Public Sex/gay Space - Robert Bailey 1999

Male homosexual activity in public and semipublic locations is a central but seldom explored dimension of gay culture around the world. The majority of existing research emphasizes the impersonality of such erotic interaction and underscores the element of danger involved. While never denying the danger of anonymous public sex in the age of AIDS, the contributors to *Public Sex/Gay Space* go beyond narrow moralisms about the need to regulate unsafe sexual practices to discuss the significance of sex in public. William Leap has brought together contributions from such fields as anthropology, sociology, literary criticism, and history to reinvigorate the discussion on this issue, with twelve essays providing a more nuanced portrait of why public sexual activity is such an integral part of gay culture. The authors present rich ethnographic snapshots of male sex in public places--many drawn from interviews with participants or, in some instances, the authors' personal experiences. Contributors investigate a broad cultural spectrum of gay sexual space and activity: in a public park in contemporary Hanoi, at the beachfront community of New York's Fire Island, and in nineteenth-century Amsterdam, for example. They explore issues such as visibility and secrecy, as well as economic status and social class, and interrogate the historical trajectories through which certain locations come to be favored sites for sexual encounters. Together, they offer insight into the ways in which public sex calls into question the very line that divides "public" from "private."

Public Sex Erotica - Fetish Publishing 2014-10-24

Public Sex Erotica: 10 Steamy Public Sex Story Shorts (Erotica Anthologies - Volume 4) In this public sex erotic book, the thrill of having sex in a public setting, combines exhibitionism and voyeurism into 10 steamy public sex stories that are sure to titillate one's kinky imagination. Story 1 - Risque Cinema Story 2 - Roadside Assistance Story 3 - Late Night Trash Run Story 4 - Room Service Story 5 - Cab Ride Story 6 - Dressing Room Story 7 - Pool Side Story 8 - Lunch Hour Story 9 - Parking Garage Story 10 - Coat Check (book excerpt) Elena closed the sliding patio door and took a long gulp of her iced tea before setting the glass down on one of the three patio picnic tables. She walked over to the deep end of the pool and dropped her towel down onto the pool deck as she dipped a foot into the water. The water was probably close to body temperature and its surface rippled gently against the breezes that were coming down from the surrounding mountains. Elena kicked off her sandals as she looked up towards their neighbor's house, and immediately noticed the blinds moving in one of their upper bedroom windows. Elena and Robert's neighbors were a slightly older couple. In their forties, the wife worked as a nurse in town and the husband worked from home doing some consulting work for a major company. Elena had often caught the husband peeking out of their windows at her when she was either taking a swim in the pool or laying out sunbathing. Being a bit of an exhibitionist, Elena didn't mind, and would often either go topless when she swam or sunbathed, or go completely nude. She often envisioned their neighbor masturbating while he peered down at her through the blinds, and she

admittedly positioned herself and strutted her nakedness deliberately as her way of toying and "playing" with him. Feeling a bit of an instigator today, Elena decided to push the envelope of exhibitionism even further. Elena untied her bikini top and tossed it next to her towel on the pool deck before then sliding off her bikini bottom as well. Standing naked on the edge of the pool, Elena noticed the neighbor's blinds move again before opening just a bit wider. She then took her hair out of the ponytail that she had it in and ran her fingers through her long dark blonde hair, as if posing for a photographer who was taking her picture for Playboy. Elena then dove into the deep end of the pool and swam under water the full length of the pool before surfacing on the other end. Coming up out of the water, Elena swept her hair back over her head and took a deep breath of air as she bobbed in the shallow end of the pool. It was all she could do to keep from smiling as she imagined all the carnal things her neighbor was doing behind his blinds next door. Was his hand rubbing against the crotch of his pants as he viewed Elena's naked body? Or, were his pants already down around his ankles pleasuring himself as he watched the show next door? Sex in Public - Eric Naiman 2019-01-15
Sex in Public examines the ideological poetics and the rhetoric of power in the Soviet Union during the 1920s, a period of anxiety over the historical legitimacy of Soviet ideology and Bolshevik power. Drawing on a wide range of sources—Party Congress transcripts, the classics of early Soviet literature, sex education pamphlets, the cinema, crime reports, and early Soviet ventures into popular science—the author seeks to explain the period's preoccupation with crime, disease, and, especially, sex. Using strategies of reading developed by literary scholars, he devotes special care to exploring the role of narrative in authoritative political texts. The book breaks new ground in its attention to the ideological importance of the female body during this important formative stage of Bolshevik rule. Sex in Public provides a fundamentally new history of the New Economic Policy and offers important revisionist readings of many of the fundamental cultural products of the early Soviet period. Perhaps most important, it serves as a model for the sort of interdisciplinary work that is possible when historians take literary and ideology theory seriously and when ideology theorists seek to conform to the standards of documentary rigor traditionally demanded by historians. It thus becomes a study that can be read as both positivistic and postmodern. Eric Naiman is Associate Professor of Russian and Comparative Literature at the University of California, Berkeley. Originally published in 1997. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. How to Have Sex in Public - Marcel Feigel 1994-10

Public City/Public Sex - Andrew Israel Ross 2019-08-08

In the 1800s, urban development efforts modernized Paris and encouraged the creation of brothels, boulevards, cafés, dancehalls, and even public urinals. However, complaints also arose regarding an apparent increase in public sexual activity, and the appearance of "individuals of both sexes with depraved morals" in these spaces. Andrew Israel Ross's illuminating study, *Public City/Public Sex*, chronicles the tension between the embourgeoisement and democratization of urban culture in nineteenth-century Paris and the commercialization and commodification of a public sexual culture, the emergence of new sex districts, as well as the development of gay and lesbian subcultures. *Public City/Public Sex* examines how the notion that male sexual desire required suitable outlets shaped urban policing and development. Ross traces the struggle to control sex in public and argues that it was the very effort to police the city that created new

opportunities for women who sold sex and men who sought sex with other men. Placing public sex at the center of urban history, Ross shows how those who used public spaces played a central role in defining the way the city was understood.

Sex in Public - Lauren Rosewarne 2009-03-26
Despite decades of feminist awareness and activism, women continue to be portrayed in

outdoor advertising in a limited and sexist manner. The fact that in public space audiences are exposed to such images without choice, renders the issue an important public policy concern. Sex in Public utilises a large outdoor advertising data collection to examine the contemporary outdoor advertising landscape, documenting the routine portrayal of women as thin, white, young and idle. This book examines why such portrayals are concerning for feminists as well as for public policy, and explores the advertising self-regulation systems that facilitate the display of such images. This book criticises sexist outdoor advertising as a form of sexual harassment given that imagery often bearing very strong semblance to pin-ups which would be outlawed in a workplace are readily displayed in public space, reflecting a troublesome public policy double standard. Understanding sexist outdoor advertising as a form of sexual harassment is a new framework that Sex in Public offers to understand, critique and condemn such images.

Tearoom Trade - Laud Humphreys 2011-12-31
From the time of its first publication, Tearoom Trade engendered controversy. It was also accorded an unusual amount of praise for a first book on a marginal, intentionally self-effacing population by a previously unknown sociologist. The book was quickly recognized as an important, imaginative, and useful contribution to our understanding of "deviant" sexual activity. Describing impersonal, anonymous sexual encounters in public restrooms—"tearooms" in the argot—the book explored the behavior of men whose closet homosexuality was kept from their families and neighbors. By posing as an initiate, the author was able to engage in systematic observation of homosexual acts in public settings, and later to develop a more complete picture of those involved by interviewing them in their homes, again without revealing their unwitting participation in his study. This enlarged edition of Tearoom Trade includes the original text, together with a retrospect, written by Nicholas von Hoffman, Irving Louis Horowitz, Lee Rainwater, Donald P. Warwick, and Myron Glazer. The material added includes a perspective on the social scientist at work and the ethical problems to which that work may give rise, along with debate by the

book's initial critics and proponents. Humphreys added a postscript and his views on the opinion expressed in the retrospect.
