The Kama Sutra of Vatsyayana - Vatsyayana 2021-08-29

The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on sexuality and emotional needs. Vatsayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love, and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraj. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in the Burton translation, women's words are removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of

Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

Looking for tips to spice up your sex life? Do you want to improve your relationship with your partner? Then keep reading... When it comes to the subject of sexual positions, the first thing that comes to mind is penetrative. Experimenting a little can, however, make a massive difference in your sex life. Be it adding dildos, lubricants, or even a bowl

of fresh grapes, and molten chocolate can make the whole difference. When you change your mindset and address this topic of sexual positions from a different point of view, you can be able to achieve sensations that are way above their normal levels. A good example would be to make sure that you have set the lady's clitoris in such a manner that it cannot be missed; or if you have a lady who is more of the sensitive kind, an indirect stimulation will perform the magic. There are many books out there that claim to guide you on how you can improve your sex lives, the most; however, that they are only able to offer is a whole lot of portrayals and images; similar to a comic book. Other books and also pornographic films and other such materials, they tend to lean on more on the areas where people lack. They tend taking advantage of and consequently eroding people's self-worth and also sexual worth. These books mainly focus on the power of communication and taking advantage of our brainpower and emotions to achieve sexual pleasure and satisfaction. The aspect of this book that makes it different from the rest that it has approached the sex position guide from an angle different from the rest. You will learn how to use the power of imagination to your advantage to achieve quality orgasms. * How to achieve the proper sexual health and the importance of sex in anyone's life. Here, you will get to understand the importance of respecting your sexual partner and also treat them as equal partners. * And much, much more! Even if you are a beginner, here you will find several techniques to apply immediately, and in a short time you will master the art of sex.
