be classed as "enemy aliens" and confined behind barbed wire in internment camps. Not every single Ukrainian; the emphasis was on the unemployed, the political (such as union activists), and people who were in somebody's way. The novel involves class relations. Halya's ambitious father gets her a job as companion to a rich woman, Louisa Shawcross. Louisa is the mother of Ronnie Shawcross, Taras's boss at the

small-town brick plant, and he falls in love with Halya. Taras becomes a person in his way. Ronnie denounces him to the police. By the end of the story, Taras and Halya do come together again. Taras has come to love the southern Saskatchewan landscape and raises horses like the one he saw in a dream as a young man in the old country. Storytelling is an important element. To explain why he'll never return to the old country, Taras begins a tale - about why he left - which lasts for most of the time in camp and helps to sustain the men's spirits. Another character, Myro, a teacher, tells stories about the great 19th century Ukrainian poet and patriot, Taras Shevchenko. In these stories the narrative moves to the poet's point of view. We see him in St. Petersburg and elsewhere and we learn of his own "internment" - his exile to eastern Russia.

Ukrainian Rhapsody - Victoria Von Berg
2023-07-21

The past of a heartless mail bride is as

mysterious as the ethnic life of 'gutzuls' in Western Ukraine. Castaway to the distant shores of the Atlantic, trapped in the illusory realm of desire, unable to cope with harsh reality, about to plunge into the abyss of East River, she is facing a fundamental question: will she have a chance to redeem herself? Her last chance of redemption has a hefty price - a broken heart, and it is too tempting not to take it.

Mapping Difference - Marian J. Rubchak
2011-04-01

Drawn from various disciplines and a broad spectrum of research interests, these essays reflect on the challenging issues confronting women in Ukraine today. The contributors are an interdisciplinary, transnational group of scholars from gender studies, feminist theory, history, anthropology, sociology, women's studies, and literature. Among the issues they address are: the impact of migration, education, early socialization of gender roles, the role of the media in perpetuating and shaping negative

stereotypes, the gendered nature of language, women and the media, literature by women, and local appropriation of gender and feminist theory. Each author offers a fresh and unique perspective on the current process of survival strategies and postcommunist identity reconstruction among Ukrainian women in their current climate of patriarchalism.

Benjamin Atkins - Philip James 2015-03-27

Benjamin is a British solicitor from London who lives in Notting Hill Gate with his wife, Rebecca, and two children, Darian and Linda. He works for Clyde & McKinley LLP, a small American law firm that offers pro bono services to prisoners on death row. Benjamin represents Charles Thomas, a Texan prisoner on death row days from being executed. Christopher Heidenreich, a director of civil liberties and Benjamin's friend, asks him to represent Charles. On his first visit to the States, land of the free, home of the brave, he is accompanied by Jasmine, a medical doctor and human rights advocate and is

strongly supported by attorneys from Claude & Butler LLP, which Christopher arranges. As they get closer to the truth, discovering information that reflects the innocence of their client and reveals a cover-up, high-profile officials are implicated, including a plutocrat, which brings danger to his family back in London. Discover the voyage, the many rivers and hazardous obstacles they need to cross in this epic story across two continents, encompassing commitment, friendship, teamwork, sacrifice, tenacity, determination, rectitude, and an immovable stance for human rights. "The basic concept underlying the [story] is nothing less than the dignity of man" —Furman v Georgia, 29 June 1972.

It was Another Skin - Sian Supski 2007
"This study examines the meanings of the kitchen to women who were wives, mothers, housewives and homemakers in the 1950s in Western Australia. It uses qualitative data collected from oral history interviews with migrant and Australian born women. The book provides insight to women's everyday lives and analyses practices, such as cooking, ironing, budgeting, shopping, dishwashing and decorating which provide women with power. Central themes of this study explore the meaning of home and kitchen design and analyses how practices of the kitchen inform women's multiple identities. It also shows how dominant discourses, such as domesticity, femininity and efficiency reinforce gendered notions of women's work in the kitchen. Moreover, the book examines points of

resistance, it shows that women perform their everyday practices, design their kitchens and decorate them in ways that perhaps were not always intended by domestic science experts, designers, architects and manufacturers."--

Through the Clouds - C. Wes Mercier 2012-01-12

The pursuit of a million dollars is an arduous task for a sixth grader trying to figure out why he was being ridiculed for not fitting in. This path leading him to believe that he needed to start planning sooner, rather than later, or else he'd be forced to accept the identity being defined right before his eyes. Ascension above an adolescent mediocrity began after he realized if his ship wasn't coming in, he'd have to swim out to it. Unexpectedly, the man he grew into finds a love he settles for rather than letting the Lord settle it for him. After going through the motions of deciding which he wanted more, he discovers that self-defining a treasure map of sorts is the best solution to curtailing any further adverse

relationship decisions. Landing a job at Delta Airlines he recognizes that questions he was asking were being answered by the lessons learned while flying through a cloudy perspective to suddenly arrive at the bluest skies he'd ever seen. Through the clouds is his journey through those sometimes turbulent skies as he

was trying to figure out what was most important. Would he find himself so far up a million dollar dream that he isn't open to a love who finds him wanting? Or would he stay below the clouds long enough to wait on what God was planning all along?
