Slow Sex - Diana Richardson 2011-01-27

A revolutionary practice for couples to enhance sexuality and reach higher states of consciousness • How to make sex a conscious decision, not an accidental encounter • Discusses how slowness increases sensitivity and awakens the body's innate mechanism for ecstasy • Reveals how sexuality can be sustainable and enjoyable well into old age While fast, hot, orgasm-driven sex can bring momentary satisfaction, in the long run it can become boring and mechanical, causing many couples to lose interest and stop making time for

physical intimacy. The first step to revive a waning sex life or make a healthy one more fulfilling, says author Diana Richardson, is to make sex a conscious decision rather than an accidental encounter. Focusing on eye contact, subtle sensations, and deep breathing, Diana's practice of slow sex awakens the body's innate mechanism for ecstasy, unlocking the door to extraordinary realms of sensitivity, sensuality, and higher consciousness. Exploring the healing, spiritual power of slow sex, this book offers a step-by-step guide for committed couples to transform sex into a meditative, loving union of complementary energies. It explains how slow sex increases sensitivity and sexual vitality and how, because it creates and restores love, slow sex is loving sex. With a focus on coolness rather than heat, this practice provides couples a way to reach a shared meditative state and use it as a vehicle to achieve higher consciousness.

Illustrating different positions for eye contact, deep sustained penetration, and soft penetration, this book reveals that sex truly can be sustainable and enjoyable well into old age.

Under Her Skin - SUSAN MALLERY

2010-08-01

Under Her Skin Susan Mallery Lexi Titan can just see the headlines. Faced with exactly thirty days to come up with two million dollars in cold, hard cash, she is out of options. Marry Cruz Rodriguez or lose everything - the chain of day spas she built herself, her tyrant of a father's respect. And the long-standing competition with her sisters for the family business. The proposal is cold and hard. Cruz has money, success, smouldering good looks - everything but the blue blood needed to become a true member of Texas society. If Lexi agrees to be his fiancée for six months, lending him her famous father's last name and his snobbish connections, he'll hand her a cheque on the spot. And in six months they'll go their separate ways. But neither one is prepared for their long-ago shared passion to throw a wrench into what would seem to be the perfect deal...

Perforated Sovereignties and International Relations - Ivo Duchacek 1988-08-03

states, cantons, and large municipalities increasingly seek access to foreign sources of wealth and technological information. The first book to explore the subject, this new study examines the effects of these initiatives on the traditional conduct of foreign policy and foreign trade and the implications of the continued perforation of national boundaries already subject to an unprecedented flow of foreign products, cultural influences, and visitors, as well as environmental pollution from abroad.

Tantric Sex for Men - Diana Richardson 2010-06-18

A revolutionary approach to male sexuality offers the keys to achieving sexual fulfillment • Teaches how to retain semen for increased vitality and longer lovemaking • Explains the relationship-strengthening benefits of deep, sustained penetration • Includes foreplay approaches and position sequences Fulfilling sex nourishes love, increases vitality, and boosts mental health. Unfortunately, prevailing attitudes about male sexuality and what is good sex work against these innate features by focusing on the excitement of ejaculation as the one and only goal. Using the tantric guidelines they have practiced for more than 25 years, Diana and Michael Richardson show men how to move beyond their preconceptions of sex as a goal-oriented--and often unintentionally stressful--event so they can relax into sex as a meditative union of complementary energies. They explain how retaining semen allows for increased vitality and extended lovemaking sessions and show the relationship-strengthening benefits of deep, sustained penetration. They also explain how to perform soft penetration and how to avoid premature ejaculation. *Tantric Sex for Men* includes tried-and-true foreplay approaches, diagrams of sexual position sequences, ways to increase sexual sensitivity through awareness, and how to have ecstatic experiences through reaching a woman's body on a sexually deeper level. The

authors also demonstrate how the sexual organs can be used to heal both men and women physically, emotionally, and spiritually.

Vaterschaft im Spannungsfeld von Erwerbs- und Familienleben - Johanna Possinger 2013-06-13

Väter heute wollen mehr sein als nur finanzielle Ernährer und Verantwortung auch bei der direkten Fürsorgearbeit ihrer Kinder übernehmen. Ungeachtet dieses egalitären Anspruchs überwiegt in den meisten Familien in Deutschland allerdings eine überwiegend traditionelle Aufteilung von Erwerbs- und Familienarbeit. Auf einer explorativen Spurensuche nach den „neuen Vätern“ beleuchtet Johanna Possinger Gründe für diese Lücke zwischen Wunsch und Wirklichkeit und widmet sich der in der Familienforschung noch unzureichend beantworteten Frage, wie sich Väter während, aber auch unabhängig von der Elternzeit an der Fürsorgearbeit für ihre Kinder beteiligen. Die Autorin setzt an der Perspektive der Väter selbst an und untersucht, wie diese ihre Verpflichtungsbalance zwischen Beruf und Sorgearbeit organisieren, auf welche Hindernisse sie dabei stoßen und welche Strategien sie zur Bewältigung ihres Vereinbarkeitsdilemmas entwickeln.

Teaching As A Reflective Practice - Ian Westbury 2012-08-06

This volume presents a mix of translations of classical and modern papers from the German Didaktik tradition, newly prepared essays by German scholars and practitioners writing from within the tradition, and interpretive essays by U.S. scholars. It brings this tradition, which virtually dominated German curricular thought and teacher education until the 1960s when

American curriculum theory entered Germany--and which is now experiencing a renaissance--to the English-speaking world, where it has been essentially unknown. The intent is to capture in one volume the core (at least) of the tradition of Didaktik and to communicate its potential relevance to English-language curricularists and teacher educators. It introduces a theoretical tradition which, although very different in almost every respect from those we know, offers a set of approaches that suggest ways of thinking about problems of reflection on curricular and teaching praxis (the core focus of the tradition) which the editors believe are accessible to North American readers--with appropriate "translation." These ways of thinking and related praxis are very relevant to notions such as reflective teaching and the discourse on teachers as professionals. By raising the possibility that the "new" tradition of Didaktik can be highly suggestive for thinking through issues related to a number of central ideas within contemporary discourse--and for exploring the implications of these ideas for both teacher education and for a curriculum theory appropriate to these new contexts for theorizing, this book opens up a gold mine of theoretical and practical possibilities.
