In a Jar Deborah Marcero 2020-01-21 Here's a marvelous picture book, charmingly written and beautifully illustrated, about the power of memory and the magic of friendship. Llewellyn, a little rabbit, is a collector. He gathers things in jars--ordinary things like buttercups, feathers, and heart-shaped stones. Then he meets another rabbit, Evelyn, and together they begin to collect extraordinary things--like rainbows, the sound of the ocean, and the wind just before snow falls. And, best of all, when they hold the jars and peer inside, they remember all the wonderful things they've seen and done. But one day, Evelyn has sad news: Her family is moving away. How can the two friends continue their magical collection--and their special friendship--from afar?

*Gratitude Journal* Elizabeth N. Doyd 2015-05-26 Cultivate an Attitude of Gratitude Writing in a gratitude journal may only take a few minutes of your day, but doing so has the power to turn your entire life around. The Law of Attraction says that whatever you focus on grows stronger. By making a habit to focus on the positive side of things, even something you might label as negative, you are tapping into the secret of living a happy life. When we start counting the little things that we treasure, things that may otherwise escape our attention in the chaos of daily life, not only are we becoming more positive and loving, but more giving and appreciative as well. Our happiness is no one's responsibility but our own; when we stop reacting to the people and circumstances around us, we're taking back control of our lives in order to steer it in the direction we want to go. Giving thanks to the universe is giving love, and what we give inevitably comes back to us. Have an attitude of gratitude. Once you make a habit out of appreciating all the gifts in life, big or small, you'll begin to attract more positive people and situations. Bad habits and former worries will disappear, replaced by faith and good feelings toward yourself and others. Starting a gratitude journal is easy. All you need is a pen, a notebook, and a moment to lay down your appreciation for what you've been given in life. This book contains journal prompts on 52 different topics, each one beginning with an inspirational gratitude quote from great men and women of the past and present. You can focus on one topic a week if you wish—that's enough to last you a year. Or you may pick and choose a prompt at random if you are looking for inspiration and new ideas on any given day.

*The Happy Body* Aniela & Jerzy Gregorek 2015-07-15 Becoming lean and fit is not a matter of training for a few weeks, like Rocky, to become a world champion. That only happens in Hollywood movies that portray professional athletes exercising for hours every day until they are exhausted. Real athletes never do that. They train only to the point that they can recover for the next day's training. Their progress comes in small increments, not heroic triumphs. Unfortunately, movies have persuaded people that they can become lean and fit virtually overnight. Even the weight loss and fitness industry bought into this distortion and began pushing people to become like Rocky. When that approach failed, because people were injuring themselves or burning out or jumping from one program to another, trainers began to entertain their clients instead of finding solutions to their problems. If you want to become truly lean and fit, you must work at it like an athlete, following a structured routine and that is easier and more pleasant than you may expect. The principles that work for athletes also work for ordinary people of all ages. Athletes, of course, have coaches. The Happy Body program, on the other hand, will teach you everything you need to know to be your own coach. This innovative program establishes, for the first time, exact scientific and testable methods and goals to engineer your own weight loss and fitness within precise time periods. That empowers you to self-correct your progress at every step. The Happy Body is a total health program, not just an exercise or diet plan. It will teach you to safely lose 1.0 to 2.5 pounds every week, and keep them off, without getting stuck at plateaus. You will have full control over the process, right down to the ounce. In addition to teaching you how to lose weight, the program will also help you to restore the flexibility and posture you had as a young child, and to be leaner, stronger, and faster than you have ever been. In essence, The Happy Body program will not only make you as youthful as you were at twenty, but twenty as you would have been if you had followed the program at that age.

I Wanted to Say . . . I Love You Isalou Regen 2019-09-03 He sent her text messages bursting with red heart emojis that said, " I love you," from morning to night. Then he left her. There' s a song that says, " Everybody plays the fool." After multiple painful breakups, we may start asking ourselves in earnest if the singer isn' t right. How many hearts are hurting at this moment on the planet? Is it just the nature of love to hurt, or are we mistaken about what love truly is? What is the truth of love? How can we improve our daily experience of this intense and mysterious feeling in a way that is fulfilling and lasting? This is the story of a self-discovery following a romantic breakup, taking place across a series of interviews on philosophy and wisdom between a broken-hearted girl-next-door, Isalou Regen, and a great Tibetan spiritual master with a joyful and open heart, Sabchu Rinpoche. Based on questions that we all ask ourselves and answers both simple and surprising, this book offers a twofold challenge: to see what truly occurs between two people who say, " I love you," and to consider a new way of loving. This is a book about learning to love as many beings as possible in order to better love a single one— and discovering that perhaps compassion is the true salvation of our broken hearts. Isalou Regen is a French author, artist, and commentator. Born and raised in Nepal, Sabchu Rinpoche is a Tibetan Buddhist teacher of the new generation.

Towpath Lori De Mori 2020 A lot has changed since Towpath first rolled up its shutters 10 years ago on the Regent's Canal in Hackney and everything but the toasted cheese sandwich was cooked from home across the bridge. And a lot hasn't. It is still as much a social experiment as a unique and beloved eatery. What happens when seasonality means you close every year in November, because England's cold, dark winters are simply inhospitable to hospitality from a little perch beside a shallow, manmade waterway that snakes through East London? What if you don't offer takeaway coffees in the hopes that people will decide to stay awhile and watch the coots skittering across the water? If you don't have a phone or a website, because you'd rather people just show up like (hungry) kids at a playground? Towpath is a collection of recipes, stories and photographs capturing the vibrant cafe's food, community and place throughout the arc of its season - beginning just before the first breath of spring, through the dog days of summer and culminating - with fireworks! - before its painted shutters are rolled down again for winter.
