Crime & Thriller Book of the Year (Specsavers National Book Awards) Longlisted for the Man Booker Prize 2018.

'The best crime novel I've read in a very long time.' VAL

MCDERMID SNAP DECISIONS CAN BE DANGEROUS . . . On a

stifling summer's day, eleven-year-old Jack and his two sisters sit in their broken-down car, waiting for their mother to

come back and rescue them.

Jack's in charge, she'd said. I won't be long. But she doesn't come back. She never comes back. And life as the children know it is changed for ever.

Three years later, Jack is still in charge - of his sisters, of supporting them all, of making sure nobody knows they're alone in the house, and - quite suddenly - of finding out the truth about what happened to his mother . . . \_\_\_ 'Original, pacy and thoroughly

entertaining . . . a cracking read.' CLARE MACKINTOSH

'No one writes crime novels like Belinda Bauer, with a rare blend of darkness, humour and heart. She's a crime writing genius.' C. L. TAYLOR 'Edgy,

original and beautifully written, this suspenseful story is dazzlingly good.' Sunday

Mirror 'The opening of Snap is

one of the most vividly unnerving I have read . . . razor-sharp observation.' Guardian \_\_\_ Readers are gripped by Snap: 'Full of suspenseful twists and turns' \*\*\*\*\* 'Twisty, intriguing and so cleverly written I couldn't put it down' \*\*\*\*\* 'A refreshingly different murder mystery' \*\*\*\*\* *Shiver* - Maggie Stiefvater 2011-08-04

Grace is fascinated by the wolves in the woods behind her house; one yellow-eyed wolf in particular. Every winter, she watches him, but every summer, he disappears. Sam leads two lives. In winter, he stays in the frozen woods, with the protection of the pack. In summer, he has a few precious months to be human . . . until the cold makes him shift back again. When Grace and Sam finally meet, they realize they can't bear to be apart. But as winter nears, Sam must fight to stay human - or risk losing himself, and Grace, for ever.

**Think Like a Monk** - Jay Shetty 2020-09-08

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you

think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success - And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school

friends—many working for some of the world’s largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world’s most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world’s #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how

to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

*Modern Romance* - Aziz Ansari  
2015-06-16

The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of Master of None and one of this generation’s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems

standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed

like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or

humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

sending the first message, as well as a list of 80 message openers you can immediately start using. • What is the dating app staircase? • How to easily keep quality conversations going with girls. • The #1 thing girls like to talk about which releases "feel good" chemicals in their brain. • How to ask for her Snapchat ID or phone number. • Indicators which show she is interested in you. • How to ask for the date. • And So Much More! ————— As a complimentary bonus, only for book buyers, you'll receive my special report titled Subconscious Attraction, which includes 3 subconscious techniques that attract females. This report is not available to the public; it exists solely as a "thank you" to buyers of this book.

**Likes** - Sarah Shun-lien Bynum 2021-09-07

A BEST BOOK OF THE YEAR: Library Journal, Electric Literature, The New York Public Library, PopMatters A Finalist for the Los Angeles Times Book Prize and the Story Prize National Book Award finalist Sarah Shun-lien Bynum's highly anticipated return weaves together like and unlike, mythic and modern In nine stories that range from the real to the unreal, strange to familiar, funny to frightening, Sarah Shun-lien Bynum reminds us why her wildly original debut, *Madeleine Is Sleeping*, and her masterful *Ms. Hempel Chronicles* have become contemporary classics--celebrated and beloved. In a nimble dance of lightness and gravity, *Likes* explores the full range and contradictions of our

contemporary moment. Through unexpected visitors, Waldorf school fairs, aging indie-film stars, the struggle to gain a foothold in the capitalist shell-game of work, the Instagram posts of a twelve-year-old—these stories of friendship and parenthood, celebrity and obsession, race and class and the passage of time, form an engrossing collection that is both otherworldly and suffused with the deceitful humdrum of everyday life. For readers of Joy Williams, George Saunders, Lauren Groff, and Deborah Eisenberg, *Likes* helps us see into our unacknowledged desires and, in quick, artful, nearly invisible cuts, exposes the roots of our abiding terrors and delights.

**Attached** - Amir Levine  
2012-01-05

“Over a decade after its publication, one book on dating has people firmly in its grip.”  
—The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to

help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love.

Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. *Attached* guides readers in determining what attachment style they and their mate (or potential mate) follow, offering

a road map for building stronger, more fulfilling connections with the people they love.

**Talking in Pictures** - Chelsea Peitz 2017-10-29

"Snapchat was the app that launched the "camera first" revolution. Its' disruptive features out-innovated major social networks and inspired hundreds of millions of users to document their personal stories through the free broadcast network in their pockets. Snapchat allowed us to communicate through images and not just around them. It changed social media from merely documenting and preserving memories to an in-the-moment real time experience. It was authentic, personal and unlike any other social platform in existence"-- Back cover.

**The Beauty Myth** - Naomi Wolf 2013-08-31

The bestselling classic that redefined our view of the relationship between beauty and female identity . Every day, women around the world are confronted with a dilemma -

how to look. In a society embroiled in a cult of female beauty and youthfulness, pressure on women to conform physically is constant and all-pervading. In this iconic, gripping and frank exposé, Naomi Wolf exposes the tyranny of the beauty myth through the ages and its oppressive function today, in the home and at work, in literature and the media, in relationships between men and women, between women and women. With pertinent and intelligent examples, she confronts the beauty industry and its advertising and uncovers the reasons why women are consumed by this destructive obsession.

**Bossypants** - Tina Fey  
2011-04-18

Once in a generation a woman comes along who changes everything. Tina Fey is not that woman, but she met that woman once and acted weird around her. Before *30 Rock*, *Mean Girls* and 'Sarah Palin', Tina Fey was just a young girl with a dream: a recurring stress dream that she was being chased through a local airport by her middle-school gym teacher. She also had a dream that one day she would be a comedian on TV. She has seen both these dreams come true. At last, Tina Fey's story can be told. From her youthful days as a vicious nerd to her tour of duty on *Saturday Night Live*; from her passionately halfhearted pursuit of physical beauty to her life as a mother eating things off the floor; from her one-sided college romance to her nearly fatal honeymoon -

from the beginning of this paragraph to this final sentence. Tina Fey reveals all, and proves what we've all suspected: you're no one until someone calls you bossy.

**Girl Mans Up** - M-E Girard  
2016-09-06

Lambda Literary Award Winner! "Pen is an inspiration to anyone who's struggled to be understood, and a vital addition to the growing world of genderqueer protagonists." —New York Times Book Review All Pen wants is to be the kind of girl she's always

been. So why does everyone have a problem with it? They think the way she looks and acts means she's trying to be a boy—that she should quit trying to be something she's not. If she dresses like a girl, and does what her folks want, it will show respect. If she takes orders and does what her friend Colby wants, it will show her loyalty. But respect and loyalty, Pen discovers, are empty words. Old-world parents, disintegrating friendships, and strong feelings for other girls drive Pen to see the truth—that in order to be who she truly wants to be, she'll have to man up. M. E. Girard's *Girl Mans Up* is perfect for fans of Meredith Russo, Becky Albertali, Alex Sanchez, and Jaye Robin Brown!
