

# Human Sexuality In The Christian Life A Working Document For Study And Dialogue

*AFER.* - 2007

Seeking Places of Peace - Royden Loewen  
2012-09-01

Perhaps the most inclusive, sweeping, and insightful history ever written about the North American Mennonite saga. Both authors are eminent historians. Royden Loewen is Professor of History, with a chair in Mennonite Studies, at the University of Winnipeg. Steven M. Nolt is Professor of History at Goshen (IN) College. Both authors of this book bring to the task the insights of "social history." As such, they focus on people in many geographical environments

rather than on institutional development and theological controversy. Readable, understandable, and incisive. Appeals to all ages and all groups.

**Human Sexuality in the Christian Life** - 1985

**Toward a Biblical Theology of Marriage** -  
Ernest D. Martin 2010-03-01

Does the Bible provide a construct for marriage that is relevant for a confused world? This book reflects a pastor's conviction that biblical revelation culminating in Christ does speak to the issues and potentials for marriage in such a world. By focusing on what the biblical

## Human Sexuality In The Christian Life A Working Document For Study And Dialogue

vocabulary of marriage, from Genesis to Revelation, may reveal of the Creator-Redeemer's intent for marriage, Ernest D. Martin develops a Christological paradigm for marriage that is consistent and applicable. Pastors, teachers, and counselors will find biblical faith perspectives useful in responding to the challenges and opportunities they face in the several phases of marital relationships. This short book will greatly benefit anyone seriously concerned with what the Bible says about marriage.

**For All People** - Else Marie Pedersen 2002  
Mortensen, a Christian leader and teacher who has always tried to be a theologian for all people, consciously open to the particularity and challenges of the times. Thus, in attempting to build bridges between different cultures, in being open to the realities of the world and responsible in relation to the victims of the day's order, and in keeping alive the idea of and working for a united humanity, this volume not

only represents a fitting tribute to Mortensen, a highly respected friend and theologian, but also suggests new ways of shaping a world for all people. Book jacket.

The Christian Meaning of Human Sexuality -  
Paul Quay, S.J ., Ph.D 2017-10-07

An updated and expanded edition of a classic work on the Christian meaning of human sexuality by an acclaimed teacher and priest. The unique gift of human sexuality allows us to choose, or not to choose, to participate in one form of God's creation. This book presents the understanding of human sexuality that divine revelation offers us. It is intended primarily for Christian adults who wish to know what kinds of sexual behavior are right or wrong, and to gain true insight into why such behavior is right or wrong for those who seek to love and live in Christ. For sexual morality is part of the mystery of our life in Christ and makes full sense only

## Human Sexuality In The Christian Life A Working Document For Study And Dialogue

when seen as such. Understanding of this Christian mystery, as far as we are given access to it, is offered us through the Scriptures and the living Tradition of the Church. This book uses Scripture and the teaching of the early Church Fathers to show what sexuality means in Christian terms, and is an indispensable guide to learning not just what the Church teaches, but why. Quay's insightful descriptions of the complementarity of male and female, a complementarity that is psychological, spiritual and bodily are exceptionally illuminating. It also explains the Bible's frequent use of the symbolism of marriage and sexuality in its accounts of the Covenant to understand better the relationship between God and his people, and the relationship of spouses to one another. It reflects on the natural symbolism of the human body and of spousal communion as a way to understand what is right and proper in sexual activity, and what is not. The new material in this expanded edition considers the theology of

natural family planning (NFP). It explains the moral principles that govern the use of NFP and also provides a theological reflection on the meaning of this practice.

*Encyclopedia of Bioethics* - Stephen Garrard  
Post 2003

*Shattering the Illusion* - Tracy J. Trothen  
2012-09-01

Shattering the Illusion is the first book to gather and comparatively analyze policies addressing child sexual abuse complaints in a selection of religious institutions in Canada. Although there is a substantial body of literature regarding Christianity and sexual abuse, very little of it focuses on religious institutions in Canada and their respective policies. In the foreword, Tracey J. Trothen summarizes the Cornwall Inquiry, out of which this book arose. She then examines the Roman Catholic Church, The United Church of

## Human Sexuality In The Christian Life A Working Document For Study And Dialogue

Canada, the Anglican Church, the Mennonite Church, Islam, and the Canadian Unitarian Council/Unitarian Universalist Association, describing in detail the evolution and particular content of policies and procedures that address child sexual abuse complaints directed at paid and volunteer faith community representatives and/ or leaders. She identifies differences and common themes among the approaches taken by the institutions and provides a summary table for an accessible comparative overview. Child sexual abuse is not new, but the emergence of policies to address abuse complaints within religious institutions is. This book identifies significant and shared causal factors behind the emergence of policy and reviews their content carefully. This review will serve as a significant tool for furthering the development of such policies.

**Mennonite Life** - 1984

Biblical View of Sex and Sexuality from African Perspective - 2006

*Church as Parable* - Harry J. Huebner  
2018-07-10

At the heart of this book is the conviction “that moderns have lost their ability to think morally and theologically.” Moral language such as “right,” “wrong” and “ought” is seen as meaningless. Modern society, and frequently the church, have adopted an emphasis on individual freedom and choice in which all is a matter of personal attitude or opinion. Then God plays little or no role. In this important volume Harry Huebner and David Schroeder analyze our moral predicament and its implications. They build a case for an ethical approach based on Scripture and the centrality of God and Jesus Christ, an approach in which the church plays an integral role.

**Human Sexuality in the Christian Life** - 1990

### **Come Out from among Them, and Be Ye Separate, Saith the Lord** - William H.

Brackney 2020-01-01

Believers' Churches have their origin in the Radical Reformation of the sixteenth century. Over the past 450 years the movement has included the Brethren, Mennonites, Hutterites, various types of Baptists, and the Restoration Movement. While never a unified denominational structure, the Believers' Churches together have been characterized by a strong personal faith in Christ, a call to discipleship and Christian activism, a high view of the authority of Scripture, and profession of faith in believers' baptism. The Believers' Churches have represented their beliefs in various ecumenical settings, missionary gatherings, and theological conversations. In the late 1950s, representatives of the several Believers' Churches began to meet in a series of conferences to explore their common views on doctrine, history, and ethics. Topics at the conferences have included

baptism, Lord's Supper, the nature of the church, and religious voluntarism. In 2016, the 17th Believers' Church Conference was held at Acadia University and sponsored by Acadia Divinity College. The theme was 'The Tendency Toward Separationism Among the Believers' Churches', a key recurring characteristic. This volume includes the papers presented at the conference and examines the theme from an immediate post-Reformation perspective, including Baptists, Black Baptists, Restorationists (including the Churches of Christ), the Hutterites, Pentecostals, the role of women, and significantly, the separationist tendency as it occurs in New Religious Movements. Typologies and analyses are provided by leading historians, theologians, and social science specialists.

### **Bioethics** - Warren T. Reich 1998

Extracted from the 5-volume "Encyclopedia of Bioethics", this book takes a look at the concentrated look at the legal, social, moral and

health-related issues surrounding sex and reproduction.

**Homosexuality and Religion** - Jeffrey S. Siker  
2006-11-30

Few issues today cause more public - and private - debate than the interaction of homosexuality and religion. From the question of gay marriage to the place of gays and lesbians within faith communities, religious leaders and lay members must deal with these issues for now and for years to come. What is the historical position of the major denominations? How are people of faith balancing their beliefs? This encyclopedia provides an overview of the various attitudes and responses that religions have had to the presence of gay, lesbian, bisexual, and transgendered persons within their communities. This is the most comprehensive volume to date on the intersections between

religion and homosexuality.

Negotiating Sexual Identities - J. Alicia Dueck  
2012

As one of the first studies of its kind, this book brings together the personal, alongside complex theoretical concepts, in order to explore lesbian, gay, bisexual, transgender, and queer (LGBTQ) identities within the Mennonite religious culture. Applying performativity, the book re-examines the meaning of identity in this ethno-religious community, as well as the way in which sexuality is talked about in churches and within institutions. It examines how lesbian, gay, and queer persons negotiate with these heteronormative discourses to be Mennonite. This is an important book for religious scholars and those concerned with queer identifications. (Series: Masters of Peace - Vol. 6)
