

Sexual Ethics And The Attack On Traditional Morality

Spheres of Love - Stephen Garrard Post 1994

Post (Case Western Reserve U.) integrates insights from ethics, theology, history, and sociology in this discussion of love within and outside the family. He argues for a new nuclear familialism consistent with justice for women, for a renewal of parental love, and for a moral balance between love i

In God We Trust? - Lewis D. Solomon 2003

Lewis D. Solomon offers a balanced, hardheaded analysis of faith-based organizations, examining what they are, presenting his original 'faith-factor' theory for their effectiveness, and treating the various arguments raised by opponents of faith-based organizations and the new social policy approach, fairly and professionally. This book provides 'reader-friendly' answers to constitutional law questions, empirical studies of effectiveness, and prescriptions for funding and staffing.

Sexual Ethics and the Attack on Traditional Morality - Philip Turner
1988-08-01

God, Marriage, and Family - Andreas J. Köstenberger 2010

This updated edition of Köstenberger and Jones's landmark work tackles the latest debates and cultural challenges to God's plan for marriage and the family and urges a return to a biblical foundation.

Military Medical Ethics, Volume 1 -

The Sexual Person - Todd A. Salzman 2008-05-21

Two principles capture the essence of the official Catholic position on the morality of sexuality: first, that any human genital act must occur within the framework of heterosexual marriage; second, each and every marriage act must remain open to the transmission of life. In this

comprehensive overview of Catholicism and sexuality, theologians Todd A. Salzman and Michael G. Lawler examine and challenge these principles. Remaining firmly within the Catholic tradition, they contend that the church is being inconsistent in its teaching by adopting a dynamic, historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static, classicist anthropology and worldview on sexual ethics. While some documents from Vatican II, like *Gaudium et spes* ("the marital act promotes self-giving by which spouses enrich each other"), gave hope for a renewed understanding of sexuality, the church has not carried out the full implications of this approach. In short, say Salzman and Lawler: emphasize relationships, not acts, and recognize Christianity's historically and culturally conditioned understanding of human sexuality. *The Sexual Person* draws historically, methodologically, and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage, cohabitation, homosexuality, reproductive technologies, and what it means to be human. This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians, and between theologians and the Magisterium.

The Genius of John Paul II - Richard A. Spinello 2006-11-08

In this exciting new book, renowned ethicist Richard Spinello offers the first comprehensive presentation of the late John Paul II's great moral vision. Here admirers may read and understand the essential teachings of the pope in his own words as Spinello draws on his extensive research into John Paul II's writings and talks. Subjects covered include reverence for life, concern for the poor and suffering, moral law, conscience, moral

choice, intrinsically evil acts, freedom, and goodness. The purpose of this book is two-fold: it not only persuasively presents the late pope's vital teachings, but also defends them against his critics. This important new work preserves and promotes the extraordinary legacy of John Paul II by focusing on his championing of universal human dignity and objective moral truths.

Sexuality and Medicine - E.E. Shelp 2012-12-06

It may be unnecessary to some to publish a text on sexuality in 1986 since the popular press speaks of the sexual revolution as if it were over and was possibly a mistake. Some people characterize society as too sexually obsessed, and there is an undercurrent of desire for a return to a supposedly simpler and happier time when sex was not openly discussed, displayed, taught or even, presumed, contemplated. Indeed, we are experiencing something of a backlash against open sexuality and sexual liberation. For example, during the '60s and '70s tolerance of homosexual persons and homosexuality increased. Of late there has been a conservative backlash against gay-rights laws. Sexual intercourse before marriage, which had been considered healthy and good, has been, of late, characterized as promiscuous. In fact, numerous articles have appeared about the growing popularity of sexual abstinence. There is a renewed vigor in the fight against sex education in the schools, and an 'anti-pornography' battle being waged by those on the right and those on the left who organize under the guise of such worthy goals as deterring child abuse and rape, but who are basically uncomfortable with diverse expressions of sexuality. One would hope that such trends, and the ignorance about sex and sexuality that they reflect, would not touch medical professionals. That Dr.

Natural Law Theory - Robert P. George 1994

This volume presents twelve original essays by contemporary natural law theorists and their critics. Natural law theory is enjoying a revival of interest today in a variety of disciplines, including law, philosophy, political science, and theology and religious studies. These essays offer readers a sense of the lively contemporary debate among natural law theorists of different schools, as well as between natural law theorists

and their critics.

The Homosexuality Debate - Catherine Sider Hamilton 2003

A collection of essays from lay and clergy alike (including Archbishop Rowan Williams), exploring how we understand homosexuality, our faith, scripture, and the relationship between the church, our culture, and the world. (ABC).

Sexuality and Medicine: Ethical viewpoints in transition - Earl E. Shelp 1987

V. 1. Conceptual roots. -- v. 2. Ethical viewpoints in transition.

Sexual Desire - Roger Scruton 1986

A philosophical consideration of human sexuality covers arousal, desire, love, chastity, modesty, homosexuality, masturbation, incest, perversion, social customs, and sexual ethics.

Men and Women - Ann Belford Ulanov 1989

These essays from a variety of authors address issues of sexuality in modern lives, including the roles of men and women, friendship, the single life, temporary relationships, and marriage.

Sexual Morality in Ancient Rome - Rebecca Langlands 2006-05-25

A 2006 study of Roman sexuality and sexual ethics focusing on the crucial and unsettled concept of pudicitia.

Enquiries Into Religion and Culture (The Works of Christopher Dawson) - Christopher Dawson 2009

Reflects on the relations of faith and culture. This book explores the contact between the spiritual life of the individual and the social and economic organization of modern culture. It focuses on the passing of industrialism, Catholic understanding of the human person, Islamic mysticism, and a Christian account of sexuality.

Moral Leadership in a Postmodern Age - Robin Gill 1997-01-01

Robin Gill examines the issues that connect faith and moral leadership in an increasingly fragmented and relativistic world.

Sexual Ethics - Todd A. Salzman 2012-05-18

Two principles capture the essence of the Catholic tradition on sexual ethics: that each and every marriage act must remain open to the transmission of life, and that any human genital act must occur within

the framework of marriage. In the Catholic tradition, moral sexual activity is institutionalized within the confines of marriage and procreation, and sexual morality is marital morality. But theologians Todd Salzman and Michael Lawler contend that there is a disconnect between many of the Church's absolute sexual norms and other theological and intellectual developments explicitly recognized and endorsed in the Catholic tradition, especially since the Second Vatican Council. These developments include the shift from a primary static worldview to a historically conscious worldview, one that recognizes reality as dynamic, evolving, changing, and particular. By employing such a historically conscious worldview, alternative claims about the moral legitimacy of controversial topics such as contraception, artificial reproduction, and homosexual marriage can faithfully emerge within a Catholic context. Convinced of the central role that love, desire, and fertility play in a human life, and also in the life of Christian discipleship, the authors propose an understanding of sexuality that leads to the enhancement of human sexual relationships and flourishing. This comprehensive introduction to Catholic sexual ethics—complete with thought-provoking study questions at the end of each chapter—will be sure to stimulate dialogue about sexual morality between Catholic laity, theologians, and the hierarchy. Anyone seeking a credible and informed Catholic sexual ethic will welcome this potentially revolutionary book.

Guide for the Christian Perplexed - Thomas P. Power 2012-01-13

Thoughtful Christians are legitimately perplexed by a number of issues relating to the church's belief and practice. They are perplexed partly because they recognize that the issues themselves are thorny, and partly because they are not sure how to test the mutually inconsistent theories and explanations affirmed by diverse voices speaking with equal assurance. Most Christians find relatively little occasion or encouragement to address their perplexities with intellectual candor and integrity. If they dare to acknowledge their theological perplexities at all,

they are too often told that these perplexities are unimportant, or that they can be answered very simply, or that they should be left to the experts. *Guide for the Christian Perplexed*, written by members of the faculty of Wycliffe College, Toronto, aims to explore a diversity of issues and questions to do with our knowledge of Jesus the meaning of suffering the function of doctrine the understanding of Scripture the place of other religions the challenge of atheism the pleasures and complications of sexuality the nature of worship the way to evangelize our understanding who our neighbor is locally and globally the diversities of spirituality Here you will find thoughtful reflections and answers to the questions around these issues. A study guide is included for individual and group use.

Making Love Just - Marvin M. Ellison 2012

"These days sexual sin is far less about sex and far more about the misuse of power and exploitation of vulnerability. It's time to redraw the ethical map. But how should a contemporary Christian ethic of sexuality be formulated? Marvin Ellison, a pioneer in contemporary Christian rethinking of sexuality and sexual ethics, uses a series of provocative questions to increase readers' skills and confidence for engaging in ethical deliberation about sexuality. Students and all adults will welcome this book for enabling their personal clarity, approach to relationships, and mindful participation in respectful moral debate." -- Publisher description.

True Sexual Morality - Daniel R. Heimbach 2004-11-09

Daniel Heimbach examines the biblical teachings on sexual morality as well as four counterfeit views that have crept into our "sexually revolutionized" society. He gives us an in-depth look at the moral relativism that has spread through our culture and opens our eyes to the effects that nonbiblical sexual choices have on individuals, the family, the church, and the culture.
