Have you ever looked around and wondered, "Why has everyone found love except me?" You're not the only one. Great relationships don't just appear in our lives—they're the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. [The Automatic 2nd Date](#) - Victorya Michaels Rogers 2007-10-16

For women who long for serious commitment in a relationship, the harsh reality is that if they can't get a man to call them back for a second date, they will be doomed to a life of single-date relationships with no "till death do us part."

Dating expert, Victorya Michaels Rogers, author of *Finding a Man Worth Keeping*, tells how in this book she went from no dates to being pursued by an Academy Award winner, a rock star, a gospel singer, a preacher, an athlete, and more--until she found the man she decided was worth keeping. Rogers has dating down to a science, and shares her expertise in sure-fire, guaranteed-to-work secrets. And the best part is that these secrets work for any single woman at any age--secrets that will teach readers how to:

- Evaluate her own personal pluses and minuses and learn how to enhance her finest qualities while minimizing negatives.
- Find eligible men, even involving friends and family in her search
- Flirt just enough to get him to come over and ask her out
- Charm her way through her first phone call
- Dress for the first date
- Establish rapport and relax in the first fifteen minutes of her first date
- Keep the first-date conversation all about him so she can (1) see if he matches her "wish list" and (2) keep him interested in his favorite subject--himself.
- Use body language, gestures, and vocal tone to communicate just what she wants him to know
- Flatter a man with believable, genuine compliments
- Know how far to go on the first date
- Let him down easy if there's no "spark"
- Not to scare him off by being too pushy

Make Your Move - Jon Birger 2021-02-02

Modern romance is broken. It's time to flip the script. Apps have transformed dating from a mysterious adventure into a daily chore. Young, single, college-educated women are sick and tired of competing for a shrinking supply of guys. And marriage-material men, long expected to take the lead when it comes to asking women out, are suddenly balking at making the first move, fearing they'll come across as creepy or inappropriate. Society is changing, which means it's time for dating to evolve. Millennial and Gen Z women are more than capable of seeking out what—and who—they want. They're standouts in the classroom and champions on the playing fields. They're leaders in the workplace and trailblazers in city halls, state houses, and Congress. So why would we tell a generation of badass women that they're not allowed to be bold when it comes to finding love? Why should they have to sit back and wait (and wait and wait) for men to find them? In *Make Your Move: The New Science of Dating and Why Women Are in Charge*, Jon Birger, author of *Date-onomics*, offers women bold new strategies for finding the one. Backed by research showing that women can win at romance by making the first move with the men of their choice, Birger explains why:

- It's better to choose than to be chosen
- The "play hard to get" method is not only outdated but grounded in bad science
- The first move does not have to be a big move
- It's time to log off of dating apps and date men you actually know
- The workplace can be a terrific place to meet a long-term romantic partner
- . . . and more!

Make Your Move is an honest, solution-based guide to finding love that lasts. If you're tired of playing by old rules, look no further: Make your move and win.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform

into the most confident version of yourself.

There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. *The Guyde* is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. *The Guyde* is a

labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
