**Creating Miracles** - Carolyn G. Miller, PhD 2011-02-08  
Miracles Can Happen to You!  
We normally use the term “miraculous” to describe dramatic, larger-than-life events, but not all miracles are out of this world. Ordinary miracles — surprising positive occurrences, such as surviving a horrible automobile accident or finding our soul mate — can happen in our everyday lives. A scientist as well as a student of metaphysics, Dr. Carolyn Miller has spent more than twenty-five years researching the elements that are common in real-life miracles. She has discovered that ordinary people often survive impending disaster by entering a serene state of consciousness and following inner guidance. In

Creating Miracles, Dr. Miller shares specific suggestions and techniques, such as tapping into our intuition and disarming our ego, for cultivating a state of miracle-readiness in our lives. Through the true stories and amazing experiences she relates in this book, she demonstrates that miracles are real and that accessing them requires only that we follow some clear and simple steps.

international phenomenon.

Now with a new preface and a new chapter filled with book-inspired success stories, this book shows finding true love is possible for anyone at any age if you are willing to prepare yourself, on all levels, to become a magnet for love.

Arielle Ford knows this from experience. She used the techniques in this book to bring her soulmate into her life at age forty-four. They were engaged three weeks later. This ancient formula reveals that our universe is set up to deliver the people and things into our lives that are consistent with our personal belief system. If you don't believe you will ever find the One, then guess what? You probably won't. If, however, you learn to believe that the One is not only out there but is also looking for you, then true love can be yours. Using a series of processes called feelingizations—feeling in every cell of your being the outcome you want to create—Ford reveals how to manifest the man or woman of

~~your dreams. The techniques,~~  
rituals, and projects found within these pages will allow you to prepare your home, body, mind, and spirit for the lover your heart truly desires.

### Way of the Peaceful Warrior

- Dan Millman 2009-04

More and more people are "waking up" spiritually. And for most of them, the question becomes: now what?

"Information about life after awakening is usually not made public," explains Adyashanti.

"It's most often shared only between teachers and their students." The End of Your World is his response to a growing need for direction on the spiritual path. Consider the book you hold in your hands Adyashanti's personal welcome to "a new world, a state of oneness."

*Soulmates* - Carolyn Godschild Miller 2010-09-07

In her lively and conversational style, Carolyn Miller takes a high-spirited, unsentimental, in-depth look at what a soulmate is and how to connect with that special person.

Sharing her own quest and that of dozens of other couples for a meant-to-be relationship, she uses true and extraordinary stories to illustrate what she means by inner guidance.

Contrary to popular belief, soulmate couples do not usually recognize each other at first glance: When Roma was but eight years old, she risked her life daily by bringing food to Herman, who was interred in a Nazi concentration camp. They later met repeatedly while both lived in Israel, but it

was not until nine years later that they met in New York and recognized that they were soulmates. Karen, a beautiful and successful pop singer, met Pat by handing him her card as she passed him in the street and asking him to "call me." They became fast friends, but neither felt that they were "right for each other." It was only after they put aside their preconceived ideas of what their ideal partner would be like that they became soulmates. Pedro and Elizabeth first met as they passed one another in a psychiatrist's office. Their therapist felt that they had a past-life connection but ethically could do nothing to bring them together. They met again while waiting for a plane, and discovered they

were soulmates. Each chapter ends with guidelines for actualizing a soulmate relationship, which provide a practical aid to the reader who wishes to find his or her own "relationship made in heaven."
