[How to Tell If Someone Truly Loves You - Femi Ogunjinmi 2020-03-25](#)

Statistics show that about nine-in-ten Americans cited love as a very important reason to get married. Whether you are single, dating or in a relationship, the thought of if someone truly loves you or you are in love comes to mind. We all want to fall in love and get married to someone who feels the same way we feel about them. However, people find it hard to say those three big words (I Love You) we want to hear. The reason for their hesitation varies. They are afraid to be perceived as moving too fast if it's a relatively new relationship, so they don't want to push you away. It could be because they don't want to come off too strong if they cannot tell that you have similar feelings. And some people hold off saying it because they feel like the other person should say it first. Regardless if they are professing their love or hiding it, this book will reveal the signs that convey someone truly loves you and if what you are feeling also is true love. Dr. Femi "Gfem" Ogunjinmi is a global relationship new rule expert, TV host of Dr. Femi Show, United Nation Representative, and author of *Revelations of Relationship: What You Don't Know About Finding True Love and Sustaining Relationship*. He has been a go-to expert to media outlets like USA TODAY MAGAZINE, FOX NEWS, REWIRE.Org., and STYLECASTER. He has spoken on big media platforms including The Word Network, RADIO ONE, SIRIUS XM, SPLASH FM, and TEDx. His speech on TEDx has received over 2.8 million views and growing by 100,000 views every month. Apart from keynoting and speaking at conferences across the United State and overseas, Dr. Femi also conducts his own relationship

programs. His signature conference, "Revelations of Relationship Seminar" occurs every year in United States and has been conducted internationally in Nigeria. Dr. Femi is the founder of National Relationship Equity Day, an organization that has created a national awareness day celebrated June 24th of every year. National Relationship Equity Day is dedicated to eradicating gender inequity in relationship and promoting the use of gifts, values, skill sets, and interests as a way of defining roles in relationship other than gender.

*The Search for Fulfillment* - Susan Krauss Whitbourne 2010-01-12

In the fall of 1966, at a university in the Northeast, 350 students signed up for a psychological survey on personal development and happiness. In 1977, Susan Krauss Whitbourne, then a young psychology professor, came across the study and decided to expand it. She tracked down the study's original

participants and questioned them every decade until she had forty years' worth of data. Now, in this groundbreaking book, Whitbourne reveals the findings of this extensive project, a seminal piece of research into how people change over the course of their lifetimes. The results indicate something fascinating: No matter how old or how content you might currently feel, it is never too late to steer your life toward a greater sense of purpose and satisfaction. Western society often paints a pessimistic view of aging, a "best years are behind you" attitude. But Whitbourne challenges this notion and posits that it's possible to find fulfillment at any age. Guided by her research, she identifies five different life pathways and provides a questionnaire that will help you discover which one you are currently on: • The Meandering Way You have a low sense of identity, lack priorities, and feel lost, unable to settle on a clear set of goals. • The Downward Slope You seem to have it all, until one or two poor decisions send your life into a spiral. • The Straight and Narrow Way You embrace predictability, shy away from risk, and don't enjoy shaking up your routine. • The Triumphant Trail Your inner resilience has allowed you to overcome significant challenges that could have left you despondent. • The Authentic Road You take a bold and honest look at your life, assess whether it's truly satisfying, and take the necessary risks to get back on track. Whitbourne shows how you can work yourself off a negative pathway and onto one that is more fulfilling. And if you identify yourself as being on one of the more positive pathways, you'll learn how to keep enhancing your feelings of satisfaction. Filled with insight and candid personal profiles of Whitbourne's subjects, *The Search for Fulfillment* offers proof that change is not only possible but ultimately rewarding. Revolutionary and inspirational, this encouraging book provides a new way of looking at our lives—and a guidepost for making changes for the better, at any age.

**Why We Love** - Helen Fisher 2005-01-02

A groundbreaking exploration of our most complex and mysterious emotion Elation, mood swings, sleeplessness, and obsession—these are the tell-tale signs of someone in the throes of romantic passion. In this revealing new book, renowned anthropologist Helen Fisher explains why this experience—which cuts across time, geography, and gender—is a force as powerful as the need for food or sleep. *Why We Love* begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves, at last, what researchers had only suspected: when you fall in love, primordial areas of the brain "light up" with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love, why you choose one person rather than another, and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction, that love at first sight comes out of nature, and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion, and she optimistically explores the future of romantic love in our chaotic modern world. Provocative, enlightening, and persuasive, *Why We Love* offers radical new answers

to the age-old question of what love is and thus provides invaluable new insights into keeping love alive.
