Notes on an Execution - Danya Kukafka 2022-01-25

NATIONAL BESTSELLER • WINNER OF THE 2023 EDGAR AWARD FOR BEST NOVEL • NEW YORK TIMES BEST CRIME NOVEL OF THE YEAR “Defiantly populated with living women . . . beautifully drawn, dense with detail and specificity . . . Notes on an Execution is nuanced, ambitious and compelling.” —Katie Kitamura, NEW YORK TIMES BOOK REVIEW (Editors' Choice) "A searing portrait of the complicated women caught in the orbit of a serial killer. . . . Compassionate and thought-provoking." -BRIT BENNETT, #1 New York Times bestselling author of *The Vanishing Half* Recommended by New York Times Book Review • Los Angeles Times • Washington Post • Entertainment Weekly • Esquire • Good Housekeeping • USA Today • Buzzfeed • Goodreads • Real Simple • Marie Claire • Rolling Stone • Business Insider • Bustle • PopSugar • The Millions • The Guardian • and many more! In the tradition of *Long Bright River* and *The Mars Room*, a gripping and atmospheric work of literary suspense that deconstructs the story of a serial killer on death row, told primarily through the eyes of the women in his life—from the bestselling author of *Girl in Snow*. Ansel Packer is scheduled to die in twelve hours. He knows what he’s done, and now awaits execution, the same chilling fate he forced on those girls, years ago. But Ansel doesn’t want to die; he wants to be celebrated, understood. Through a kaleidoscope of women—a mother, a sister, a homicide detective—we learn the story of Ansel’s life. We meet his mother, Lavender, a seventeen-year-old girl pushed to desperation; Hazel, twin sister to Ansel’s wife, inseparable since birth, forced to watch helplessly as her sister’s relationship threatens to devour them all; and finally, Saffy, the detective hot on his trail, who has devoted herself to bringing bad men to justice but struggles to see her own life clearly. As the clock ticks down, these three women sift through the choices that culminate in tragedy, exploring the rippling fissures that such destruction inevitably leaves in its wake. Blending breathtaking suspense with astonishing empathy, *Notes on an Execution* presents a chilling portrait of womanhood as it simultaneously unravels the familiar narrative of the American serial killer, interrogating our system of justice and our cultural obsession with crime stories, asking readers to consider the false promise of looking for meaning in the psyches of violent men. "Poetic and mesmerizing . . . Powerful, important, intensely human, and filled with a unique examination of tragedy, one where the reader is left with a curious emotion: hope." —USA TODAY “A profound and staggering experience of empathy that challenges us to confront what it means to be human in our darkest moments. . . . I relished every page of this brilliant and gripping masterpiece.”—ASHLEY AUDRAIN, New York Times bestselling author of *The Push*

"Fans of true-crime murder mysteries won't want to miss this one."—Booklist, STARRED Review on The Perfect Place to Die It's 1918, WW1 is in full swing, and a Spanish Influenza outbreak is on the horizon. In the midst of the chaos, families are being terrorized and people are being killed by a lone man with an axe. As Gianna and her friend Enzo investigate the heinous crimes, she realizes she's connected to the killer in a way she could have never imagined. Gianna is the average seventeen-year-old girl living in 1918 New Orleans. She worries about her family's store, the great war, and a mysterious illness that's about to take hold of the city she loves. It doesn't help that there also appears to be a mad man on the loose in her neighborhood. The attacks started as burglaries but soon escalate to cold blooded murder. There's a killer out there, and the police can't seem to figure out how to stop him. Gianna enlists the help of her friend Enzo to investigate. And as they study the crimes, they see a common link between the victims, and Gianna can't help but wonder if it's the same man who attacked her family years before. As Gianna gets closer to the killer, she discovers a connection between them that she never would have suspected.

Deadly Devotion - Alysia Sofios 2011-07-26

Formerly published as *Where Hope Begins*, this book is now published under the title *Deadly Devotion*. For decades, the family of Marcus Wesson—his wife, Elizabeth, and seventeen children—lived sequestered in a social and emotional prison, enduring his tyrannical reign of physical, sexual, and mental abuse. Then came the terrible day when a family confrontation erupted into a harrowing standoff: with police and SWAT teams descending on a small blue house in central Fresno, Marcus Wesson murdered nine of his children. Television reporter Alysia Sofios got the first tip about Wesson’s arrest and was witness to every twist and turn of the horrific case through to Wesson’s trial. Risking her job and her life to offer friendship and support to the traumatized family members—scarred by memories and guilt, reviled for having the Wesson name—Sofios chronicles the case that shocked the nation, and gives voice to their astounding stories of survival. This is a stunning account of healing from one man’s unimaginable acts, and how each, in time, learned to break free from a deadly devotion.

Real Justice: Sentenced to Life at Seventeen - Cynthia J. Faryon 2012-09-12

David Milgaard was a troubled kid, and he got into lots of trouble. Unfortunately, that made it easy for the Saskatoon police to brand him as a murderer. At seventeen, David Milgaard was arrested, jailed, and convicted for the rape and murder of a young nursing assistant, Gail Miller. He was sent to adult prison for life. Throughout his twenty-three years in prison, David maintained that he was innocent and refused to admit to the crime, even though it meant he was never granted parole. Finally, through the incredible determination of his mother and new lawyers who believed in him, David was released and proven not guilty. Astonishingly, in hindsight the real murderer was obvious from the start. This is the true story of how bad decisions, tunnel vision, poor representation, and outright lying and coercion by those within the justice system caused a tragic miscarriage of justice. It also shows that wrongs can be righted and amends made. [Fry Reading Level - 4.3]

United States of True Crime: Alabama - Ashley Hudson 2021-11-16

United States of True Crime is an anthology series with books devoted to the most disturbing cases in each of the 50 states. This book focuses on ten of the most chilling crimes in Alabama history. True crime junkies may recognize some of the highly publicized cases, but I've made sure to include lesser-known, equally

unsettling crimes. The cases included in this book: Audrey Marie Hilley: Black widow who murdered her husband then attempted to poison her own daughter. She was able to evade capture by posing as her fictional twin sister. Daniel Lee Siebert: Spree killer that butchered his girlfriend, her two sons who were both under age six, and his friends. Michael McLendon: To date, McLendon's massacre in 2019 was the bloodiest in the state of Alabama. He murdered his friends, family, and even his family dogs. Richard Hawes: A family annihilator in 1888 whose crimes sparked a statewide riot. Sixteenth Street Church Bombings: Racially motivated attack by KKK members that left four young Black girls dead and is now viewed as a turning point for the Civil Rights Movement. Amy Bishop: Harvard educated professor who became infamous after she went on a shooting rampage that left three coworkers dead. However, the attack was not her first time killing. When she was a teenager, she shot her brother under suspicious circumstances. Joseph Dewey Akin: Code blue junkie nurse who was convicted of intentionally overdosing a patient in his care and is suspected in the deaths of seventeen of his former patients. Thomas Whisenant: Murderer with a pattern of desecrating the bodies of his victims. Scottsboro Boys: One of the most notorious court cases of the 20th century where two white women falsely accused nine Black boys of rape. Gerald Patrick Lewis: Serial killer whose heinous crimes include slaying a woman who was eight months pregnant and removing the fetus from her body. If you're a true crime enthusiast who enjoys reading about some of the most depraved monsters in our country, you will love United States of True Crime.

Driven To Kill - Gary C. King 2011-07-30

The true crime story of sex killer Westley Allan Dodd--his victims were too small to fight...and too young to die! Includes eyewitness execution report. By all appearances, twenty-nine-year-old Westley Allan Dodd was the perfect all-American boy—model high school student, camp counselor and U.S. Navy enlistee. But behind his mask of normalcy lurked a predatory sex fiend with a seventeen-year history of appalling acts of molestation and violence. Children were his victims and the parks of the Pacific Northwest his personal hunting grounds. On September 4, 1989, his unnatural desires had driven him past simple satisfaction to abduct, torture, and kill two young boys in Vancouver, Washington. Undetected despite his record, Dodd killed a third innocent victim only weeks later near Portland, Oregon. But only when he was caught trying to kidnap a child from a local movie theater was he finally taken into custody by police. Confessing to these heinous murders, he was convicted on all three counts and sentenced to death. Based on exclusive access to police files and riveting trial testimony, personal interviews with Dodd himself and excerpts from his chilling "diary of death," *Driven to Kill* dramatically recounts a hideous spree of death and horror that brought every parent's worst nightmare frighteningly to life! "Horrific...This story will leave you gasping." True crime author Jack Olsen

Frequently Asked Questions About Juvenile Detention - Corona Brezina 2011-12-15

The term "juvenile detention" is commonly used as a synonym for the incarceration of juvenile offenders, but in the legal system the term has a more specific meaning. Juveniles are "detained" immediately after being arrested; consequently, detention is the period of temporary custody before a court appearance.

There are millions of children and teenagers "in the system" in the United States. Readers discover the variable structure of the juvenile justice system, referral and intake procedures, sentencing, detention and facilities, rehabilitation programs, and what happens after leaving a facility. A myths and facts sidebar allows readers to set aside common misunderstandings. Another sidebar provides the best questions to ask a legal expert when faced with juvenile detention as a reality. The final chapter investigates the overall effectiveness of juvenile detention and recidivism rates.
