Tales from Facebook - Daniel Miller 2013-04-25
Facebook is now used by nearly 500 million people throughout the world, many of whom spend several hours a day on this site. Once the preserve of youth, the largest increase in usage today is amongst the older sections of the population. Yet until now there has been no major study of the impact of these social networking sites upon the lives of their users. This book demonstrates that it can be profound. The tales in this book reveal how Facebook can become the means by which people find and cultivate relationships, but can also be instrumental in breaking up marriage. They reveal how Facebook can bring back the lives of people isolated in their homes by illness or age, by shyness or failure, but equally Facebook can devastate privacy and create scandal. We discover why some people believe that the truth of another person lies more in what you see online than face-to-face. We also see how Facebook has become a vehicle for business, the church, sex and memorialisation. After a century in which we have assumed social networking and community to be in decline, Facebook has suddenly hugely expanded our social relationships, challenging the central assumptions of social science. It demonstrates one of the main tenets of anthropology - that individuals have always been social networking sites. This book examines in detail how Facebook transforms the lives of particular individuals, but it also presents a general theory

of Facebook as culture and considers the likely consequences of social networking in the future.

The Girlfriend Request - Jodie Andrefski 2016-01-11

"This book had me swooning, laughing, and crying - a truly enjoyable read." -Brett Jonas, Goodreads Reviewer
Emma has been best friends with Eli since she moved to his neighborhood ten years ago. Tired of being cast in the role of the girl next door, Emma creates a fake Facebook profile in the hopes of starting an online friendship with Eli, which would hopefully lead to more. Like...way more. From friend request to In a Relationship--it all seemed so completely logical when she'd planned it. Eli can't figure out what Emma is up to. He's pretty sure she's the one behind the Facebook profile, but then again, why would she do something so drastic instead of just admitting she wants to be more than friends? And who the heck is this new guy he saw her with? Eli starts to think that just maybe...he missed his chance with the girl next door. Two best friends, one outlandish ruse. Their status is about to become way more than It's Complicated... Disclaimer: This Entangled Teen Crush book contains one fake Facebook profile, two best friends who secretly crave each other, and a dreaded sex talk with parents...boy crush in the room included. Pushing a relationship beyond the friend zone has never been so crazy... Each book in the Girlfriend

Dangerous Personalities - Joe Navarro
2018-01-16

What makes a narcissist go from self-involved to terrifying? In this national bestseller, Joe Navarro, a leading FBI profiler, unlocks the secrets to the personality disorders that put us all at risk. "I should have known." "How could we have missed the warning signs?" "I always thought there was something off about him." When we wake up to new tragedies in the news every day—shootings, rampages, acts of domestic terrorism—we often blame ourselves for missing the mania lurking inside unsuspecting individuals. But how could we have known that the charismatic leader had the characteristics of a tyrant? And how can ordinary people identify threats from those who are poised to devastate their lives on a daily basis—the crazy coworkers, out-of-control family members, or relentless neighbors? In *Dangerous Personalities*, former FBI profiler Joe Navarro has the answers. He shows us how to identify the four most common "dangerous personalities"—the Narcissist, the Predator, the Paranoid, and the Unstable Personality— and how to analyze the potential threat level. Along the way, he provides essential tips and tricks to protect ourselves both immediately and in the long-term, as well as how to heal the trauma of being exposed to the destructive egos in our world.

The G.F. List - Sharyn Atkinson 2013-07-23
Sharyn Atkinson doesn't claim to have all the answers, but after twelve years of being single in Melbourne, she does have some hilarious—and cringe-worthy—stories to tell. In this light-hearted, playful, and honest account of her romantic experiences, you'll find stories of hope, loss, deception, discovery, sex, and love in all its many forms. Read it cover to cover, or pick a chapter that calls out to you—"Mr. Loaded," "Mr. International Jet Setter," or perhaps the intriguing "Mr. Stripper Electrician." Though she would love to get married and start a family, Sharyn doesn't plan to settle for anyone—even if that means navigating the murky waters of dating in your thirties. As she explains, "I don't want to be someone's handbag, mother, housemaid, bimbo, friend with benefits, notch on the belt, therapist, 'bit on the side', rebound, second wife, 'cougar', party girl, provider, or door mat. Call me crazy, but none of that really appeals to me." Whether you're single, happily married, or somewhere in between in the dating game, Sharyn's honest, relatable, and disarming accounts of trying to find "the one" in a vast sea of "not quite" will have you nodding in understanding and considering the various people you've decided to make time for—or catch and release.

Unprotected - Miriam Grossman 2007-08-28
Our campuses are steeped in political correctness—that's hardly news to anyone. But no one realizes that radical social agendas have also taken over campus health and counseling centers, with dire consequences. Psychiatrist Miriam Grossman knows this better than anyone. She has treated more than 2,000 students at one of America's most prestigious universities, and she's seen how the anything-goes, women-are-just-like-men, "safer-sex" agenda is actually making our sons and daughters sick. Dr. Grossman takes issue with the experts who suggest that students problems

can be solved with free condoms and Zoloft. What campus counselors and health providers must do, she argues, is tell uncomfortable, politically incorrect truths, especially to young patients in their most vulnerable and confused moments. Instead of platitudes and misinformation, it's time to offer them real protection.
