Sexual Radiance - Susan Taylor (Ph. D.) 1998

Sexual Radiance is the first book to feature a step-by-step 21-day program that incorporates the latest findings from scientific research with simple techniques derived from tantric yoga in order to open up the lower chakras and increase the flow of sexual energy. By following Dr. Taylor's program of nutrition, exercise, and breathwork in Sexual Radiance, readers can achieve a more profound level of sexual fulfillment and a healthier life.

Making Life Easy - Christiane Northrup, M.D. 2018-01-23

You know Dr. Christiane Northrup as the best-selling author of books such as Women's Bodies, Women's Wisdom and The Wisdom of Menopause—a beloved and trusted expert on everything that can go right with the female body. Now she brings her wisdom and insight to illuminate the mind, soul, and spirit as well. In this joyfully encouraging new book—as useful for men as it is for women—Dr. Northrup explores the essential truth that has guided her ever since medical school: our bodies, minds, and souls are profoundly intertwined. Making life flow with ease, and truly feeling your best, is about far more than physical health; it's also about having a healthy emotional life and a robust spiritual life. When you view your physical well-being in isolation, life can become a constant battle to make your body “behave.” When you acknowledge the deep connection between your beliefs and your biology and start to tune in to the Divine part of yourself, it's a whole new ballgame—and the first step in truly making your life easy. Take your well-being into your own hands as you learn to:

- Untie the knots of blame and guilt that harm your health
- Use sexual energy consciously to

increase vitality • Balance your microbiome through healthy eating • Cultivate a healthy ego that serves you (not vice versa) • Communicate directly with the Divine • And much more Drawing on fields from epigenetics to past-life regression to standard Western medicine, Dr. Northrup distills a brilliant career's worth of wisdom into one comprehensive user's guide to a healthy, happy, radiant life.

Imperial Leather - Anne McClintock 2013-10-01

Imperial Leather chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex relationships between race and sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.

The Thing About Life Is That One Day You'll Be Dead - David Shields 2011-03-03

Weaving together personal anecdote, biological fact, philosophical doubt, cultural criticism, and the wisdom of an eclectic range of writers and thinkers - from Lucretius to Woody Allen - Shields expertly renders both a hilarious family portrait and a truly resonant meditation on mortality.

Sex and Eroticism in Mesopotamian Literature - Dr Gwendolyn Leick 2013-01-11

Sex and Eroticism in Mesopotamian Literature is a new contribution to current debates about sex and eroticism. It gives an insight into Mesopotamian attitudes to sexuality by examining the oldest preserved written evidence on the subject - the Sumero-Akkadian cuneiform sources - which were written between the 21st and the 5th centuries B.C. Using these long-neglected and often astonishing data, Gwendolyn Leick is able to analyse Mesopotamian views of prostitution, love magic and deviant sexual behaviour as well as more general issues of sexuality and gender. This fascinating book sheds light on the sexual culture of one of the earliest literate civilisations.

Women Writers and Old Age in Great Britain, 1750-1850 - Devoney Looser 2008-08-01

This groundbreaking study explores the later lives and late-life writings of more than two dozen British women authors active during the long eighteenth century. Drawing on biographical materials, literary texts, and reception histories, Devoney Looser finds that far from fading into moribund old age, female literary greats such as Anna Letitia Barbauld, Frances Burney, Maria Edgeworth, Catharine Macaulay, Hester Lynch Piozzi, and Jane Porter toiled for decades after they achieved acclaim -- despite seemingly concerted attempts by literary gatekeepers to marginalize their later contributions. Though these remarkable women

wrote and published well into old age, Looser sees in their late careers the necessity of choosing among several different paths. These included receding into the background as authors of "classics," adapting to grandmotherly standards of behavior, attempting to reshape masculinized conceptions of aged wisdom, or trying to create entirely new categories for older women writers. In assessing how these writers affected and were affected by the culture in which they lived, and in examining their varied reactions to the prospect of aging, Looser constructs careful portraits of each of her Subjects and explains why many turned toward retrospection in their later works. In illuminating the powerful and often poorly recognized legacy of the British women writers who spurred a marketplace revolution in their earlier years only to find unanticipated barriers to acceptance in later life, Looser opens up new scholarly territory in the burgeoning field of feminist age studies.

Goddesses Never Age - Christiane Northrup, M.D. 2016-12-13

THE NEW YORK TIMES BESTSELLER! Though we talk about wanting to "age gracefully," the truth is that when it comes to getting older, we're programmed to dread an inevitable decline: in our health, our looks, our sexual relationships, even the pleasure we take in living life. But as Christiane Northrup, M.D., shows us in this profoundly empowering book, we have it in us to make growing older an entirely different experience, both for our bodies and for our souls. In chapters that blend personal stories and practical exercises with the latest research on

health and aging, Dr. Northrup lays out the principles of ageless living, from rejecting processed foods to releasing stuck emotions, from embracing our sensuality to connecting deeply with our Divine Source. Explaining that the state of our health is dictated far more by our beliefs than by our biology, she works to shift our perceptions about getting older and show us what we are entitled to expect from our later years—no matter what our culture tries to teach us to the contrary—including: · Vibrant good health · A fulfilling sex life · The capacity to love without losing ourselves · The ability to move our bodies with ease and pleasure · Clarity and authenticity in all our relationships—especially the one we have with ourselves "Taking all the right supplements and pills, or getting the right procedure done, isn't the prescription for anti-aging," Dr. Northrup explains. "Agelessness is all about vitality, the creative force that gives birth to new life." *Goddesses Never Age* is filled with tools and inspiration for bringing vitality and vibrancy into your own ageless years—and it all comes together in Dr. Northrup's 14-day Ageless Goddess Program, your personal prescription for creating a healthful, soulful, joyful new way of being at any stage of life.
