Auctioned Mia Ford 2017-04-19 She's broken and scared. She thinks it is easy to walk away. What she doesn't know is how HARD those curves are making me. Her seductive eyes lock with mine and its GAME OVER. It's decided. I am buying her V-card today. The problem: Seems like I wanna spend more than one night with her. This is my first time participating into this kinda thing. There must be a reason they call it - THE V*RGIN AUCTION. I am really not the kind to get into relationships. Relationships are....let's say complicated. I would rather have the girl at my mercy, begging for more and screaming my name tied on to my bed. And then I walk away - always. I never f*ck the same woman twice. But she seems to be different. Those s*xy eyes, tiny waist and breathtaking curves make me break all my rules. I want to own her pleasure - forever. But first I have to win her trust. They say relationship is not a bad thing after all, is it?

Culture and the Condom Karen Anijar 2005 In the last decade of the twentieth century, the «safe sex» message - advocating the use of condoms to prevent pregnancy and curb the spread of AIDS and other sexually transmitted diseases - has endured relentless attacks by conservative religious groups who seek to instill doubt and promote an abstinence-only theme in American public schools. The essays in this book provide a stimulating historical and cultural inquiry into the multiplicity of meanings attributed to one prophylactic: the condom. Given the vast array of sexual attitudes toward condom usage within American culture and around the world, *Culture and the Condom* will provoke readers into examining significant dominant discourses and alternative perspectives by viewing condoms through the lens of cinematic and television imagery, artistic representations, statistical analyses, commercial advertising, and animation.

Sex and Punishment Eric Berkowitz 2013-03-04 *Sex and Punishment* tells the story of the struggle throughout millennia to regulate the most powerful engine of human behaviour: sex. From the savage impalement of an Ancient Mesopotamian adulteress to the imprisonment of Oscar Wilde for 'gross indecency' in 1895, Eric Berkowitz evokes the entire sweep of Western sex law. 'I don't think I've ever read such an entertaining historical work. Whether you want to fuel your indignation, or simply furnish yourself with enough jaw-dropping data to galvanise a hundred party conversations, you really must shell out for this book. It's worth every penny.' Nicholas Lezard, *Guardian* 'A wonderful exposure of the illogicality of so much legislation that attempts to regulate sexual activity ... from the age of consent to adultery and sex on college campuses.' Mary Beard 'A fascinating and gruesomely compelling study of human sexuality' *Mail on Sunday* 'Eric Berkowitz's cross-examination of human sexuality is both exciting and impressively relentless.' *Sunday Times* 'Stimulating ... Berkowitz has achieved a perfect balance between case study and analysis, and between narrative and reflection. ... This is a wonderfully well-written, well-organised and accomplished book.' Sarah Wheeler, *Literary Review* The cast of *Sex and Punishment* is as varied as the forms taken by human desire itself: royal mistresses, gay charioteers, medieval transvestites, lonely goat-lovers, prostitutes of all stripes and London rent boys. Each of them had forbidden sex, and each was judged - and justice, as Berkowitz shows - rarely had anything to do with it.

Lesbian Eliza Duncan 2016-09-28 Download for FREE with Kindle Unlimited This is a 8,000 words CLEAN stand-alone story with an HEA, so no cliff-hangers! Denise and her son were never close until he was an adult. They have finally built a close relationship now that he is in college. She decides that it is time to tell him why she and his father got a divorce: she is gay. Myrtle doesn't get along with her mother. Her mother is a born again christian who does not approve of her "lifestyle." When her mother brings a "former homosexual" to talk to her, it's the last straw. She runs away from home and runs into...Adam. He takes her into his dorm room and takes care of her. She pretends to like him so that she can stick around. But something goes wrong when she meets his mother and is hopelessly attracted to her. ----- EXCERPT FROM BOOK This was something like twentieth of these dinners that she and Adam had taken part in, but it didn't make Denise less nervous for this particular dinner. This one was going to be different. She had made up her mind. She was going to share something with her son that she had not been able to come to terms with for herself until she was nearly forty years old. It was kind of a big deal. She felt that her relationship with Adam had progressed to the point where she felt comfortable sharing that kind of information with him. Of course, she knew that it was always possible for him to take it poorly, to be angry, frustrated or upset. She knew that was not just a possibility, but often a distinct possibility in these types of situations. She had done this before. Just not with her son. She pulled into the university's guest parking lot and shut off her car. She stayed for a moment with the car running, just sitting there with her eyes closed, taking deep breaths. She was forty five and still having trouble. It never got any easier for her. She passed people on the street sometimes, or saw them on television, or heard them on the radio...and she was jealous of how easy it was for them to claim what they were. They not only claimed it, but were proud of it. Even at her age, Denise can mostly be said to have come to terms with it. She had never participated in a parade or a march or anything like that. She told herself it was because she was a private person, didn't like to share too much with other people. But that wasn't the truth. The truth was that she was still a little bit ashamed. She was a part of a generation that had not accepted her, and she was still letting that define who she was. AUTHOR'S NOTE: This is a 8,000 words stand-alone story with an HEA, so no cliff-hangers! Story contains mature themes and language, and is intended for 18+ readers only.

Sexuality in Adolescence Susan M. Moore 2007-01-24 *Sexuality in Adolescence* considers the latest theory and research on adolescent development, focusing on sexuality as a vital aspect of normal, healthy maturation. Biological changes are discussed within a social context, and the latest research is presented on key issues of our time, including changes in teenage sexual behaviours and beliefs, sexual risk-taking, body dissatisfaction, sex education, teen pregnancy and abortion. Susan Moore and Doreen Rosenthal explore the roles of parents, peers, the media, social institutions and youth culture in adolescent sexual adjustment. This volume covers topical issues ranging from the role of the internet in adolescent romance to the pros and cons of abstinence education versus harm minimization. Issues, such as whether there are male-female differences in desire, sexuality, motives for sex, and beliefs about romance are examined, along with the question of whether a sexual double standard still exists. Maladaptive aspects of sexual development, including sexual risk-taking, disease, unplanned pregnancy, and sexual coercion are also covered. This fully revised and updated second edition also addresses the crucial issues of: sexual minority adolescents the social determinants of adolescent sexuality sexual health as opposed to sexual illness. This book aims to promote sexual well-being, and argues for the importance of the adolescent period as a time for engendering healthy sexual attitudes and practices. It will be valuable reading for students in the social and behavioural sciences interested in adolescent development and the topic of sexuality, and for professionals working with young people.

The End of Love Eva Illouz 2021-09-15 Western culture has endlessly represented the ways in which love miraculously erupts in people's lives, the mythical moment in which one knows someone is destined for us, the feverish waiting for a phone call or an email, the thrill that runs down our spine at the mere thought of him or her. Yet, a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love, where we fall out of love, when the one who kept us awake at night now leaves us indifferent, or when we hurry away from those who excited us a few months or even a few hours before. In *The End of Love*, Eva Illouz documents the multifarious ways in which relationships end. She argues that if modern love was once marked by the freedom to enter sexual and emotional bonds according to one's will and choice, contemporary love has now become characterized by practices of non-choice, the freedom to withdraw from relationships. Illouz dubs this process by which relationships fade, evaporate, dissolve, and break down "unloving." While sociology has classically focused on the formation of social bonds, *The End of Love* makes a powerful case for studying why and how social bonds collapse and dissolve. Particularly striking is the role that capitalism plays in practices of non-choice and "unloving." The unmaking of social bonds, she argues, is connected to contemporary capitalism which is characterized by practices of non-commitment and non-choice, practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties. Unloving and non-choice have in turn a profound impact on society and economics as they explain why people may be having fewer children, increasingly living alone, and having less sex. *The End of Love* presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism.

Sex Work and Female Self-Empowerment Stephanie Hunter Jones 2016-03-31 Prior research has tended to mirror popular representations of the female sex worker as a morally flawed individual and a victim of circumstances beyond her control. Sex Work and Female Self-Empowerment presents a fresh perspective on "the world's oldest profession" by considering the relationship between sex work and female self-empowerment from a variety of disciplinary and practical perspectives and presenting new data derived from the author's study of six self-employed indoor female sex workers (IFSWs). Informed by the author's training in clinical psychology and human sexuality studies and her more than fifteen years of involvement in the sex work profession, this book extends beyond social stereotyping and stigmatization and presents a more balanced view of the identities and aspirations of sex workers in contemporary society.

Sex and the Soul, Updated Edition Donna Freitas 2015 First published in 2008, Donna Freitas's Sex and the Soul revealed what college students -- at institutions large and small, public and private, secular, Catholic, and evangelical -- really think about sex, dating, religion, and spirituality. Based on face-to-face interviews with students across the country, Sex and the Soul achieved national acclaim, illuminating the as-yet-unexplored struggles of college students navigating the lines of faith and sexuality. Now, in this updated edition, Freitas reflects on the hundreds of conversations she has had with students since the book was first published in an all-new afterword, and offers practical advice for young people struggling with issues of sex and spirituality and for the adults giving them guidance.

Campus Life in the Movies John E. Conklin 2014-01-10 Hollywood films have presented audiences with stories of campus life for nearly a century, shaping popular perceptions of our colleges and universities and the students who attend them. These depictions of campus life have even altered the attitudes of the students themselves, serving as both a mirror of and a model for behavior. One can only imagine how many high school seniors enter college today with the hopes of living the proverbial Animal House or PCU Greek experience, or how many have worried over the SAT and college admissions after watching more recent movies like 2004's The Perfect Score. This book explores themes of college life in 681 live-action, theatrically released, feature-length films set in the United States and released from 1915 through 2006, evaluating how these movies both reflected and distorted the reality of undergraduate life. Topics include college admissions, the freshman experience, academic work, professor-student relations, student romance, fraternity and sorority life, sports, political activism, and other extracurricular activities. The book also includes a complete filmography and 66 illustrations.

The Oxford Handbook of the History of Youth Culture James Marten 2023 "Youth culture is not an invention of 20th-century movies and television; youth have been forming their own cultures from the moment they were given space to invent their own ways of relating to one another and to their parents and communities. Taking a global approach and beginning in early modern Europe, the essays in the Oxford Handbook of the History of Youth Culture provide broadly contextualized case studies of the ways in which the meanings and expressions of both "youth" and "culture" have evolved through time and space. The authors show that youth culture has been shaped by geography, ethnicity, class, gender, faith, technology, and myriad other factors. Examining subjects ranging from monastic schools to online communities, from enslaved youth in the Caribbean to Indigenous students at government sanctioned boarding schools, from youthful entrepreneurs to youthful activists, from war to sexuality, and from art to literature, the essays show that there have been many youth cultures. Throughout, authors emphasize the ways in which the idea of youth culture could become contested terrain-between youth and their families, their communities, and the culture at large-as well as the importance of youth agency in carving out separate lives. Among the tensions explored are the struggle between control and independence, as well as the explicit and implicit differences between male and female constructions of youth culture"--

Fictional International Relations Sungju Park-Kang 2014-06-05 This book proposes the idea of fictional International Relations (IR) and engages with feminist IR by contextualising the case of a woman spy in Korea in the Cold War. Fictional imagination and feminist IR encourage one to go beyond conventional or standard ways of thinking; it reshapes taken-for-granted interpretations and assumptions. This takes the view that a dominant narrative of events might be reconstructed as a different kind of story, once events are placed within a wider temporal approach. The case of the woman Korean secret agent- who reportedly bombed a South Korean plane (Korean Airlines (KAL) Flight 858) under the instruction from the North Korean leadership to disrupt the Seoul Olympic Games- is chosen to serve as an effective example of fictional IR and feminist IR scholarship, which can be investigated through the research puzzles concerning gender, pain and truth. Fictional International Relations has three main objectives. First, it investigates the way in which fiction-writing can become a method for dealing with data problems and contingency in IR. Second, the book examines how gender, pain and truth operate or interact in the case of the Korean spy and how this observation can strengthen feminist IR in terms of intersectionality. Finally, the author goes on to explore why this case has been so difficult to study openly and thoroughly. The aim of the book is not to refute the official findings; the point is to unpack complex dynamics surrounding truth—more specifically how the official account has been executed as 'the' truth—based on a feminist-informed investigation. This book will be of interest to students of IR theory, critical security studies, Cold War studies, gender studies and Asian studies.
