*Library of Congress Subject Headings* - Library of Congress. Cataloging Policy and Support Office 1999

*The Death of Peter Pan* - Chad Frank 2013-12-04  
The Death of Peter Pan provides a rare look into the mind of a sex offender and is a must-read for parents, psychologists, law enforcement officials and anyone else struggling to understand how one becomes a pedophile. Frank attempts to answer that question in this raw and honest memoir. He holds nothing back as he recounts the events of his life leading up to his arrest and subsequent thirty-five year federal prison sentence. His story begins at age thirteen, when he discovered his sexual attraction to little boys.

Feeling confused and alienated by his newfound sexuality, he set out to find answers and acceptance from others who shared his feelings. He thought he found the answer to all of his problems in the North American Man/Boy Love Association (NAMBLA) and the online boy-love community surrounding the message board BoyChat. As a young teenager new to the Internet, he was quickly befriended by older men for whom he would have done anything to stay in their good graces. Things went well at first as he embraced his new lifestyle and the new online identity of p=[chad], but his life soon took a dark turn as he became immersed in the online child-porn underworld as both a collector and producer, and then met a young woman

whose own sexual desires made his look tame in comparison. She would eagerly become the Bonnie to his Clyde. By the time he turned twenty-two, he'd grown disillusioned by the seemingly hypocritical behavior he witnessed among his peers and distanced himself from his online friends. It was too late: his online activities had already come to the attention of Interpol, U.S. Customs and other Federal agencies. He would eventually be betrayed by the very group that he'd given his life to and ultimately be forced to reexamine and change his thought processes and beliefs.

of Congress 1995

*Prison and Social Death* - Joshua M. Price  
2015-07

The United States imprisons more of its citizens than any other nation in the world. To be sentenced to prison is to face systematic violence, humiliation, and, perhaps worst of all, separation from family and community. It is, to borrow Orlando Patterson's term for the utter isolation of slavery, to suffer "social death." In *Prison and Social Death*, Joshua Price exposes the unexamined cost that prisoners pay while incarcerated and after release, drawing upon hundreds of often harrowing interviews conducted with people in prison, parolees, and their families. Price argues that the prison separates prisoners from desperately needed communities of support from parents, spouses, and children. Moreover, this isolation of people in prison renders them highly vulnerable to other forms of violence, including sexual violence. Price stresses that the violence they face goes beyond physical abuse by prison

guards and it involves institutionalized forms of mistreatment, ranging from abysmally poor health care to routine practices that are arguably abusive, such as pat-downs, cavity searches, and the shackling of pregnant women. And social death does not end with prison. The condition is permanent, following people after they are released from prison. Finding housing, employment, receiving social welfare benefits, and regaining voting rights are all hindered by various legal and other hurdles. The mechanisms of social death, Price shows, are also informal and cultural. Ex-prisoners face numerous forms of distrust and are permanently stigmatized by other citizens around them. A compelling blend of solidarity, civil rights activism, and social research, *Prison and Social Death* offers a unique look at the American prison and the excessive and unnecessary damage it inflicts on prisoners and parolees.

*Life, Death and Sex in Prison* - Jimmie 2005  
What is life, death and sex all about behind

prison walls? Do men actually fall in love with other men? How prevalent are beatings or death? There are three laws to follow in prison, free world law and the prison's and prisoner's laws.

**Ted Bundy's Sex Life** - Paul Dawson  
2019-04-18

TED BUNDY'S SEX LIFE: My Prison Interviews with The Serial-Sex Killer by Dr. Paul Dawson reveals a special emphasis on Ted Bundy's sex life and analysis of Ted Bundy's female victims. Bundy's sex life involved sadistic pornographic images and fantasies, Peeping Tom activity, kidnapping, rape and sadistic-sex murders of young women and girls. This "must read" true

crime book focuses on Ted Bundy's sex assaults and murderous encounters with his young women victims. Murder scenes have been recreated based on Dr. Dawson's actual prison interviews with Ted Bundy. Prison interviews are included which present the hair-raising and staggering confessions and livid and X-rated interview comments of the all-American psycho known as the "Campus Killer." He was the all-American college boy murdering mostly all-American college girls. Bundy, a horrifying, mind-boggling puzzle, was one of the most notorious necrophilic-serial-sex killers in the American history of crime. Dr. Dawson brings his forensic-clinical psychologist's perspective to the Ted Bundy prison interviews which he completed in 1988 and are now available for the first time after 30 years. Dr. Dawson conducted a series of interviews with Ted Bundy, poster boy for mass-murder monsters, in 1988 while he was on Death Row in the Florida State Prison at Starke, Florida. Bundy, a slick psychopath

without a conscience, was executed in January, 1989. Dr. Dawson provides a rare, exclusive, thrilling, sometimes amusing, and gripping investigation and assessment inside the treacherous, labyrinthine mind of this infamous-serial-sex killer. Bundy's despicable charisma, the horror of his vicious-night-stalker, serial-sex-killer rampage is revealed in depth. Dr. Dawson, in these interviews, exposes Bundy's darkest secrets, elicits rape-murder confessions from Bundy and confronts the murderer of 30 to possibly over 100 young women and girls by probing his mind, examining and challenging Bundy's defenses. Bundy, an enigma, finally answers questions about his devious-sex crimes he's suppressed for many years. Some psychological theories are presented to shine valid, logical light on Bundy's repulsive, depraved, ghastly crimes of assault-abduction, torture-rape, mutilation, murder-necrophilia, dismemberment and cannibalism - at times he ate their flesh. Dr. Dawson earned a Ph.D. in

*Reframing Sex* - Stevie N. Berberick 2020-11-02  
This book is an exploration of both mainstream and independent media. Grounded in qualitative methods, this book explores three trans masculine run YouTube channels alongside the streaming productions: The Chilling Adventures of Sabrina, Orange is the New Black, and Transparent. Analyzing and contrasting these

narratives illuminates how even the most progressive of pop culture productions fail to present multi-dimensional transgender narratives, thereby intensifying stigma and shame for those outside of the binary (male or female, man or woman, gay or straight). In contrast, trans masculine produced YouTube vlogs, such as those discussed in this book, can help audience members unlearn the ways in which the continuum of sex, gender, and sexual orientation has been simplified and obscured through corporate media. These vlogs thus exemplify the various ways in which independent media acts as an educational tool toward greater awareness, and perhaps empathy, of/for the self and others in regards to sexual identity.

Islam in the African-American Experience - Richard Brent Turner 2003

The involvement of African Americans with Islam reaches back to the earliest days of the African presence in North America. This book explores these roots in the Middle East, West Africa and

antebellum America.

*Women in Prison* - 1991

Stitched Up - Dr Shahed Yousaf 2022-07-07

'Stories that will curl your toes, make you laugh out loud and break your heart all at the same time.' PROFESSOR DAME SUE BLACK, author of *All That Remains* Why would anyone want to work with thieves, murderers and rapists? Told from the inside out, this is a harrowing, humorous and hard-hitting tale of life behind bars by a prison doctor who has seen it all. Literally. Dr Shahed Yousaf spends his time running between emergencies - from overdoses to assaults, from cell fires to suicides - with one hand perpetually hovering over the panic button. Being a prison doctor is not for the faint-hearted. An outsider on the inside, in *Stitched Up* he introduces us to a cast of unforgettable characters, including killers, con men and auto-cannibals. To Dr Yousaf, they are patients first and prisoners second - because any one of us

could end up on the wrong side of the law. Dedicated to caring for people on the margins of society, he tells us honestly and compassionately what it's like to be their doctor in a system that's chronically overcrowded, drastically under-resourced and all too easy to ignore. But while the system is failing, he and his colleagues are doing their very best to prop it up. In stories that are frequently harrowing, sometimes humorous and always hard-hitting, we discover how difficult it is to be locked up - but that there is still hope for all those who dare to care. For fans of *This is Going to Hurt*, *The Secret Barrister* and *A Bit of a Stretch*

**Death by Prison** - Christopher Seeds

2022-07-19

"In recent decades, life imprisonment without the possibility of parole (LWOP) has developed into a distinctive penal form in the United States, one firmly entrenched in US policy-making, judicial and prosecutorial decision-making, correctional practice, and public

discourse. LWOP is now a routine part of contemporary US criminal justice, even engrained in the nation's cultural imaginary, but how it came to be so remains in question. Fifty years ago, imprisoning a person until death was an extraordinary sentence; today, it accounts for an increasing percentage of all US prisoners. What explains the shifts in penal practice and the social imagination by which we have become accustomed to imprisoning individuals until death without any reevaluation or reasonable expectation of release? Combining a wide historical lens with detailed state- and institutional-level research, *Death by Prison* offers a provocative new foundation for questioning this deeply problematic practice that has escaped close scrutiny for too long. The rise of life without parole, this book demonstrates, is not simply a matter of growth: it is a phenomenon of change, inclusive of changes in definitions, practices, and meanings. *Death by Prison* shows that the complex

processes by which life without parole became imprisonment until death and perpetual confinement became a routine part of American punishment must be understood not only in terms of punitive attitudes and political efforts but as a matter of background conditions and transformations in penal institutions. The book also reveals how the social and sociological relevance of life without parole extends beyond its punitive element: imbued in the history of life without parole are a variety of forms of disregard--for human dignity, for social consequences, and for the myriad responsibilities that go along with state punishment"--

*The Buddhist on Death Row* - David Sheff

2020-08-04

The #1 New York Times bestselling author of *Beautiful Boy* explores the transformation of Jarvis Jay Masters who has become one of America's most inspiring Buddhist practitioners while locked in a cell on death row. Jarvis Jay

Masters's early life was a horror story whose outline we know too well. Born in Long Beach, California, his house was filled with crack, alcohol, physical abuse, and men who paid his mother for sex. He and his siblings were split up and sent to foster care when he was five, and he progressed quickly to juvenile detention, car theft, armed robbery, and ultimately San Quentin. While in prison, he was set up for the murder of a guard—a conviction which landed him on death row, where he's been since 1990. At the time of his murder trial, he was held in solitary confinement, torn by rage and anxiety, felled by headaches, seizures, and panic attacks. A criminal investigator repeatedly offered to teach him breathing exercises which he repeatedly refused. Until desperation moved him to ask her how to do "that meditation shit." With uncanny clarity, David Sheff describes Masters's gradual but profound transformation from a man dedicated to hurting others to one who has prevented violence on the prison yard, counseled

high school kids by mail, and helped prisoners—and even guards—find meaning in their lives. Along the way, Masters becomes drawn to the principles that Buddhism espouses—compassion, sacrifice, and living in the moment—and he gains the admiration of Buddhists worldwide, including many of the faith’s most renowned practitioners. And while he is still in San Quentin and still on death row, he is a renowned Buddhist thinker who shows us how to ease our everyday suffering, relish the light that surrounds us, and endure the tragedies that befall us all.

Women in Prison - Tracy L. Snell 1994

*The Misery Merchants* - Ruth Hopkins 2020

Crime Policy in America - Shahid M. Shahidullah 2008

This book is a systematic examination of the nature of America's crime and criminal justice system as defined by its policy-makers at different times and in disparate contexts of social and political realities. By examining legislative documents and court cases and analyzing federal and state policy developments in such areas as drug crimes, juvenile crimes, sex crimes, and cyber crimes, this book provides a historically embedded and policy relevant understanding of how America's system of criminal justice was born, how it has grown, and where it is going. Book jacket.
