Fashion and Film - Peter Bug 2019-09-17

This book aims to explore various aspects of the use of moving images in fashion retail and fashion apparel companies in-store or online. The use of moving images is growing in numbers and in relevance for consumers. Films can be used in various forms by fashion businesses in traditional media like cinema or TV and in modern forms like in social media or moving images in high street stores. The book provides a data-oriented analysis of the state-of-the-art with certain future outlooks. Additional areas of covering fashion in moving images, such as 'fashion company identity films' or 'fashion and music videos' are covered in order to get a more complete analysis from a consumer influenced perspective.

TV Outside the Box - Neil Landau 2015-12-22

TV Outside the Box: Trailblazing in the Digital Television Revolution explores the new and exploding universe of on-demand, OTT (Over the Top) networks: Netflix, Amazon, Hulu, Crackle, CW Seed, Vimeo, AwesomenessTV, and many more. Featuring in-depth conversations with game-changing content creators, industry mavericks, and leading cultural influencers, TV Outside the Box is essential reading for anyone interested in the dynamics of a global media revolution - while it's happening. Readers will discover: How the new "disruptors" of traditional television models are shaping the future of the television and feature film business. You'll hear directly from the visionaries behind it all - from concept genesis to predictions for the future of streaming platforms; their strategies for acquisitions and development of new original content; and how the revolution is providing unprecedented opportunities for both established and emerging talent. What's different about storytelling for the progressive, risk-taking networks who are delivering provocative, groundbreaking, binge-worthy content, without the restraints of the traditional, advertiser-supported programming model. Through interviews with the showrunners, content creators, and producers of dozens of trailblazing series - including Orange Is the New Black, House of Cards, Transparent, and many more - you'll learn how and why the best and the brightest TV content creators and filmmakers are defining the new digital entertainment age - and how you can, too.

Rethinking Horror in the New Economies of Television - Stella Marie Gaynor 2022-06-07

This book explores the cycle of horror on US television in the decade following the launch of The Walking Dead, considering the horror genre from an industrial perspective. Examining TV horror through rich industrial and textual analysis, this book reveals the strategies and ambitions of cable and network channels, as well as Netflix and Shudder, with regards to horror serialization. Selected case studies; including American Horror Story, The Haunting of Hill House, Creepshow, Ash vs Evil Dead, and Hannibal; explore horror drama and the utilization of genre, cult and classic horror texts, as well as the exploitation of fan practice, in the changing economic landscape of contemporary US television. In the first detailed exploration of graphic horror special effects as a marker of technical excellence, and how these skills are used for the promotion of TV horror drama, Gaynor makes the case that horror has become a cornerstone of US television.

44 Chapters About 4 Men - BB Easton 2019-11-19

One woman's secret journal completely changes her marriage in this hilarious and biting memoir—the inspiration for the Netflix Original Series SEX/LIFE. School psychologists aren't supposed to write books about sex. Doing so would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. Sex/Life: 44

Chapters About 4 Men is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.

Mister Big - India Desjardins 2021-03-01T00:00:00-05:00

En décortiquant la relation amoureuse entre Carrie et Mister Big de *Sex and the City*, l'auteur se demande si la fiction a un impact sur le développement de notre personnalité, de nos comportements sociaux et interpersonnels.

Emily in Paris: Paris, J'Adore! - Emily in Paris 2022-10-27

The official authorized companion to the much-loved Netflix show *Emily in Paris*. *Paris, J'Adore!* is Emily Cooper's diary about her life in France so far. From leaving her boyfriend in Chicago to starting at marketing firm *Savoir* in Paris, it reveals all the thrill, fear and confusion Emily experiences as she embarks on her new life. She becomes acquainted not only with French workplace etiquette - the long lunches, the arguments, the determined reluctance to use social media - but also with Gabriel, the hottest chef in town. Some things, though, are beyond comprehension: like why the first floor in a Parisian apartment building is the second floor and the first floor is the ground floor. As the months go by, Emily learns how it's perfectly normal to have a glass of Sancerre for breakfast and how you should never turn up early at work. But more than anything,

she learns about love, female friendships, and how exciting it is to step out of your comfort zone in this beautiful and intriguing city. *Paris, J'Adore!* is also a guidebook to how to be a Parisian, with tips on fashion, romance, and where to capture the perfect selfie in the City of Lights. Written in Emily's voice, it will contain the following sections: 1. *Emily's Fashion Paris* - all about Emily's favourite outfits and designers - from Cadault to Chanel - as well as tips on what to wear to the beach, where to find the best boutiques, and how to dress like a Parisian; 2. *Emily's Romantic Paris* - the best bridges to kiss and break up on, where you can find the most breathtaking views and the most perfect backstreets, why the magic of the Eiffel Tower twinkling at night is the most intoxicating backdrop to falling in love, and a selection of the most evocative French songs to sing along to; 3. *Emily's Secret Paris* - where Parisians show Emily the real Paris, from the hamman in the Mosquée de Paris to the Atelier des Lumières, and from small independent French cinemas to delightful neighbourhood restaurants; 4. *Emily's Workplace Paris* - how to navigate tensions and emotions in a French boardroom, lunch and coffee break rituals, Sylvie's own version of *Savoir's* Employee Handbook, and how to teach the French about social media; 5. *Emily's Escapades from Paris* - including the delights of the Champagne region, the sheer glamour of Saint-Tropez and the opulence of the Château de Versailles. Packed with four-colour photographs, exquisite illustrations and beautiful shots of Paris, *Paris, J'Adore!* is a hugely desirable gift book for all the fans of the show.

Female Agencies and Subjectivities in Film and Television - Diğdem Sezen 2020-10-29

This volume provides an overview of the landscape of mediated female agencies and subjectivities in the last decade. In three sections, the book covers the films of women directors, television shows featuring women in lead roles, and the representational struggles of women in cultural context, with a special focus on changes in the transformative power of narratives and images across genres and platforms. This collection derives from the editors' multi-year experiences as scholars and practitioners in the field of film and television. It is an effort that aims to

describe and understand female agencies and subjectivities across screen narratives, gather scholars from around the world to generate timely discussions, and inspire fellow researchers and practitioners of film and television.

Double Edge Magazine Jurassic World - Derrick E Carey 2023-04-07

Love Letters of Great Men - Ursula Doyle 2008-08-05

From the private papers of Mark Twain and Mozart to those of Robert Browning and Nelson, *Love Letters of Great Men* collects together some of the most romantic letters in history. For some of these great men, love is a 'delicious poison' (William Congreve); for others, 'a nice soft wife on a sofa with good fire, & books & music' (Charles Darwin). Love can scorch like the heat of the sun (Henry VIII), or penetrate the depths of one's heart like a cooling rain (Flaubert). Every shade of love is here, from the exquisite eloquence of Oscar Wilde and the simple devotion of Robert Browning, to the wonderfully modern misery of the Roman Pliny the Younger, losing himself in work to forget how much he misses his beloved wife, Calpurnia. Taken together, these *Love Letters of Great Men* show that perhaps men haven't changed so very much over the last 2,000 years; passion, jealousy, hope and longing are all represented here - as is the simple pleasure of sending a letter to, and receiving one from, the person you love most.

Filter Bubbles and Targeted Advertising - The New York Times Editorial Staff 2019-07-15

Over a decade ago, tech companies began using algorithms to personalize our experience of the web. Using sophisticated technology and vast amounts of consumer data, companies began to predict our tastes better than we could ourselves. In response, ecommerce expanded, and journalism adapted itself to the personalized attention economy. However, there was a hidden side effect, which Eli Pariser termed "the filter bubble," which is the exclusion of other perspectives from our tech-assisted preferences. Raising many hard questions including data security, political propaganda, and the pervasiveness of digital "junk food," filter bubbles reveal the future challenges of a

personalized, automated web. Features such as media literacy questions and terms enhance this collection, encouraging readers to analyze reporting styles and devices.

The Days of Anna Madrigal - Armistead Maupin 2014-01-21

Inspiration for the Netflix Limited Series, *Tales of the City* The ninth novel in the beloved *Tales of the City* series, Armistead Maupin's best-selling San Francisco saga. *The Days of Anna Madrigal*, the suspenseful, comic, and touching novel, follows one of modern literature's most unforgettable and enduring characters—Anna Madrigal, the legendary transgender landlady of 28 Barbary Lane—as she embarks on a road trip that will take her deep into her past. Now ninety-two, and committed to the notion of "leaving like a lady," Mrs. Madrigal has seemingly found peace with her "logical family" in San Francisco: her devoted young caretaker Jake Greenleaf; her former tenant Brian Hawkins and his daughter Shawna; and Michael Tolliver and Mary Ann Singleton, who have known and loved Anna for nearly four decades. Some members of Anna's family are bound for the otherworldly landscape of Burning Man, the art community in Nevada's Black Rock Desert where 60,000 revelers gather to construct a city designed to last only one week. Anna herself has another destination in mind: a lonely stretch of road outside of Winnemucca where the 16-year-old boy she once was ran away from the whorehouse he called home. With Brian and his beat-up RV, she journeys into the dusty troubled heart of her Depression childhood to unearth a lifetime of secrets and dreams and attend to unfinished business she has long avoided.

The Innocent Man - John Grisham 2010-10-28

"John Grisham's first work of non-fiction, an exploration of small town justice gone terribly awry, is his most extraordinary legal thriller yet. In the major league draft of 1971, the first player chosen from the State of Oklahoma was Ron Williamson. When he signed with the Oakland A's, he said goodbye to his hometown of Ada and left to pursue his dreams of big league glory. Six years later he was back, his dreams broken by a bad arm and bad habits - drinking, drugs and women. He began to show signs of mental illness. Unable to keep a job, he moved in with his

mother and slept 20 hours a day on her sofa. In 1982, a 21 year-old cocktail waitress in Ada named Debra Sue Carter was raped and murdered, and for five years the police could not solve the crime. For reasons that were never clear, they suspected Ron Williamson and his friend Dennis Fritz. The two were finally arrested in 1987 and charged with capital murder. With no physical evidence, the prosecution's case was built on junk science and the testimo"

The Television Will Be Revolutionized, Second Edition - Amanda D. Lotz 2014-09-19

After occupying a central space in American living rooms for the past 50 years, is television, as we've known it, dead? This text examines television at the turn of the 21st century and takes us behind the scenes to explore what is changing, why it's changing, and why these changes matter.

Sex, Death and Resurrection in Altered Carbon - Aldona Kobus 2020-01-28

The 2018 Netflix series *Altered Carbon* is a vital contribution to the cyberpunk renaissance, among such titles as *Snowpiercer* or *Blade Runner 2049*. This collection of new essays answers the question: is this increasing popularity of cyberpunk a sign of recognition of the genre's transgressive aspects, such as a stark critique of capitalism, or is it the opposite--a sign of the genre's failure to successfully criticize modernity? The contributors consider the series as taking on current issues, from a critique of neoliberalism, through the ethical aspects of biotechnology, up to thanatology. They provoke questions about what it means to be human in a world in which death does not exist. Essays evaluate the surging popularity of the series and cyberpunk at large from a variety of critical perspectives, shedding new light on a challenging and inventive series.

Multilingual Fiction Series - Nahuel Ribke 2023-12-01

This book explores the emergence and development of multilingual fiction series, a relatively new phenomenon propelled by the globalization of media industries and the consolidation of streaming platforms as central vectors in the production and consumption of

audiovisual entertainment content. Through a detailed analysis of thriller, sitcom, and drama series, the book proposes an original qualitative and quantitative research methodology for the study of on-screen multilingual encounters, examining the relationship between multilingual speech and genre conventions. The book covers fiction series beyond English-speaking countries: alongside American productions, the analysis covers TV shows from Europe, Latin America, and the Middle East region. This interdisciplinary and original volume will interest scholars and students in film studies and media studies working on global media, as well as communication studies, television studies, sociolinguistics, media and cultural industries, and translation studies.

Summer and the City (The Carrie Diaries, Book 2) - Candace Bushnell 2013-04-25

Meet teenage Carrie Bradshaw as she hits the bright lights, big city of New York for the very first time! Find out how Carrie transforms from country girl to super-cool fashionista in the second explosive *CARRIE DIARIES* novel from the globally bestselling author of *SEX AND THE CITY*.

Quality Tv - Janet Elizabeth McCabe 2007

A Culture of Engagement - Cathleen Kaveny 2016

Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture, as typified by mainline Protestant churches, and defiant rejection of cultural incursions, as witnessed by more sectarian movements such as Mormonism and Hassidism. However, legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility--a culture of engagement--that accommodates and respects tradition. It also recognizes the need to interact with culture to remain relevant and to offer critiques of social, political, legal, and economic practices. Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life, we should use this conflict as an opportunity to come together and to encounter, challenge, contribute to, and correct one

another. Focusing on five broad areas of interest--Law as a Teacher, Religious Liberty and Its Limits, Conversations about Culture, Conversations about Belief, and Cases and Controversies--Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich, constructive, and difficult discussions between moral and cultural traditions. This provocative collection of Kaveny's articles from *Commonweal* magazine, substantially revised and updated from their initial publication, provides astonishing insight into a range of hot-button issues like abortion, assisted suicide, government-sponsored torture, contraception, the Ashley Treatment, capital punishment, and the role of religious faith in a pluralistic society. At turns masterful and inspirational, *A Culture of Engagement* is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life.

Adapting Television Drama - Christopher Hogg 2022-01-01

This book explores adaptation in its various forms in contemporary

television drama. It considers the mechanics of adaptation as an ever-more prevalent form of production, most notably in the reworking of literary sources for television. It also explores the broader process through which the television industry as a whole is currently making necessary adaptations in how it tells stories, especially in relation to important concerns of equality, diversity and inclusion. Offering and analysing 16 original interviews with leading British television producers, writers, directors, production designers, casting directors and actors, and with a particular focus on female and/or minority-ethnic industry perspectives, the book examines some of the key professional and creative approaches behind television adaptations today. The book connects these industry insights to the existing conceptual and critical frameworks of television studies and adaptation studies, illuminating the unique characteristics of television adaptation as a material mode of production, and revealing television itself as an inherently adaptive artform.
