God Is Not a White Man - Chine McDonald 2021-05-27

What does it mean when God is presented as male? What does it mean when - from our internal assumptions to our shared cultural imaginings - God is presented as white? These are the urgent questions Chine McDonald asks in a searing look at her experience of being a Black woman in the white-majority space that is the UK church - a church that is being abandoned by Black women no longer able to grin and bear its casual racism, colonialist narratives and lack of urgency on issues of racial justice. Part memoir, part social and theological commentary, *God Is Not a White Man* is a must-read for anyone troubled by a culture that insists everyone is equal in God's sight, yet fails to confront white supremacy; a lament about the state of race and faith, and a clarion call for us all to do better. 'This book is much-needed medicine for a sickness that we cannot ignore.' - The Most Rev. Michael B. Curry

Routledge Handbook of Sport, Gender and Sexuality - Jennifer Hargreaves 2014-03-05

The Routledge Handbook of Sport, Gender and Sexuality brings together important new work from 68 leading international scholars that, collectively, demonstrates the intrinsic interconnectedness of sport, gender and sexuality. It introduces what is, in essence, a sophisticated sub-area of sport sociology, covering the field comprehensively, as well as signalling ideas for future research and analysis. Wide-ranging across different historical periods, different sports, and different local and global contexts, the book incorporates personal, ideological and political narratives; varied conceptual, methodological and theoretical approaches; and examples of complexities and nuanced ways of understanding the gendered and sexualized dynamics of sport. thinking about the sport, gender and sexuality nexus. This is a landmark work of reference that will be a key resource for students and researchers working in sport studies, gender studies, sexuality studies or sociology.

The A to Z of African American Cinema - S. Torriano Berry 2009-09-02

On 4 July, 1910, in 100-degree heat at an outdoor boxing ring near Reno, Nevada, film cameras recorded-and thousands of fans witnessed-former heavyweight champion Jim Jeffries' reluctant return from retirement to fight Jack Johnson, a black man. After 14 grueling rounds, Johnson knocked out Jeffries and for the first time in history, there was a black heavyweight champion of the world. At least 10 people lost their lives because of Johnson's victory and hundreds more were injured due to white retaliation and wild celebrations in the streets. Public screenings received instantaneous protests and hundreds of cities barred the film from being shown. Congress even passed a law making it a federal offense to transport moving pictures of prizefights across state lines, and thus the most powerful portrayal of a black man ever recorded on film was made virtually invisible. This is but one of the hundreds of films

covered in *The A to Z of African American Cinema*, which includes everything from *The Birth of a Nation* to *Crash*. In addition to the films, brief biographies of African American actors and actresses such as Sidney Poitier, James Earl Jones, Halle Berry, Eddie Murphy, Whoopi Goldberg, Denzel Washington, and Jamie Foxx can be found in this reference. Through a chronology, a list of acronyms and abbreviations, an introductory essay, a bibliography, appendixes, black-&-white photos, and hundreds of cross-referenced dictionary entries on actors, actresses, movies, producers, organizations, awards, film credits, and terminology, this book provides a better understanding of the role African Americans played in film history.

Sports Heroines on Film - Viridiana Lieberman 2014-11-03

It's hard to find females in leading roles as athletes, coaches and owners in sports film story lines. With an abundance of male-focused stories, Hollywood continues to reinforce the association of athleticism with masculinity. Portrayals of women in prominent roles indicate social attitudes and values and--when looked at over time--also show what influence the women's movement has had on cinematic representation and social understandings. This discussion of sports film heroines begins with *National Velvet* (1944) and ends with *Secretariat* (2010). It addresses the question of whether these story lines do or do not empower women as characters and role models, while offering alternative cinematic choices that reflect the true and ever-growing history of women in sports.

Sporting Blackness - Samantha N. Sheppard 2020-06-16

Sporting Blackness examines issues of race and representation in sports films, exploring what it means to embody, perform, play out, and contest blackness by representations of Black athletes on screen. By presenting new critical terms, Sheppard analyzes not only "skin in the game," or how racial representation shapes the genre's imagery, but also "skin in the genre," or the formal consequences of blackness on the sport film genre's modes, codes, and conventions. Through a rich interdisciplinary approach, Sheppard argues that representations of Black sporting bodies contain "critical muscle memories": embodied, kinesthetic, and cinematic histories that go beyond a film's plot to index, circulate, and reproduce broader narratives about Black sporting and non-sporting experiences in American society.
