Make Magic of Your Life - T. Thorn Coyle 2013-03-01

Do you have the sense that you were born to do something more with your life but you don't know what that is? Do you long to step into your power and live a life of passion? Do you wish to be of greater service? Are you willing to follow your soul's desire? Join master teacher, Pagan, and mystic T. Thorn Coyle in activating the magical formula known the Four Powers of the Sphinx. These four powers — To Know, To Will, To Dare, and To Keep Silence — help bring about a profound shift in how we view and move through the world. They will point you toward your highest purpose and show you what to do, both practically and spiritually, once you've found it. They will lead you to a life of magic. Find your soul's work. Follow desire. Live a life that matters. From the introduction: "Working magic means showing up with your demons and your divinity, your sorrow and your joy. Alchemy only happens when we are willing to go through the processes of gathering together, refining, pouring, and solidifying. In the end, we have something fine to hold."

Brave Lotus Flower Rides The Dragon - Tracy Todd 2017-01-25

Why walk when you can soar... These are the opening words on Tracy Todd's website and they are a powerful affirmation of the person Tracy is today - a sought-after inspirational speaker whose uplifting presentations have inspired and given hope to many people. But it is difficult to imagine what she has overcome in a tough and often lonely journey. At the age of twenty-eight her life was turned upside down when a horrific road accident left her a quadriplegic, paralysed from the neck down. Her life as an athletic, marathon-running young mother and teacher was abruptly shattered. Despite months of rehabilitation, Tracy often found herself wondering if her life was worth living. Everything she had taken for granted was now beyond her reach and frustration at her helplessness threatened to overwhelm her. Against the odds, Tracy chose to live. Her strength of character and determination prevailed and, sustained by the support of her son, family and friends, her care assistants, and an unbelievably caring community, she set about gaining the independence to rebuild her life and reclaim her identity - which she has done, with dignity and grace. *Brave Lotus Flower Rides The Dragon* is an honest, inspiring and engaging memoir in which Tracy's natural warmth and humour are tangible and, most importantly, she embodies what the human spirit can achieve.

Dragon Thunder - Diana J. Mukpo 2008-02-26

"It was not always easy to be the guru's wife," writes Diana Mukpo. "But I must say, it was rarely boring." At the age of sixteen, Diana Mukpo left school and broke with her upper-class English family to marry Chögyam Trungpa, a young Tibetan lama who would go on to become a major figure in the transmission of Buddhism to the West. In a memoir that is at turns magical, troubling, humorous, and totally out of the ordinary, Diana takes us into her intimate life with one of the most influential and dynamic Buddhist teachers of our time. Diana led an extraordinary and unusual life as the "first lady" of a burgeoning Buddhist community in the American 1970s and '80s. She gave birth to four sons, three of whom were recognized as reincarnations of high Tibetan lamas. It is not a simple matter to be a modern Western woman married to a Tibetan Buddhist master, let alone to a public figure who is sought out and adored by thousands of eager students. Surprising events and colorful people fill the narrative as Diana seeks to understand the dynamic, puzzling, and larger-than-life man she married—and to find a place for herself in his unusual world. Rich in ambiguity, *Dragon Thunder* is the story of an uncommon marriage and also a stirring evocation of the poignancy of life and of relationships—from a woman who has lived boldly and with originality.

Shifting Power in Asia-Pacific? - Enrico Fels 2016-11-03

This book investigates whether a power shift has taken place in the Asia-Pacific region since the end of the Cold War. By systematically examining the development of power dynamics in Asia-Pacific, it challenges the notion that a wealthier and militarily more powerful China is automatically turning the regional tides in its favour. With a special emphasis on Sino-US competition, the book explores the alleged linkage between the regional distribution of relevant material and immaterial capabilities, national power and the much-cited regional power shift. The book presents a novel concept for measuring power in international relations by outlining a composite index on aggregated power (CIAP) that includes 55 variables for 44 regional countries and covers a period of twenty years. Moreover, it develops a middle power theory that outlines the significance of middle powers in times of major power shifts. By addressing political, military and economic cooperation via a structured-focused comparison and by applying a comparative-historical analysis, the book analyses in depth the bilateral relations of six regional middle powers to Washington and Beijing.

Quests of the Dragon and Bird Clan - Paul Kekai Manansala 2006-10-01

"Quests of the Dragon and Bird Clan" examines how the seafaring trading people known as the "Nusantao" from Insular Southeast Asia influenced world history. This is a "blook," a book based on a weblog (blog). The decision to publish the book came after requests to make the information in the blog available in an easier-to-read and more portable format. The advantage of the printed work is that the blog entries are arranged in easy-to-manage chronological order with out the need for the clicking through the blog archives. The glossary entries are also in alphabetical order for easy look-up, and a word index and table of

contents further increase the readability of the blog/book. Important supplementary articles have also been included in the appendices. A must-read for those who think there is more to history than what we find in "mainstream" publications.

Saddling Dragons - Chrystine Julian 2010-10-21

You don't read this book; you ride it. *Saddling Dragons* is to spirituality as X Games are to shuffleboard. Rather than the common recommendation of avoiding or eliminating fear, this book challenges the reader to embrace the dragon named fear as a near super power. Told through the life of a transgendered shamanic teacher and mystic,

Saddling Dragons shatters boundaries of social and religious tradition.
